

LESSON 6

Dreaming the Impossible

God is Limitless

Don't limit God to your understanding of what's possible.

- > When you limit God, you cheapen the sacrifice made at the Cross.

If you can see it – you can have it.

- > What you focus on is what gets produced in your life.
- > You build faith for specific things when you begin to see them in the Spirit.
- > Your limited or unbelief in the possibility for something will become discontentment after a season of seeing it in the Spirit.
