Center for a New American Security

CENTER FOR A NEW AMERICAN SECURITY (CNAS)

Annual Corporate Partnership Program*

CNAS is an independent, bipartisan, nonprofit organization that develops strong, pragmatic, and principled national security and defense policies. CNAS engages policymakers, experts, and the public with innovative, fact-based research, ideas, and analysis to help shape and elevate the national security debate. A key part of our mission is to inform and prepare the national security leaders of today and tomorrow.

Members of the CNAS Corporate Partnership Program engage in a broad set of CNAS activities, including invitations to events, interaction with our research programs, and access to our issue experts across the Center. Partners also participate in strategic policy conversations and have the opportunity to affiliate with the nation's leading defense and security policy institute.

CNAS works closely with our partners to customize engagement and support, and we welcome further discussion on the tiered partnership benefits as outlined below.
