**Report on MOU for Skill Development and Aptitude Building**

A Memorandum of Understanding (MOU) was held at Datta Meghe College of Engineering for the purpose of conducting aptitude building workshops on the college campus. The MOU was signed by the Principal of Datta Meghe College of Engineering.

Aptitude test are used to determine which tasks that individual is more skilled at performing. Companies which come for the recruitment takes aptitude test of the students which help them to understand the intelligence quotient and working efficiency. Aptitude is a natural talent which can be improved or developed by giving proper training. An effective training program can enhance employee skills and enable them to perform better in their job.

The MOU was for a period of 5days **from 20/12/2021 to 24/12/2021**. The workshops held on a regular basis. The timing and duration of the workshops was **Monday to Friday from 09am to 05pm**

The purpose of the MOU was to provide an opportunity for the students of Datta Meghe College of Engineering to enhance their aptitude and problem-solving skills through the conduct of workshops and training programs with highly experienced trainers and relevant course material.

Dear Sir,

**Greetings from Campus Credential !!**

We would like to thank you for this opportunity and consideration.
As per our discussion for conducting Placement training Workshop for engineering Students

We provide complete training for students to help them acquire all the skill sets needed to crack the company selection rounds and all Aptitude exams.

CRT includes comprehensive training on the following:

- itude Test
- Quantitative Ability
- Verbal Ability
- Logical Reasoning.
- Group Discussion
- Personal Interview
- Resume writing.

COMPANY SPECIFIC TRAINING

Technical Training (C, C++, Java Programming, Data Structures, Algorithms, Database Management System & Python)

Our sessions have been structured with industry inputs and are regularly updated to ensure that our students are at the refront during the placement season. Due to the regular updates, the course structure is flexible enough to incorporate equirements and changes from your end as well.
indly let me know your requirements so that we can design a course structure based on it.

or any further assistance, you can reach me via any of the below-mentioned contact details.
lease find attached **PROPOSAL**
We look forward to an excellent placement season for your students

Campus Credential

## Course Objective:

- ✓ Skill enhancement: Ensuring students receive the best skill-sets to have a better transition from campus to corporate.
- ✓ Employability skills: To increase their employability value to ensure success in their future endeavours.
- ✓ Skilled Professionals: To help students not just pass out as graduate but skilled professionals.

## Need for the Course:

While only 8% of youth is unemployed, 53% have some kind of skill deprivation. This becomes critical as 90% of jobs in India are skill based. Youth employability is a bigger issue than unemployment as poor-quality skills or education show up in low incomes rather than unemployment. 58% of graduates make less than Rs. 75,000 per year. (Source: https://timesofindia.indiatimes.com/business/india-business/Indian-youth-are-simply-unemployable-Report/articleshow/2526720.cms).

The above study clearly bring to the forefront the need of skills enhancement in the youth of the nation today. Gone are the days when securing good marks is all you needed to get a good job. Corporates have understood that although the students may have gained some subject knowledge, but the application part along with some basic soft skills are completely missing in these students. Hence, corporates have come up with proper recruitment processes that will filter out the candidates that possess the skill-sets the company requires. They are checking nothing but the employability of the students, which sadly it is quite low in our nation.

Without proper training and education regarding these skills, the students may face higher outcomes of rejection than what we hope for. This may also result in the students settling for jobs that offer subpar profiles and lower incomes. Our students have a right to better jobs and basic skill-sets which can be provided to them through these courses.

These skill-sets should not be the barrier between them and a potential job opportunity. Employability skills is the need of the hour and we should aim to enhance it with these courses.

## Our Objective:

Our objective is to ensure our youth are employable. To make the students employable, we have to impart certain skills to the students that the corporates require. The subject knowledge is very efficiently provided by the colleges and universities they study in, but the other skills like decision making, time management, people management, negotiation skills, etc. are something that is not taught in a classroom and so our students are lacking in these basic skills.

According the latest LinkedIn reports, 57% of senior leaders today say that soft skills are more important than hard skills for their business today. The skills that the companies are looking for most are Creativity, Persuasion & Negotiation skills, Teamwork, Change Management & Adaptability, Time management, Analytical Reasoning & Decision Making, People Management, Sales and Corporate Communications. (Source: https://learning.linkedin.com/blog/top-skills/the-skills-companies-need-most-in-2019--and-how-to-learn-them)

Our courses have been designed based on these latest inputs. The course design is created to inculcate these skills that the corporates need. Student betterment and employability are the main objectives of these courses. We hope to create not just graduates but skilled graduates who can grab the best opportunities.

## Our Expertise:

## What Do we Do?

Campus Credential (CC) is a forerunner in the education and training sector since its inception. CC has successfully trained more than 11,000 students each year with a success rate of more than 90%. The philosophy of the company has always been student-centric rather than profit-centric, which makes CC the ideal choice for students.

Campus Credential has trained students for Campus Recruitment Training (CRT) in institutes all over Mumbai and Maharashtra. About 90% of the engineering colleges in Mumbai, including NMIMS, Saboo Siddik, Thakur, RAIT, Amity University, KJ Somaiya, Rajiv Gandhi, St. Francis, and many more are associated with CC as their training partner. With its dynamic course that is constantly updated according to the ever changing industry standards, CC has gained the trust and long-term associations with many reputed engineering institutes.

Campus Credential specializes in MBA entrance exam and other competitive exams training, including CAT, XAT, IIFT, SNAP, NMAT, CET, Bank PO, etc. CampPAT, the unique training module designed by CC, is an innovative learning concept that enables students to crack these exams more efficiently. Camp Test Series is an e-learning module designed to help students learn concepts without classroom training.

Campus Credential also trains students for GRE, GMAT, TOEFL, IELTS, etc. along with personalized counselling that enables students to plan and execute their further studies outside India. CC helps them during the entire process with the best mentors and counsellors to ensure a smooth transition for the student.

Campus Credential has designed their own testing platform, training modules and course materials, which enables them to update and upgrade regularly. The trainers and mentors are highly experienced with the credentials to match. With a track record to boost about, CC is a trusted name and your one-step solution for any competitive entrance exam. With CC, one can never go wrong.
