Program Content and Disclosures: The primary purpose of this activity is educational and the comments, opinions, and/or recommendations expressed by the faculty or authors are their own and not those of the ASCP. There may be, on occasion, changes in faculty and program content. In order to ensure balance, independence, objectivity, and scientific rigor in all its educational activities, and in accordance with ACCME Standards, the ASCP requires all individuals in positions to influence and/or control the content of ASCP CME activities to disclose whether they do or do not have any relevant financial relationships with proprietary entities producing health care goods or services that are discussed in the CME activities, with the exemption of non-profit or government organizations and non-health care related companies. These relationships are reviewed and any identified conflicts of interest are resolved prior to the activity.

Faculty are asked to use generic names in any discussion of therapeutic options, to base patient care recommendations on scientific evidence, and to base information regarding commercial products/services on scientific methods generally accepted by the medical community. All ASCP CME activities are evaluated by participants for the presence of any commercial bias and this input is utilized for subsequent CME planning decisions.

The following *Quality Management in Cancer Biomarker Testing* faculty members have relevant financial relationships to disclose:

Faculty Member	Ineligible Company	For what role?
Lynnette Pineault	Eli Lilly	Patient and Tissue Navigation Advisory Board Member
	AstraZeneca	Panelist at National Sales Meeting Biomarker Presentation

Amanda Hanson has no financial relationships to disclose. All financial relationships for Lynnette Pineault have been mitigated
