

CTBUH 2025

INTERNATIONAL CONFERENCE

Toronto • 6—9 October

THE COUNCIL ON TALL BUILDINGS AND URBAN HABITAT

ADVANCING SUSTAINABLE VERTICAL URBANISM

CTBUH is the world's **leading nonprofit** for all those interested in the **future of cities**.

We explore how **increased urban density** and **vertical growth** can support **more sustainable** and **healthy cities**, especially in the face of **mass urbanization** and the effects of **climate change**.

CTBUH IS

- **A multi-disciplinary, global leader of dialogue and exchange**
- **A collaborative platform** bringing together professionals, academics, and industry shareholders to share cutting edge research and best practices in high-rise development and urban planning
- **A provider of comprehensive information, research, and learning opportunities**
- **An advocate** committed to promoting sustainability and innovative practices
- **Focused on the future of urban habitats**, advocating vertical urbanism as a solution to contemporary urban challenges

A Global Platform for Vertical Urbanism

There's no better time, or place, than Toronto in 2025 to convene the world's leaders in vertical urbanism.

As the fastest-growing city in North America, Toronto is reshaping what smart, inclusive urban transformation looks like. **With more than 400 tall buildings already completed and hundreds more in progress, it stands at the forefront of vertical growth, integrated transit, and people-first design.** This makes Toronto the ideal setting for the CTBUH 2025 International Conference: *From the Ground Up: Tall Buildings and City-Making*.

From October 6 to 9, owners, investors, architects, engineers, investors, and city leaders will gather to share ideas, learn from global best practices, and explore the next generation of tall buildings and urban habitats. The program will examine how buildings contribute to vibrant, livable cities—**starting with the ground floor and extending to the skyline.**

WORKSHOPS

DAY 1: TECHNICAL WORKSHOPS

Integrated within Day 1 of the core conference (Monday, 6 October), workshops focus on specific topics across a wide range of issues related to tall building performance and the urban environment. Each workshop is expected to run approximately 3 hours, including two 90-minute sessions with a coffee break. Formats for workshops have included presentations, moderated panel discussions, breakout discussions with small groups of attendees, large roundtable discussions, etc.

