

TECH5

TECH5 is an annual competition organized by TNW and Adyen in which we rank companies in Europe based on growth in revenue.

Each year we announce the European Tech30 on stage during TNW Conference. We celebrated already victories of Transferwise, Foodpanda, Fairphone, made.com, iZettle, Cabify at many others.

In 2016, there was some serious German domination....

Hosted by **adyen** and **TNW**

#	Company	Est.	Growth
