April 28, 2020

SUBJECT: Fall Registration to Begin May 1, Summer Registration Ongoing

Dear Patriots,

We hope you are healthy, safe and well.

We are pleased to announce that registration for the fall 2020 semester begins this Friday, May 1. Your registration time will be e-mailed directly to you from the Office of the University Registrar.

We know that many of you have questions about the fall semester. University leadership continues to monitor the health crisis and is considering the best options for how classes will be delivered this fall, with the safety of the university community as our main priority.

At the same time, we remain committed to ensuring you stay on track. Therefore, we encourage you to work with your academic advisor now to register for the classes that will advance your progress toward degree completion. If you need to change your schedule after these decisions are made, you will be able to update your registration.

As options are considered for fall 2020 semester classes, know that the university will keep you informed about plans and any possible adjustments that may be necessitated by the COVID-19 crisis and guidance provided by public health officials or directives by the Commonwealth of Virginia. Please check the university’s coronavirus information page for updates.

We are all adjusting and adapting to the implications of COVID-19. At Mason, our foremost concern is your health, safety and well-being. The university is committed to supporting you, your learning and your continued academic and professional development.

Sincerely,

Mark R. Ginsberg
Interim Provost and Executive Vice President

Doug McKenna
University Registrar