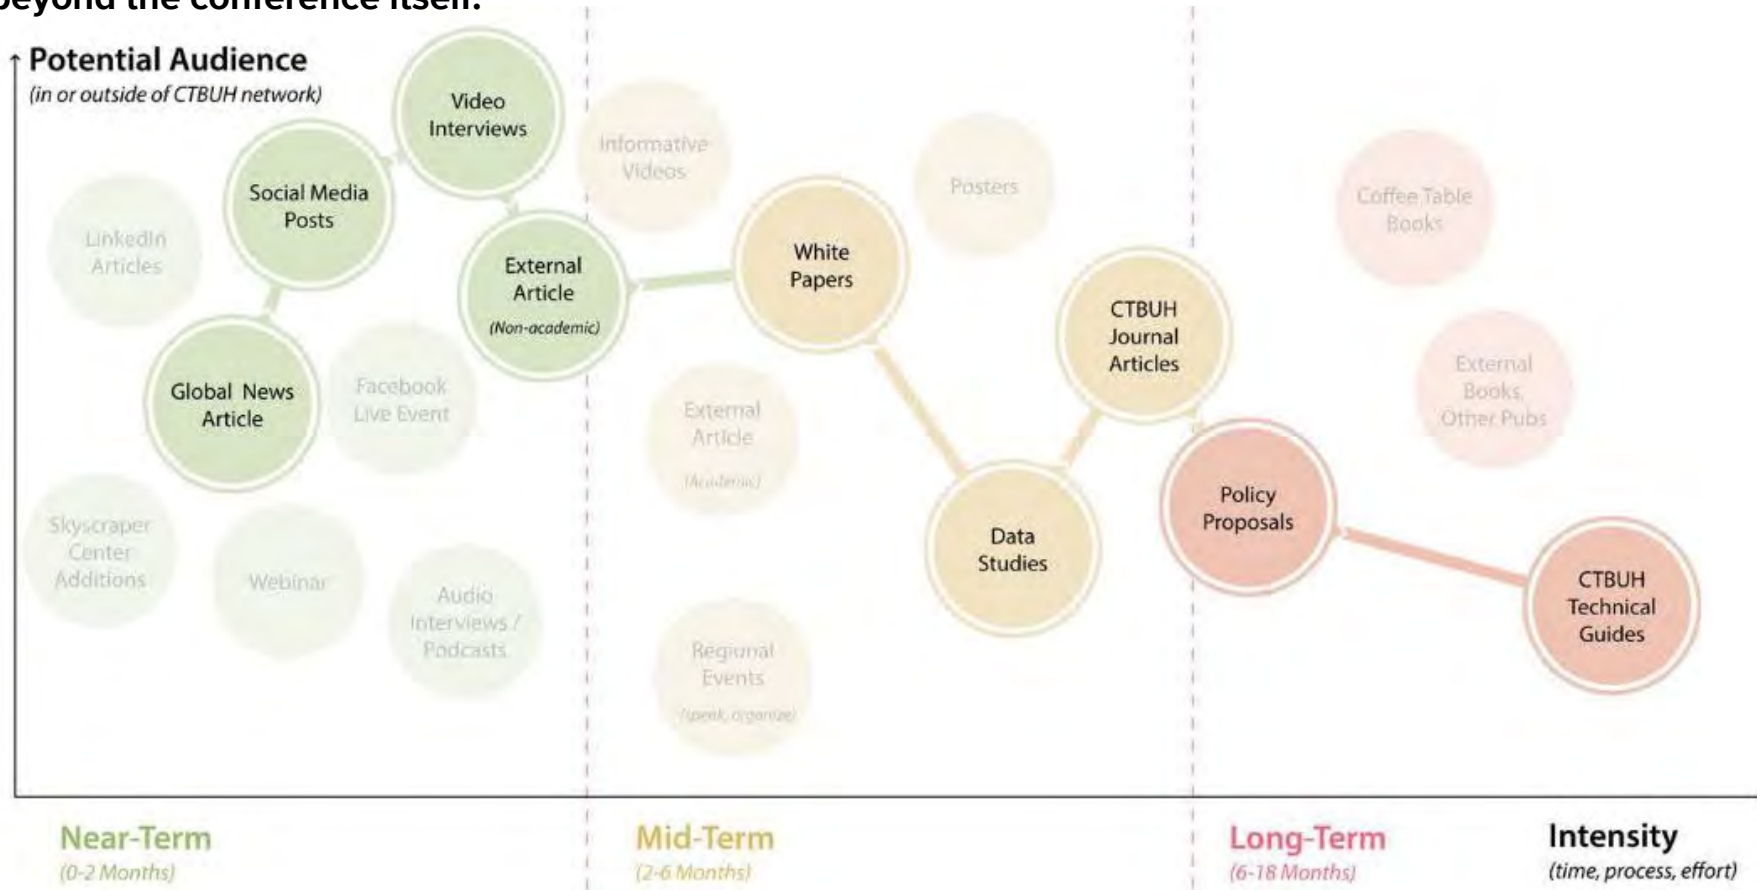

Additional follow-up outputs, such as the production of papers and reports and/or coordinating meetings and events are also encouraged.

DAY 1: TECHNICAL WORKSHOPS

Sponsoring a CTBUH 2025 workshop as a Platinum sponsor positions your company as a global thought leader driving real solutions in vertical urbanism. These highly focused sessions attract top decision-makers and experts for in-depth discussions, giving sponsors direct access to key stakeholders, unmatched visibility in a curated setting, and the opportunity to shape the conversation around the most pressing issues facing cities today.

With only 8 workshops available for exclusive sponsorship, this is a rare chance to align your brand with high-impact dialogue and outcomes that extend far beyond the conference itself.

