National Service Scheme (NSS)

I am pleased to present the report on the **7-Day Residential Camp 2025-26** organized by the NSS unit in **Mothijui (Chirner), Tal.Uran , Dist. Thane** from **January 04 to January 10, 2026**. As per the NSS curriculum, attending this camp is a mandatory activity, and I am excited to share the incredible journey of our volunteers. Their hard work and dedication made this camp a great success.

We sincerely appreciate the support that made this camp a smooth and impactful experience. Despite limited resources, our dedicated volunteers demonstrated exceptional determination and commitment, making meaningful contributions to the village's welfare while creating lasting memories. Their resilience and adaptability in overcoming challenges were truly commendable.

This camp's success would not have been possible without the support of the **villagers and Gram Panchayat members**, and I extend my heartfelt gratitude to them. A special thanks to the **Principal of Zilla Parishad Primary School Mothijui**, for his valuable insights on village issues, which further motivated our volunteers. I also acknowledge the efforts of the **staff and faculty of DMCE** for their presence and encouragement throughout the camp.

I am grateful to the **Management of Datta Meghe College of Engineering, Airoli**, for their generous support. A sincere thanks to **Principal Dr. P.A Dode** for his continuous guidance to the NSS unit. I also appreciate the encouragement from our **Vice Principals and Heads of Departments**, which inspired our volunteers to give their best.

Please find attached the report, offering a glimpse into our seven-day camp.

Best Regards,

Dr. P. M. Ingole
NSS Programme Officer

Dr.R.H.Jawale

Vision for a Better Life: Eye Checkup Camp

An Eye Check-up Camp was organized during the NSS camp with the objective of promoting eye health and early detection of vision-related problems among villagers. Qualified medical professionals conducted comprehensive eye examinations, providing consultations and guidance to participants regarding common eye conditions and preventive care.

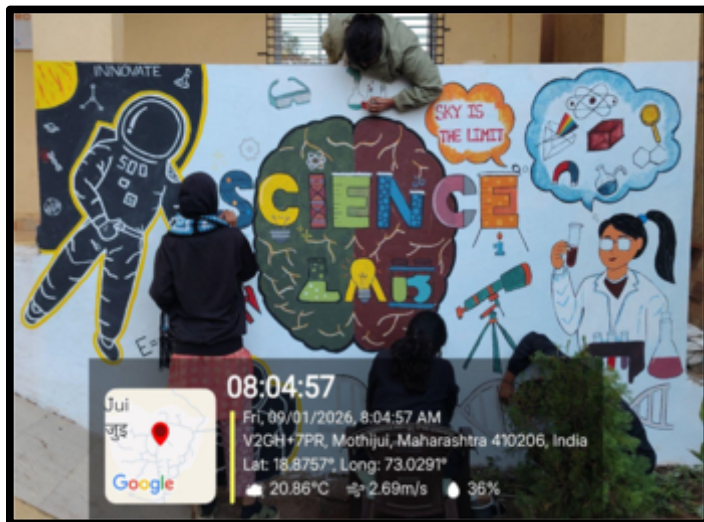

Special attention was given to elderly residents, many of whom were screened for cataracts and other age-related vision impairments. Individuals diagnosed with cataracts were guided about treatment options, and arrangements were made for free cataract surgeries to restore their vision.

Science on the Walls: Learning Through Art

The Wall Painting Activity was undertaken to enhance the learning environment and visual appeal of the Science Laboratory. Volunteers actively participated in painting the lab walls, transforming the space into a more vibrant, engaging, and inspiring setting for students. The activity aimed to create an atmosphere that stimulates curiosity, creativity, and interest in scientific learning.

With teamwork and dedication, volunteers carefully painted and decorated the walls, ensuring neatness and aesthetic quality. The initiative also emphasized the importance of maintaining clean, attractive, and motivating educational spaces.

This activity not only improved the overall appearance of the laboratory but also instilled a sense of responsibility, cooperation, and pride among volunteers, contributing positively to the academic environment.

Act to Awaken: Street Play for Public Awareness

As part of its commitment to community development, NSS DMCE organized an awareness drive using street plays as a medium of communication. The performances were carried out in Mothijui and surrounding areas, addressing socially relevant issues such as health awareness, waste management, and energy conservation.

These street plays were designed to simplify and convey the message of various government initiatives in an engaging manner, making them accessible to the local population. By combining entertainment with education, the volunteers aimed to encourage informed decision-making and promote practices that support sustainable and healthy living.

