MASS NOTIFICATION **ENVIRONMENTAL** **TEMPERATURE/HUMIDITY**

TURNKEY SOLUTION

- Complete Integration of Multiple Systems
- Manage Multiple Facilities with Unified Viewing & Control including System Configuration & Permission Batching
- System Mapping with Floor Plans and Satellite Imagery
- Email, SMS & App Push Notifications including Door Open/Prop Alerts
- Temperature/Humidity Monitoring for Server Rooms, Food & Medical Storage
- Lockdown Control with Customized Actions & Notifications
- Vape, Gunshot Detection, Air Quality & More
- Severe Weather Monitoring
- Browser & App Based for Any Device
- Secure with Multi-Factor Authentication, Single Sign-On, High-Availability with Geographic Redundancy

EMERGENCY RESPONSE PLATFORM

Enables first responders and dispatch centers to view and control sites including the ability to view cameras and manage access cards for improved coordination during critical situations.