DAY 1: TECHNICAL WORKSHOPS

Controlling the Cost of Ever-Higher Construction Open to sponsorship, *organized by the CTBUH Construction and Cost Assemblies*

This workshop will identify issues that are likely to arise in the design and construction of Megatall buildings (600 meters or taller), which are not evident in conventional tall building design, especially issues and challenges that will impact on cost

Impact of High-Rise Buildings on Urban Affordability: City Advocacy Forum Sponsored by

Design/Build Smarter: Advanced Tools in Modern Construction Open to sponsorship, *organized by the CTBUH Smart Technology Assembly*

Explore cutting-edge methodologies revolutionizing construction in this workshop. Topics include systems design and management pre-construction, high-level fidelity studies, smart technology, advanced tools for design and fabrication, and AI tools for building system design.

Sustainable Circular Economy Sponsored by

Vertical Communities: Benefits of Broadening the Talent Pool Open to sponsorship, *organized by CTBUH Leader Groups*

In today's evolving and complex urban landscape, the creation of vertical communities demands a diverse range of talents and perspectives. This workshop aims to explore the benefits and challenges of developing a diverse talent pool across key industries involved in tall building projects.

Regulating Windiness in the Public Realm Open to sponsorship, *organized by CTBUH Engineering and Urban Habitat Assemblies*

This workshop examines wind study requirements in cities like Toronto, assessing their impact on pedestrian safety and comfort, with the goal of publishing experience-based recommendations

Urban Mobility Next: Vertical Villages to Autonomous Transit Open to sponsorship, *organized by the Vertical Transportation Committee*

This workshop explores the start of a building occupant's journey, from traffic planning and mass transit integration to emerging technologies like autonomous transit, drones, eVTOL, and "Vertical Villages" inspired by smart city developments in India and KSA.

Transit-Oriented Developments Open to sponsorship,

Mass Timber Open to sponsorship, *organized by*

Façades / Curtain Walls Open to sponsorship, *organized by*

Ready to position your company at the forefront of global city-making?

Contact [Jen Hall](#) to sponsor a conference workshop and lead the conversation shaping the future of cities.

AIA
Continuing
Education
Provider

The CTBUH is a registered American Institute of Architects (AIA) Continuing Education Credits (CES) provider. Registered professionals can expect to accumulate up to 30 hours of CES credits during the five-day event (including AIA Health and Safety & Welfare credits). A Certificate of Completion will be provided to registrants upon request.

CORE CONFERENCE

DAYS 2 & 3: CORE CONFERENCE PROGRAM

Engage with global thought leaders in presentations and panel discussions, organized over three days and multiple parallel tracks, addressing the theme “From the Ground Up: Tall Buildings and City-Making.” Attendees will have an opportunity to select from 150+ peer-reviewed presentations, featuring thoughtful dialogues on subjects such as the future of urban density, reducing carbon emissions and energy consumption, and the transformative potential of tall buildings to change the way we live. Also incorporated in the program is the CTBUH Awards Program.

CTBUH ANNUAL AWARDS PROGRAM

The CTBUH Annual Awards program recognizes projects, practices, and individuals that have made extraordinary contributions to the advancement of tall buildings and the urban environment, and that achieve sustainability and human well-being at the highest and broadest level.

Judged by an international panel of experts, Awards of Excellence are bestowed across many categories, including Best Tall Building, Urban Habitat, Innovation, Structure, and Construction. The program aspires to provide a more comprehensive and sophisticated view of these industry-leading projects, drive improvements in every aspect of performance, and showcase those that deliver the greatest benefit to the individuals and communities who interact with them.

Award of Excellence Winners in all categories will present their projects in front of live juries at the [CTBUH 2025 International Conference, From the Ground Up — Tall Buildings and City-Making](#), where the Overall Winner in each category will be selected and announced.

PROJECT

These awards recognize holistic projects and designs that make extraordinary contributions to the advancement of the Tall+Urban environment.

Best Tall Building

Best Tall Non-Building

Urban Habitat Award

Future Project Award

10 Year Award

COMPONENT

These awards recognize individual innovations that advance the design and performance of Tall+Urban structures, systems, and spaces.

Innovation Award

Structure Award

Façade Award

Systems Award

Space Within Award

PROCESS

These awards recognize achievements in the methodologies and strategies employed to advance new and existing Tall+Urban projects.

