- Don't overpay for care
- Compare prices before care
- Use after care to lower medical bills
- Save money on care and keep more pay

Before Care

- Ask for the cash price first
- Real Pricer shows what insurance companies usually pay for care.
- If the cash price is LOWER, you found a good deal.
- Get the price in writing before treatment.

After Care

- Why pay more than a what big health insurance company pays?!
- Use Real Pricer if you already received the bill
- Medical bills are always overpriced.
- Start by offering less than the average insurance company payment.
