

Low Cost Locator

Find smarter, lower-cost care options before treatment

Care Types:

- ★ Blood Work
- ★ Imaging centers
- ★ Urgent care centers
- ★ Surgery centers (eg GI scopes, carpal tunnel surgery)

Why use Low Cost Locator?

- Don't overpay for care
- Save money on routine medical care
- Avoid huge price differences for the same care — even with insurance
- Avoid expensive hospital pricing for routine care
- Search providers by ZIP code

The Low Cost Locator Way

- Hospitals are often the most expensive place for routine care
- Many routine services can safely occur outside the hospital
- Lower-cost care does not mean lower-quality care

Same care. Lower price. Smarter buyer.

Use with Real Pricer:

Low Cost Locator = "Where should I go?"
Real Pricer = "What should I pay?"

Together, they help you find lower-cost care.

This is a subscription membership. This is NOT Insurance.