Construction Award

Repositioning Award

PEOPLE

These awards recognize individuals that advance the Tall+Urban profession and policies focused on improving life for all citizens.

Equity, Diversity & Inclusion Award

Lynn S. Beedle Lifetime Achievement Award

CTBUH Fellows

DAY 3: AWARDS CEREMONY & DINNER

Wednesday Evening, 8 October

The **Awards Ceremony & Dinner** is the grand finale of the CTBUH 2025 International Conference—a night to **honor the year's most exemplary projects and the people behind them**. At this highly anticipated event, Award of Excellence honorees will learn who rises to the top as category winners, and which project will claim the highest accolade: **“2025 Best Tall Building Worldwide.”**

To purchase an awards dinner table for your company and colleagues, contact [Jen Hall](#).

2025 PLATINUM SPONSORS (AS OF 7 JULY)

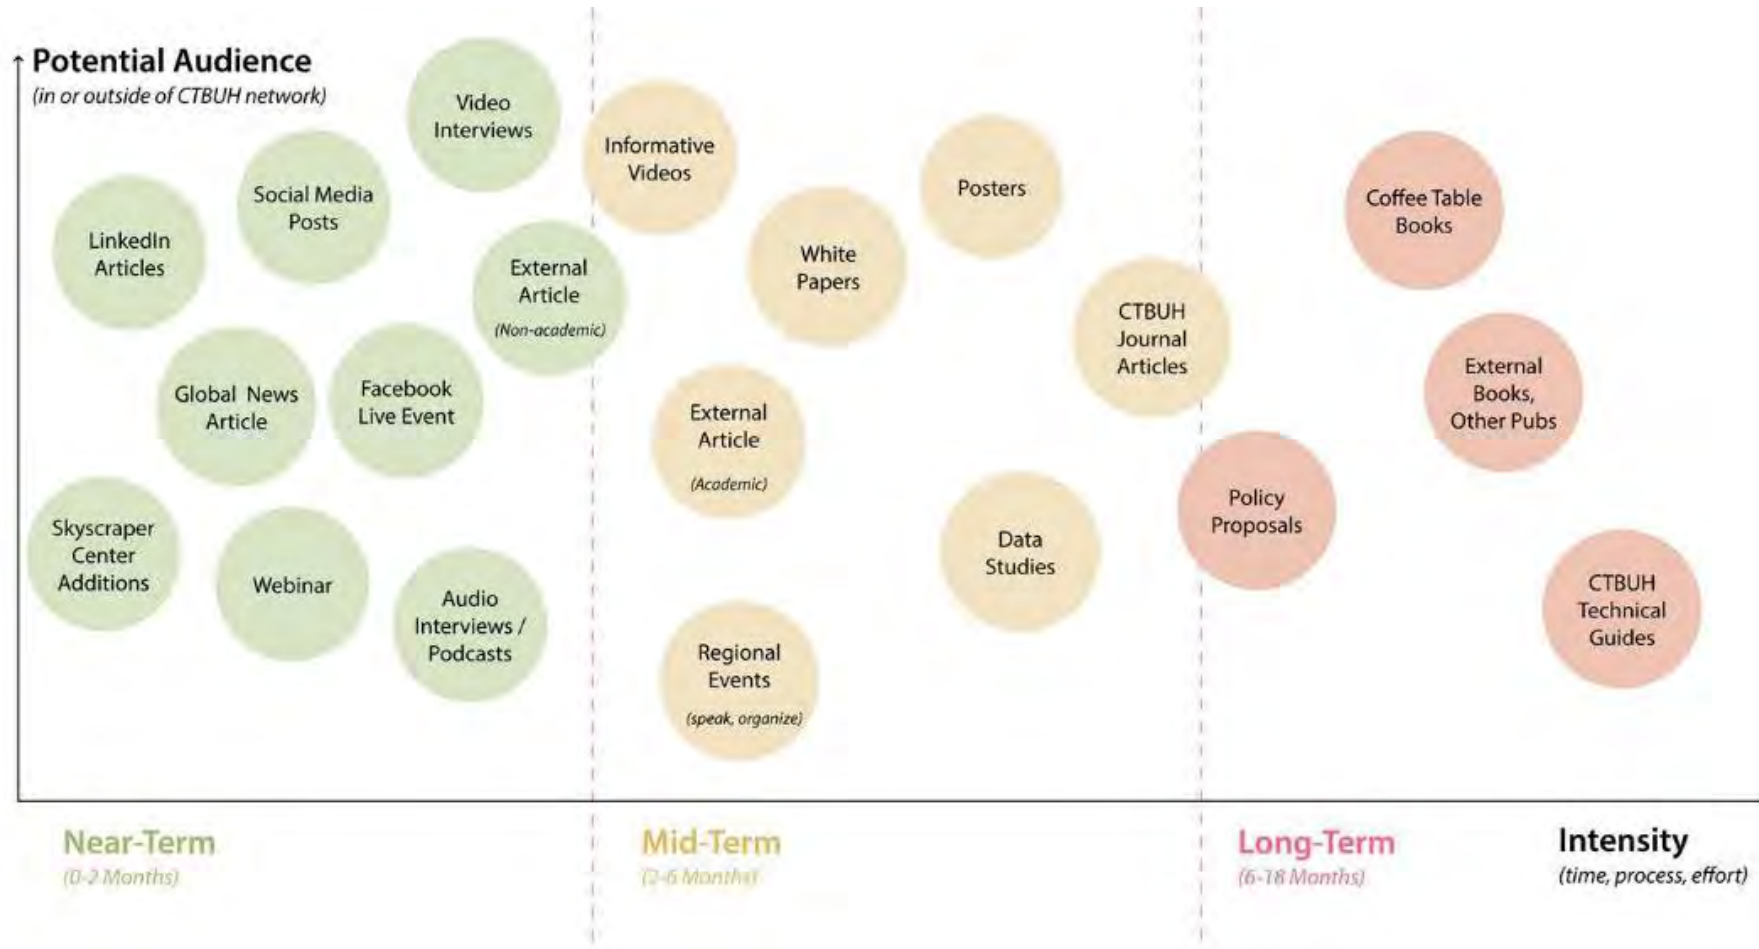

Schindler

PLATINUM LEVEL : SPONSORED TECHNICAL WORKSHOPS US\$60,000

Integrated within Day 1 of the core conference (Monday, 6 October), workshops focus on specific topics across a wide range of issues related to tall building performance and the urban environment. Each workshop is expected to run approximately 3 hours, including two 90-minute sessions with a coffee break. Formats for workshops have included presentations, moderated panel discussions, breakout discussions with small groups of attendees, large roundtable discussions, etc.

