NAAC ACCREDITED

BRANCH WISE ACTION TAKEN REPORT BASED ON STUDENT FEEDBACK

- Stakeholder : Student
- Branch : Civil & Infrastructure Engineering
- No of students participated in feedback: 67

S. No	Suggestions	Action Taken
1	Playground utility is less	The playground will be made available from this year; it was closed to students since COVID 19 situation as students are discouraged to meet in masses.
2	Internet service should be provided on personal laptops	Wi-Fi is available in the campus, and for all. But, new installation is being done for better coverage to students.
3	Attendance is a hindrance to extra-curricular activities & learning, it would be better if	All the students are permitted to go for practice and participation for all events with prior permission from the respective HOD.
4	Please arrange trips for the betterment of students to refresh the minds.	Planned from the next academic year, because of pandemic the availability of time to arrange and safety of students was a major concern . However, site visits are arranged for students.
