Virtual Town Hall This Friday

Rapidly evolving and searching for an effective platform to communicate with Mason’s students, faculty, and staff during this time of COVID-19, the university will hold a virtual town hall on Friday, April 17, from 10:30 – 11:30 a.m. Interim President, Dr. Francisco Rodriguez, and Provost, Dr. Peter Seshaiyer, will be joined by University Life committee members.

Participants will have the opportunity to submit questions to President Rodriguez and Provost Seshaiyer. In addition, participants will be able to submit comments through an interactive CoMap survey. This survey allows users to place icons on their favorite open spaces, work spaces, study spaces, eating spots, etc. Users can also draw their typical routes to/from and through the campuses, which will be used to inform the university’s short-term and long-term facility utilization.

The survey will open at 9:00 a.m. on Friday, April 17 and will remain live until 4:15 p.m. via WebEx. Links will be posted to the university’s COVID-19 Information website. Until further notice, meetings are being held virtually.

The first Virtual Town Hall was held on Friday, April 3, and was co-chaired by Dr. Seshaiyer and Dr. Carol Kissal. The university will hold a virtual town hall every Friday from 10:30 – 11:30 a.m. Additional dates are to be announced.

Please fill out the survey and the CoMap survey as quickly as possible.

Due to the rapidly changing situation with COVID-19 and the number of messages which need to be read, we are pulling back on the number of announcements we are posting. However, we will continue to offer regularly scheduled updates as they become available.

We know this is a very challenging time for all of us. Our university community is responding to these changes with creativity, with compassion, with flexibility, and with concern for the safety and health of everyone. We will continue to work together as a community to get through this difficult period and emerge stronger for the future.

Pam Shepherd