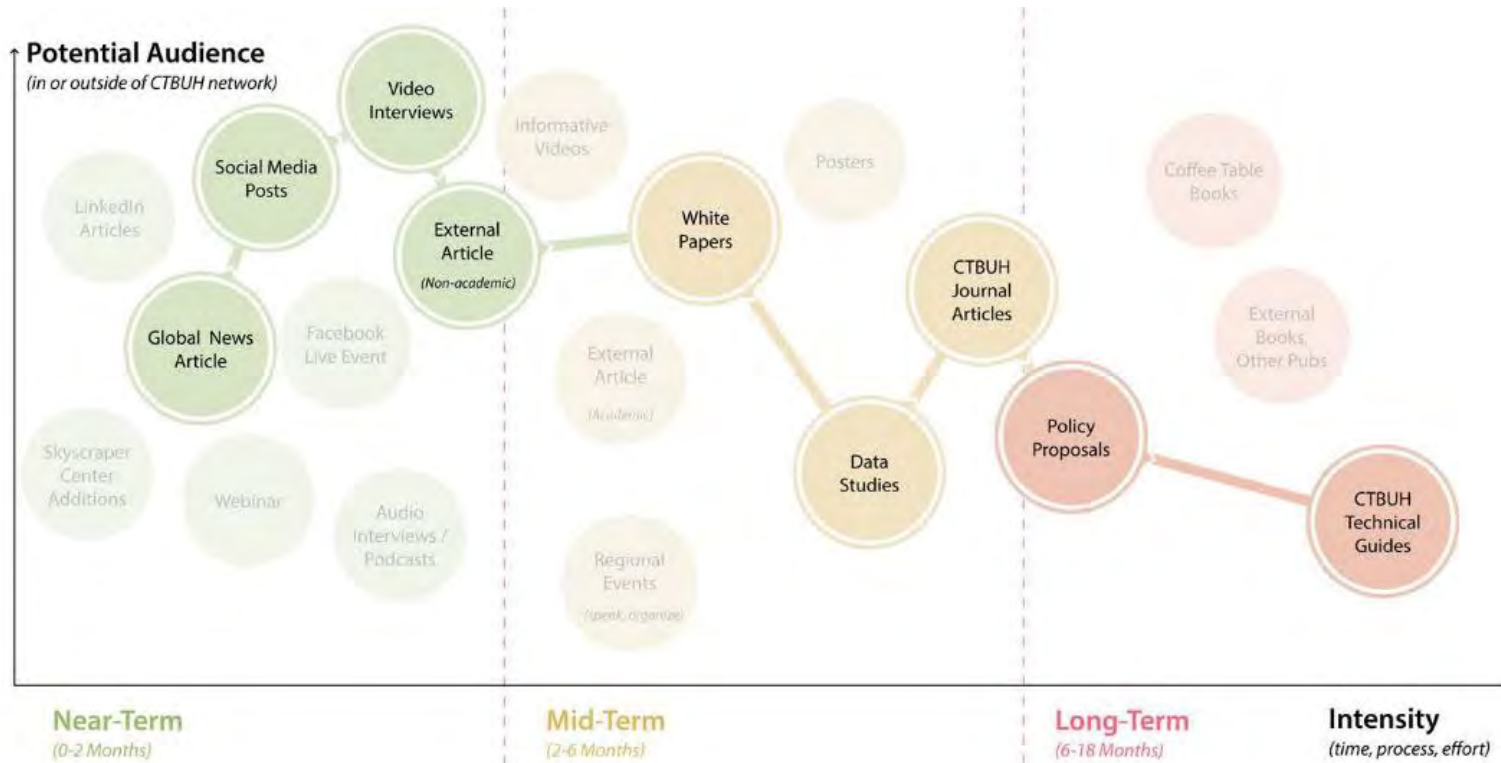

Additional follow-up outputs, such as the production of papers and reports and/or coordinating meetings and events are also encouraged.

PLATINUM LEVEL : SPONSORED TECHNICAL WORKSHOPS US\$60,000

Sponsoring a CTBUH 2025 workshop as a Platinum sponsor positions your company as a global thought leader driving real solutions in vertical urbanism. These highly focused sessions attract top decision-makers and experts for in-depth discussions, giving sponsors direct access to key stakeholders, unmatched visibility in a curated setting, and the opportunity to shape the conversation around the most pressing issues facing cities today.

With only 10 workshops available for exclusive sponsorship, this is a rare chance to align your brand with high-impact dialogue and outcomes that extend far beyond the conference itself.

WORKSHOP SPONSORS WILL:

- Establish themselves as thought leaders in a given field by taking an important role in a new committee and workshop
- Help drive and chair committee meetings (virtual) in advance of the conference, with the corresponding half-day workshop
- Co-host, alongside CTBUH, and chair the workshop

PLATINUM LEVEL : SPONSORED TECHNICAL WORKSHOPS US\$60,000

Controlling the Cost of Ever-Higher Construction Open to sponsorship, *organized by the CTBUH Construction and Cost Assemblies*

This workshop will identify issues that are likely to arise in the design and construction of Megatall buildings (600 meters or taller), which are not evident in conventional tall building design, especially issues and challenges that will impact on cost

Impact of High-Rise Buildings on Urban Affordability: City Advocacy Forum Sponsored by

Design/Build Smarter: Advanced Tools in Modern Construction Open to sponsorship, *organized by the CTBUH Smart Technology Assembly*

Explore cutting-edge methodologies revolutionizing construction in this workshop. Topics include systems design and management pre-construction, high-level fidelity studies, smart technology, advanced tools for design and fabrication, and AI tools for building system design.

