Prayer for Pastors and Elders

Let the elders who rule well be considered worthy of double honor, especially those who labor in preaching and teaching. **1 Timothy 5:17 ESV**

1. Thank you for our Pastors and Elders who lead the church. Bless and protect them on every level: spirit, soul, and body.
2. Give them heavenly wisdom as they evaluate the past, plan in the present, and prepare for the future.
3. Strengthen their relationship with you and with each other as you lead them into paths of righteousness for the glory your name, Jesus!

4. Deliver them from the tyranny of the urgent and the seemingly unfinished work of the church. Grant them a sense of fulfillment and the personal joy of Jesus!
5. We pray for the favor of the Lord, the authority of the Lord, and for the harvest of the Lord to belong to our pastors and elders. Teach us to do our part in helping, serving, giving, teaching, loving, or any other area where there is a need.