Reviving Every Drop: Water Rejuvenation Initiative

During the **7-day residential camp**, the NSS unit conducted a **Water Rejuvenation** activity within the school premises to promote effective **water conservation**. The activity focused on ensuring that unused and excess water was properly diverted instead of being wasted. Volunteers worked on creating and cleaning water channels so that the collected **water could flow directly towards nearby trees and green areas**. This initiative helped **improve soil moisture** and supported the growth of plantation within the campus. Students were made aware of the importance of **reusing water for environmental sustainability**. The activity emphasized the concept of **“every drop counts”** and responsible water management. Through this initiative, the NSS volunteers contributed to ecological balance while encouraging long-term conservation practices within the school environment.

Protecting Nature's Barrier: Mangrove Cleaning Activity

A Mangrove Cleaning Activity was conducted as part of the NSS camp's environmental conservation efforts. Volunteers actively participated in cleaning the mangrove area by removing plastic waste, debris, and other pollutants that threatened the ecosystem.

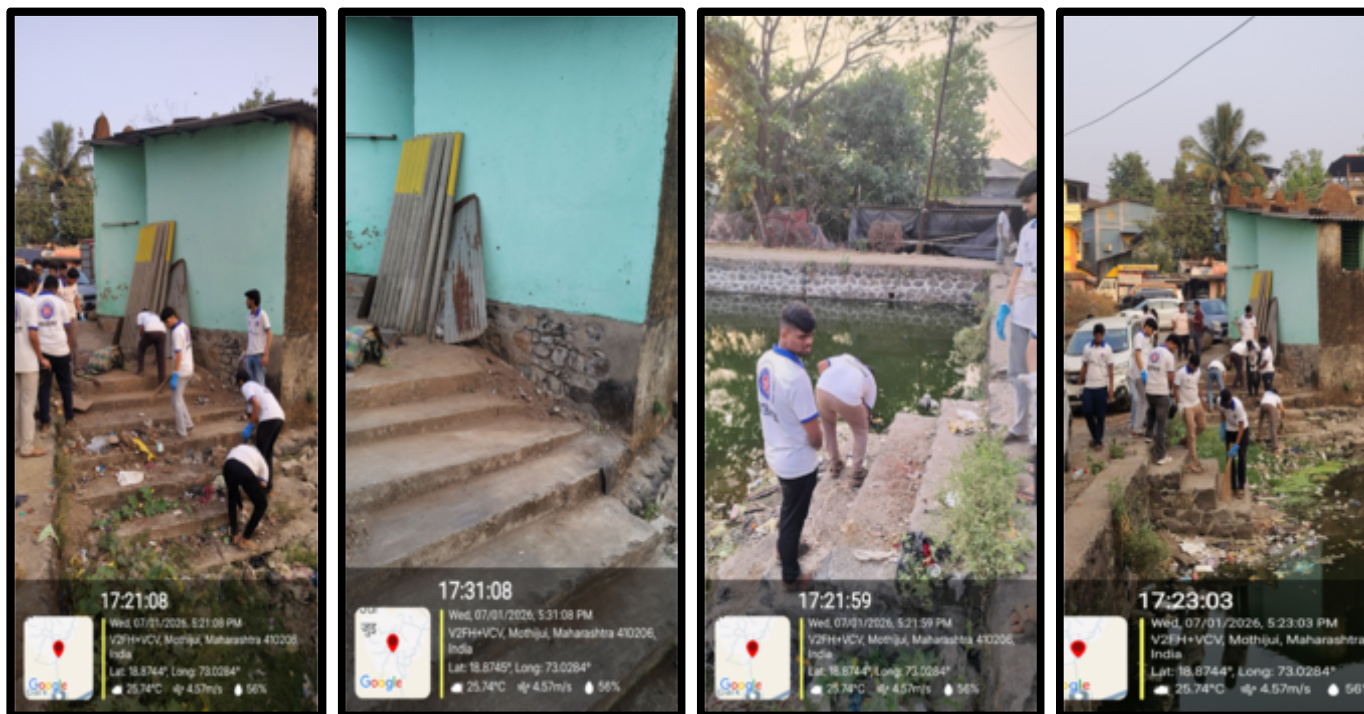

The activity aimed to protect and preserve the fragile mangrove environment, which plays a crucial role in maintaining ecological balance, supporting biodiversity, and protecting coastal regions. Through collective effort and teamwork, volunteers contributed to restoring cleanliness and promoting awareness about environmental protection.