Sustainable Circular Economy Sponsored by

Vertical Communities: Benefits of Broadening the Talent Pool Open to sponsorship, *organized by CTBUH Leader Groups*

In today's evolving and complex urban landscape, the creation of vertical communities demands a diverse range of talents and perspectives. This workshop aims to explore the benefits and challenges of developing a diverse talent pool across key industries involved in tall building projects.

Regulating Windiness in the Public Realm Open to sponsorship, *organized by CTBUH Engineering and Urban Habitat Assemblies*

This workshop examines wind study requirements in cities like Toronto, assessing their impact on pedestrian safety and comfort, with the goal of publishing experience-based recommendations

Urban Mobility Next: Vertical Villages to Autonomous Transit Open to sponsorship, *organized by the Vertical Transportation Committee*

This workshop explores the start of a building occupant's journey, from traffic planning and mass transit integration to emerging technologies like autonomous transit, drones, eVTOL, and "Vertical Villages" inspired by smart city developments in India and KSA.

Transit-Oriented Developments Open to sponsorship,

Mass Timber Open to sponsorship, *organized by*

Façades / Curtain Walls Open to sponsorship, *organized by*

Ready to position your company at the forefront of global city-making?

Contact [Jen Hall](#) to sponsor a conference workshop and lead the conversation shaping the future of cities.

PLATINUM LEVEL : CONFERENCE VIP LOUNGE US\$60,000

Position your brand at the center of executive-level engagement as the **exclusive sponsor of the CTBUH 2025 VIP Lounge**.

This private space is reserved for ticketed VIPs, including CTBUH Trustees, speakers, and senior leaders from the world's top firms, offering unparalleled access to high-level conversations and deal-making.

As the sole sponsor, your company can staff the lounge with a representative, creating direct connections with the industry's most influential decision-makers in a relaxed, professional setting.

Branding throughout the space reinforces your leadership while demonstrating your commitment to global excellence in vertical urbanism.

This is more than visibility—it's a front-row seat to the conversations shaping the future of cities.

PLATINUM LEVEL : BRANDED TORONTO TRANSIT PASS US\$60,000

Put your brand in every attendee's hand—literally.

As the exclusive sponsor of the official CTBUH Toronto Transit Pass, your logo will be printed on the card used by all conference delegates as they travel throughout the city.

This sponsorship offers repeated daily brand exposure and direct alignment with this year's theme, *From the Ground Up: Tall Buildings and City-Making*, which emphasizes connectivity, mobility, and the systems that support urban life.

It's a practical, high-impact way to showcase your leadership in shaping smarter, more accessible cities.

PLATINUM LEVEL : BRANDED HOTEL ROOM KEY CARDS US\$60,000

Make a lasting impression—before the conference even begins.

As the exclusive sponsor of the **CTBUH 2025 branded hotel key cards**, your company's logo will be placed directly into the hands of hundreds of VIPs, speakers, and delegates staying at the official conference hotel.

These key cards are used multiple times each day, delivering high-frequency brand exposure in a setting that's personal, professional, and uninterrupted.

It's a unique opportunity to align your company with the full conference experience, reaching senior decision-makers at the moments when connections are made, meetings are planned, and deals take shape.

This sponsorship puts your brand front and center—repeatedly and with real impact.

GOLD LEVEL US\$40,000

Exclusive sponsorship benefits:

- Sponsorship of the Traveling Student Design Studio, Student Design Competition or Student Research Competition or a Full Page/4C ad in the 2025 Conference issue of *Vertical Urbanism* magazine.

