

Name of Product: 2025 ASCP Case Report; Transfusion Medicine: Intrauterine Transfusion (CSTM2505)

The following ASCP Case Report Author has a relevant financial relationship(s) to disclose:

Author	Ineligible Company	For What Role?
Amanda VanSandt, DO	ICON PLC CSL Plasma Wellsky American Red Cross	Pathologist Laboratory Medical Dir. Speaker Medical Advisory Council

Credit Designation: The ASCP designates this enduring material for a maximum of 2 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

ASCP continuing education activities are accepted by California, Florida, and many other states for relicensure of clinical laboratory personnel. ASCP designates these activities for the indicated number of Continuing Medical Laboratory Education (CMLE) credit hours. ASCP CMLE credit hours are acceptable to meet the continuing education requirements for the ASCP Board of Registry Certification Maintenance Program. All ASCP CMLE programs are conducted at intermediate to advanced levels of learning.

Continuing medical education (CME) activities offered by ASCP are acceptable for the American Board of Pathology's Maintenance of Certification Program.

Program Content and Disclosures: The primary purpose of this activity is educational and the comments, opinions, and/or recommendations expressed by the faculty or authors are their own and not those of the ASCP. There may be, on occasion, changes in faculty and program content. In order to ensure balance, independence, objectivity, and scientific rigor in all its educational

activities, and in accordance with ACCME Standards, the ASCP requires all individuals in positions to influence and/or control the content of ASCP CME activities to disclose whether they do or do not have any relevant financial relationships with proprietary entities producing health care goods or services that are discussed in the CME activities, with the exemption of non-profit or government organizations and non-health care related companies. These relationships are reviewed and any identified conflicts of interest are resolved prior to the activity. Commission members have no relevant financial relationships to disclose.

Faculty are asked to use generic names in any discussion of therapeutic options, to base patient care recommendations on scientific evidence, and to base information regarding commercial products/services on scientific methods generally accepted by the medical community. All ASCP CME activities are evaluated by participants for the presence of any commercial bias and this input is utilized for subsequent CME planning decisions.