Clean Lakes, Healthy Communities: Cleaning Initiative

A Lake Premises Cleaning Activity was undertaken during the NSS camp to promote environmental cleanliness and community awareness. Volunteers actively participated in cleaning the surroundings of the lake by collecting and removing plastic waste, litter, and other debris.

The activity aimed to restore the natural beauty and hygiene of the area while emphasizing the importance of maintaining clean public spaces. Volunteers worked collaboratively with dedication and teamwork to ensure thorough cleaning of the surroundings.

This initiative not only enhanced the cleanliness and visual appeal of the lake surroundings but also encouraged environmental consciousness and responsible civic behavior among both volunteers and the local community.

Pillars of Progress: Honouring Women Contributors

Volunteers organized a **special felicitation** to express heartfelt gratitude to the **women who worked tirelessly** to prepare meals throughout the camp. As a token of appreciation, each woman was presented with a **thoughtful and useful gift**. The program also **featured an engaging street play** that spread awareness about saving electricity, understanding government schemes, and managing dry and wet waste. This activity strengthened community bonds while promoting social responsibility.

Care That Matters: Sanitary Pad Distribution Initiative

During the 7-day residential camp, the NSS Unit of DMCE conducted an informative awareness session at P. P. Kharpatil Education Society for female students of grades 6th to 8th, focusing on menstrual health and hygiene education. The activity aimed to provide essential, age-appropriate knowledge about personal hygiene, safe health practices, and the importance of maintaining cleanliness during menstruation. NSS volunteers led the session in a supportive and interactive manner, encouraging students to openly share their questions and clear their doubts in a comfortable environment.

As part of the initiative, sanitary pads were distributed to the students to promote accessibility to basic hygiene resources and reinforce healthy practices. The session also highlighted the importance of removing stigma surrounding menstrual health and emphasized confidence, self-care, and awareness.

Power Use, People's Views: Energy Conservation Survey

An energy conservation awareness survey was conducted to assess household energy usage patterns, adoption of energy-efficient appliances, and awareness regarding environmental benefits of energy saving. Key data collected included family size, monthly electricity expenditure, presence of major electrical appliances, switching and usage behavior, as well as willingness to adopt efficient technologies. Responses for awareness and behavioral aspects were captured to evaluate gaps and opportunities. The survey also aimed to understand the level of readiness to replace old appliances, adoption of energy-efficient alternatives, and the extent of knowledge linking energy conservation to sustainability.

Conserve to Preserve: Energy Conservation Awareness Rally

Volunteers organized an **Energy Conservation Awareness Rally** across the village with the objective of promoting sustainable energy practices and responsible electricity usage. The rally emphasized the importance of **saving electricity in daily life** and encouraged villagers to **adopt energy-efficient habits**. Participants were educated about the advantages of using **LED bulbs over conventional lighting**, highlighting their lower power consumption, longer lifespan, and cost effectiveness.

The team also created awareness about simple yet impactful measures such as switching off appliances when not in use, minimizing wastage of electricity, and using natural lighting during the daytime. **Volunteers explained the growing need for renewable energy** and discussed the benefits of solar power as a clean, eco-friendly, and sustainable energy source. Informative slogans, posters, and direct interaction with residents helped convey the message effectively.

Prevent Before It Hurts: Dog Bite Awareness Rally

Volunteers conducted a Dog Bite Prevention and Safety Awareness Rally to educate villagers about the risks associated with stray dogs and the precautions necessary for personal safety. The rally focused on spreading knowledge about safe behavior around stray animals, including avoiding provocation, maintaining distance, and recognizing warning signs of aggression.

Volunteers informed residents about preventive measures such as not feeding stray dogs in unsafe conditions, supervising children in open areas, and reporting aggressive animal behavior to local authorities. The team also provided crucial information on the **immediate steps to be taken in case of a dog bite**. This included washing the wound thoroughly with soap and water, avoiding home remedies, and seeking medical attention without delay. The importance of timely anti-rabies vaccination was strongly emphasized.

Through impactful slogans and active community engagement, volunteers **addressed common myths and misconceptions regarding dog bites and treatment**. The rally aimed to reduce fear while promoting awareness, preparedness, and responsible action.

Respect Through Service: Cremation Ground Cleanliness Activity

A Cleanliness Drive was conducted at the village cremation ground as part of the NSS camp's social responsibility initiatives. Volunteers actively participated in cleaning the surroundings by removing waste, clearing overgrown vegetation, and improving the overall hygiene of the area.