Complimentary registrations: Four (4) Core Conference Registrations + Four (4) VIP invites to Opening Network Reception

Thought leadership opportunities: One (1) Core Conference Presentation

Networking & deal-making:

- Invites for all sponsor employees attending conference to the sponsor appreciation reception
- Opportunity to host a sponsor networking event on Tuesday evening, 7 October

Brand promotion pre-, during, and post-conference:

- Recognition and company materials in conference app
- CTBUH conference website homepage logo recognition
- Promotion toolkit provided for speaker

GOLD LEVEL : TRAVELING STUDENT DESIGN STUDIO US\$40,000

Inspire the Next Generation and Shape the Future of Your Site

Sponsor the CTBUH Traveling Student Design Studio and work directly with graduate students from the Master's in Tall Buildings and Vertical Urbanism program at Illinois Institute of Technology. These top students will visit your city or project site and design a visionary tall building or urban solution tailored to your unique context.

\$20,000 of your company's Gold sponsorship covers travel and studio costs while giving your team a front-row seat in the process. You'll engage with students as their ideas take shape, provide feedback, and receive a full set of fresh, thoughtful design concepts focused on your site.

It's a smart way to support the future of our industry and explore bold ideas for your project through the lens of tomorrow's leaders.

GOLD LEVEL : INTERNATIONAL STUDENT TALL BUILDING DESIGN COMPETITION

US\$40,000

Invest in Talent. Define the Future of Urban Design.

Sponsor the **CTBUH 2025 International Student Tall Building Design Competition** and connect your brand with a global cohort of visionary students. \$20,000 of your company's Gold sponsorship offers prizes and travel stipends, culminating in award presentations during the CTBUH 2025 Conference in Toronto.

As the exclusive sponsor, your company will:

- Participate on the jury panel and engage directly with top submissions.
- Showcase your brand across competition materials, finalist teams, award ceremonies, and conference publications.

Your investment places you at the heart of this influential initiative, building your network with emerging professionals trained in sustainable vertical urbanism. It also reinforces your firm as a champion of innovation and urban excellence.

Sponsorship offers not just visibility, but a legacy of impact through new ideas that address the challenges of density, connectivity, and placemaking in the cities of tomorrow.

GOLD LEVEL : STUDENT RESEARCH COMPETITION US\$40,000

Support Research that Moves the Industry Forward

Sponsor the CTBUH International Student Research Competition and help drive the next wave of innovation in tall buildings and urban design. This global program invites student teams, guided by faculty, to explore a timely research question and deliver original, high-impact findings. The winning group is awarded \$20,000 of funding.

As a sponsor, you'll be directly associated with fresh thinking, emerging talent, and the future of the built environment. You'll gain visibility across competition communications and the final published output, while showing your support for applied research that tackles real-world challenges.

This is a unique opportunity to align your brand with academic excellence and contribute to shaping the knowledge that informs tomorrow's cities.

GOLD LEVEL : FULL PAGE/4C AD IN *VERTICAL URBANISM* US\$40,000

A full-page, four-color ad in the Q3 issue of *Vertical Urbanism* puts your brand directly in front of the industry's most influential voices—right as they gather in Toronto for the CTBUH International Conference.

It's a high-impact way to reach global decision-makers who are actively shaping the future of cities.

SILVER LEVEL US\$25,000

Exclusive sponsorship benefit *(select one)*:

- Day 1 afternoon coffee break
- Day 2 morning coffee break
- Day 2 afternoon coffee break
- Day 3 morning coffee break
- Day 3 afternoon coffee break
- Day 3 morning 5K run
- Hydration station

Complimentary registrations: Three (3) Core Conference Registrations + Three (3) VIP invites to Opening Network Reception

Thought leadership opportunities: One (1) Core Conference Session Chair Role

Networking & deal-making:

Invites for all sponsor employees attending conference to the sponsor appreciation reception

Brand promotion pre-, during, and post-conference:

- Recognition and company materials in conference app
- CTBUH conference website homepage logo recognition
- Promotion toolkit provided for speaker

2025 SILVER SPONSORS (AS OF 7 JULY)

BRONZE LEVEL US\$15,000

Complimentary registrations: Two (2) Core Conference Registrations
+ Two (2) VIP invites to Opening Network Reception

Thought leadership opportunities: One (1) Core Conference Session
Chair Role

Networking & deal-making:

Invites for all sponsor employees attending conference to the
sponsor appreciation reception

Brand promotion pre-, during, and post-conference:
