[#1: Automated Enrollment] Admins register parents & send SMS link.

Subject: Welcome to Carpool.School: Your [School Name] Carpool Account is Ready!

[School Name] is excited to introduce carpool.school, an app designed to help families connect and organize carpools for easier, safer, and more efficient school commutes.

How to Get Started:

To make things simple, your carpool.school account has already been created for you. All you need to do is complete your registration.

Registration Process:

- You will receive a unique sign-up link via SMS on your mobile phone.
- Click the link in the SMS to review and agree to the End User License Agreement.
- Set your password and complete your profile.
- Once your profile is set up, you can start sharing your child's pickup/dropoff information and after-school activities to connect with nearby families who have similar needs.

Benefits of Joining:

- Reduce traffic congestion and help the environment by reducing the number of cars on the road.
- Lower transportation costs by sharing rides with other families.
- Reduce the hassle of arranging drop-offs and pick-ups around ever-changing extracurricular schedules.
- Build community connections and foster friendships among students and parents.

Questions?

For technical or app-related questions, please contact support@carpool.school. For any other questions, please reach out to [School Administrator Email].

We hope you'll take advantage of this opportunity to make school commutes easier and strengthen our school community!

Sincerely,

[School Administrator Name & Title]