The activity aimed to restore dignity, cleanliness, and respect to a place of deep emotional and cultural significance. Through dedicated teamwork and sincere effort, volunteers transformed the space into a cleaner and more organized environment for the community.

This initiative not only enhanced the sanitation and appearance of the cremation ground but also instilled values of empathy, civic responsibility, and respect for community spaces among the volunteers.

From Sky to Soil: Rainwater Harvesting Programme

A Rainwater Harvesting Setup activity was undertaken during the NSS camp to promote water conservation and sustainable resource management. Volunteers actively participated in establishing a basic rainwater harvesting system designed to collect and utilize rainwater effectively.

The activity involved planning, preparation, and teamwork to ensure proper installation. Volunteers contributed to tasks such as site preparation, arranging necessary materials, and assisting in the setup process. The initiative emphasized the importance of conserving water, especially in rural areas where water scarcity can be a major concern.

This activity not only created awareness about the benefits of rainwater harvesting but also demonstrated a practical solution for groundwater recharge and efficient water usage. It instilled environmental responsibility and highlighted the role of sustainable practices in community development.

Digital Safety -Think Before You Click

The **Digital Safety and Responsible Internet Usage** activity was organized to promote awareness about secure and mindful engagement with digital platforms. Participants were guided on the **safe use of social media, with emphasis on privacy settings and data protection**. The session highlighted the dangers of oversharing personal information and explained how it can lead to misuse or fraud. Attendees were trained to identify fake profiles, suspicious messages, and online impersonation attempts. Additionally, **safe practices for using UPI, mobile applications, and online shopping platforms** were discussed.

The activity led to improved understanding of **privacy protection and online risk prevention**. It helped participants become more **vigilant against impersonation and scam attempts, adopt safer digital payment habits, and develop responsible, cautious behavior while accessing online services**.

Dustbin to Discipline - Cleanliness Drive

Cleanliness activities were carried out by NSS DMCE to promote **clean surroundings, hygiene, and environmental awareness** within the community. The activities involved **cleaning public and common areas**, ensuring proper **collection and disposal of waste**, and encouraging **responsible sanitation practices**. The initiative aimed at fostering **community participation**, developing a sense of **social responsibility**, and encouraging **positive behavioral change** towards maintaining a **clean and healthy environment**.

Paper to Purpose - Paper bag making

The **Paper Bag Making Activity** was conducted to encourage **eco-friendly practices** and raise awareness about **reducing plastic usage**. Volunteers enthusiastically participated in creating paper bags using **old newspapers**, promoting the concept of **recycling and reuse of waste materials**. The activity blended **creativity with environmental responsibility**, allowing participants to develop practical skills while contributing to a sustainable cause.

Each paper bag was carefully designed and crafted through **teamwork, patience, and attention to detail**. The session also included discussions on the harmful effects of plastic pollution and the importance of adopting **biodegradable alternatives** in daily life.

The activity successfully fostered **environmental consciousness**, inspired sustainable habits, and reinforced the value of resource conservation among participants, reflecting the **NSS spirit of responsible and meaningful action**.

Think Before You Click: Building Safer Digital Habits

A **Cyber Security Awareness Session** was conducted to educate participants about **online safety and responsible digital practices**. The session covered major cyber threats including **phishing, malware, identity theft, social engineering, and online fraud**. Practical demonstrations illustrated how attackers use **fake emails, malicious links, and deceptive websites to exploit users**. Participants were also guided on essential security measures such as creating **strong passwords and maintaining safe internet habits**.

The activity significantly enhanced participants' understanding of cyber risks, enabling them to better recognize and avoid online scams. It strengthened awareness regarding **the protection of personal and financial information and encouraged safer, more cautious engagement with digital platforms**.

Secure Every Click: Mobile and Online Account Protection Workshop

The Mobile and Online Account Protection Workshop was conducted to enhance participants' knowledge of safeguarding personal devices and digital accounts. The session included **practical demonstrations on securing mobile phones through screen locks, app locks, and built-in security features**. Participants were educated on the importance of **enabling two-factor authentication (2FA)** for critical accounts such as email, banking, and social media. The workshop also addressed the risks associated with unsafe applications, emphasizing the need to avoid downloads from unknown sources. Furthermore, the significance of regular software updates in strengthening device security was explained.

The workshop effectively increased awareness about mobile and account security, motivated participants to adopt 2FA for stronger protection, minimized the likelihood of malware infections from untrusted apps, and reinforced understanding of how timely updates contribute to overall digital safety.

Carry the Change: Promoting Paper Bag Usage

Volunteers visited local shopkeepers to distribute **handmade paper bags** and explained the **benefits of using eco-friendly alternatives**. The team created **awareness about reducing plastic bag usage**, especially for packing dry goods. Shop owners were **encouraged to adopt sustainable practices** in their daily business. This activity **helped build environmental awareness** at the grassroots level.

Messages in Colour: School Wall Painting Activity

NSS DMCE volunteers carried out a **creative wall painting** initiative, transforming plain school walls into lively and meaningful visual spaces. Through the use of bright colors and thoughtfully designed artwork, the volunteers enhanced the overall appearance of the school environment. This initiative helped create an **encouraging and engaging atmosphere for students**, promoting **creativity, positivity, and a sense of belonging**. The painted walls now serve as **vibrant learning spaces, making the educational surroundings more welcoming and inspiring**.

Awareness Before Illness: Building Health Consciousness

During the 7-day residential camp, **NSS DMCE organized an interactive awareness session** at the local village school, focusing on fundamental health, nutrition, and basic hygiene practices. Recognizing that healthy habits are the foundation of a thriving community, volunteers engaged with students to promote long-term wellness. The workshop was strategically divided into three modules: "**Clean Hands, Clear Mind**" (Hygiene), "**The Power Plate**" (Nutrition), and "**Healthy Routines**" (Lifestyle). Volunteers used creative storytelling and "flashcards" to simplify the biology of germs, making the concept of invisible bacteria relatable to children.

Walls of Devotion: Temple Wall Painting Activity

As part of the NSS camp's community service initiatives, a **Temple Rejuvenation Activity & Chatrapati Shivaji Maharaj Smarak Rejuvenation Activity** was undertaken to enhance the cleanliness and appearance of a local place of worship. Volunteers actively participated in the effort by **applying whitewash to the temple walls and Smarak Pillar**, contributing to its restoration and aesthetic improvement.

The activity aimed to **preserve the cultural and spiritual significance of the temple** while promoting the values of **collective responsibility and respect for community spaces**. Through teamwork and dedicated effort, the volunteers helped transform the temple into a **cleaner, brighter, and more welcoming environment for villagers**.

Little Champs in Action: Children's Sports Day

A **Sports Day** was organized during the NSS camp to promote **physical fitness, teamwork, and enthusiasm among participants**. The event featured a variety of recreational and traditional games, including a **running race, lemon and spoon race, and langdi**. Both boys and girls actively participated, showcasing energy, coordination, and sportsmanship.

The activities created a lively and **engaging atmosphere, encouraging friendly competition and interaction among volunteers and village participants**. The Sports Day not only provided a refreshing break from regular camp tasks but also highlighted the importance of maintaining an active and healthy lifestyle.

Classrooms that Inspire: Restoring a Positive Learning Atmosphere

A Positive Learning Atmosphere Activity was conducted with the objective of enhancing the educational environment within the school. Volunteers actively participated in properly arranging and fixing educational posters on classroom and school walls to create a more engaging and inspiring setting for students.

The activity focused on improving the visual appeal of the learning spaces while ensuring that the posters were placed neatly and meaningfully. These posters served as informative and motivational tools, helping reinforce academic concepts and encouraging curiosity among students.

This initiative contributed to creating a brighter, more stimulating classroom atmosphere, promoting interest in learning, and fostering a sense of care, responsibility, and teamwork among the volunteers.

Lessons from the Past: Fort Heritage Lecture

An insightful and inspiring session was delivered by Kaushik Thakur Sir, a dedicated admirer of Chhatrapati Shivaji Maharaj and a knowledgeable enthusiast of historic forts. The lecture focused on the glorious legacy of Shivaji Maharaj and the historical, cultural, and strategic importance of forts in shaping our heritage.

Sir shared fascinating insights, experiences, and lesser-known facts about various forts, emphasizing their role in history, architecture, and national pride. The session was highly engaging, capturing the attention of volunteers through informative storytelling and meaningful discussions.

The lecture left volunteers deeply inspired, fostering a stronger sense of pride, curiosity, and connection towards history and culture. It encouraged participants to appreciate, preserve, and explore historical sites, especially the majestic forts associated with Shivaji Maharaj.

Service with a Smile: Hospitality Management

As part of the **7-day NSS residential camp**, **NSS DMCE** organized **hospitality services** to ensure a warm, welcoming, and comfortable environment for all participants and guests. The hospitality team focused on providing timely meals, clean accommodation, and respectful assistance, reflecting the values of care, discipline, and teamwork. Through courteous interaction and dedicated service, the initiative strengthened relationships, promoted mutual respect, and highlighted the importance of hospitality as a core social value.

Breath, Belief and Balance: Prayer and Yoga Programme

Each day of our seven-day NSS camp began with a peaceful **morning prayer followed by exercises and yoga**. This routine helped us feel **fresh, focused, and positive** right from the start of the day. Practicing yoga together promoted **physical fitness, mental calmness, and discipline** among all volunteers. It truly set a healthy and motivating tone for the entire camp.

Colours of Tradition: Rangoli Activity

During the **7-day NSS residential camp**, NSS DMCE organized Rangoli activities to celebrate culture and creativity among participants. Students collaborated to design **colorful patterns**, paying attention to detail and **artistic expression**. This effort not only brightened the surroundings but also encouraged **teamwork, creativity, and a sense of accomplishment**, making the camp environment lively and engaging for everyone involved.

Daily Waste, Better Ways: Kitchen Waste Management Programme

A Kitchen Waste Disposal Activity was carried out as part of the NSS camp's cleanliness and environmental initiatives. Volunteers actively participated in the systematic collection and proper disposal of kitchen waste generated during the camp. The activity ensured that biodegradable waste was handled responsibly, preventing littering and maintaining hygiene in the camp surroundings.

Volunteers worked collaboratively to segregate and dispose of the waste in designated areas, emphasizing cleanliness, discipline, and environmental responsibility. The initiative helped maintain a clean and odor-free environment, contributing to better sanitation and comfort for all participants.

Meals Made Together: Helping in Cooking Activity

During the 7-day NSS residential camp, NSS DMCE **organized cooking activities to manage and prepare meals for participants and guests.** Fresh, nutritious food was prepared with care, teamwork, and attention to hygiene. This effort not only ensured everyone was well-fed but also **encouraged collaboration, skill-sharing, and strengthened bonds among participants** through collective participation in the kitchen.

Health Report: Drinking Water Contamination Incident at NSS Camp

Date of Incident: 7th January

Time of Incident: Late Night

Location: NSS Camp

1. Incident Overview: An unforeseen contamination of the drinking water supply occurred late at night during the NSS camp. Chlorine, intended for cleaning purposes, was inadvertently mixed with the water, rendering it visibly white and immediately unsuitable for consumption. This incident posed a significant health risk to all camp participants due to the potential for gastrointestinal illness and other adverse health effects from consuming chlorinated water.

2. Emergency Response:

Immediate Action by Volunteers: Upon discovering the contamination, NSS volunteers promptly recognized the urgency of the situation.

Procurement of Safe Water: Volunteers swiftly organized and executed the procurement of bottled drinking water from nearby establishments, despite the late hour. This proactive measure ensured an alternative source of potable water was made available without delay.

Faculty Support and Guidance: Faculty members present at the camp provided crucial support and guidance to the volunteers. Their involvement facilitated calm decision-making and effective management of the emergency.

National Service Scheme (NSS)

Community Assistance: Local villagers demonstrated remarkable community spirit by generously providing additional drinking water, further augmenting the available safe water supply.

3. Impact on Health: Fortunately, due to the immediate and effective response, there were no reported cases of illness or adverse health effects among camp participants. The contaminated water was not consumed, thus mitigating potential health risks.

4. Lessons Learned and Recommendations: This incident underscores the critical importance of:

Preparedness: Establishing clear protocols and contingency plans for unexpected events, particularly concerning essential resources like drinking water.

Rapid Response: The ability of volunteers to act quickly and decisively in an emergency is paramount.

Collaboration: Effective coordination between volunteers, faculty, and the local community proved vital in resolving the situation efficiently and ensuring the well-being of all individuals.

5. Corrective Actions Taken: The contaminated water supply was immediately isolated and treated appropriately to ensure its safety for future use. An investigation into the cause of the accidental chlorine mixing will be conducted to prevent recurrence.

6. Conclusion: The successful resolution of this drinking water contamination incident is a testament to the alertness, teamwork, and efficient emergency handling capabilities of the NSS volunteers, supported by faculty and the local community. The prompt actions taken prevented a potential health crisis and reinforced the importance of preparedness and collaboration in emergency situations.
