A Resolution To Amend Section 4 Of Resolution No. 5-2009/10 In Order To Authorize The Increase Of One (1) Participant And Establish Monthly Limits Of the Participant In The South Carolina Procurement Card Program. Councilman Springs made the motion, and Vice-Chairman Schofield seconded. Mr. Yokim stated that Resolution No. 5-2009/10 authorizing Florence County's participation in the South Carolina Procurement Card Program was adopted by Florence County Council on November 19, 2009. Increasing Florence County's participation in this Program will further reduce the County's exposure to a certain amount of financial risk by having open charge accounts at various vendors throughout the County, a necessity for many small purchases. Efficiencies currently experienced by the County's participation in this Program will increase with an increase in participation in this program. Since the inception of the County's participation in the Program, each procurement card has been used solely for official, authorized use, and each transaction has been reconciled timely and fully accounted for at all times in accordance with Section 1 of Resolution No. 5-2009/10. The motion was approved by the members present.

Three months of sales taxes had already been withheld. The delinquent audit is currently in process, but may not be completed for a few months. The Town would request that the loan would permit three draws of approximately $131,667 two payments and the third $131,666. Business Case for a Johnsonville State Park Feasibility Study

A proposed Florence County partnership for river recreation, heritage tourism, youth athletics, camping, and rural economic renewal

Prepared for: Florence County Council

Draft concept document | June 2026

Requested Action

Authorize county staff to pursue a formal feasibility study and partner conversations with South Carolina Parks, Recreation and Tourism, the Florence County legislative delegation, City of Johnsonville, Florence School Districts 2 and 5, conservation partners, and regional tourism stakeholders for the potential creation of a Johnsonville State Park or Francis Marion State Park centered on Wellman Golf Club, the Great Pee Dee River, Revolutionary Rivers, and related riverfront recreation assets.

Executive Summary

Florence County has an unusual opportunity to combine existing public investment, natural assets, Revolutionary War heritage, youth sports, and rural economic development into a state-level recreation destination in Johnsonville. The core concept is a new state park or state park partnership that includes Wellman Golf Club, a river-oriented camping and paddling experience connected to the existing Revolutionary Rivers corridor, and interpretation of Francis Marion history in the Pee Dee. The immediate ask is a feasibility study, rather than a final transfer or construction commitment.

The case rests on six pillars: 1) Florence County has no state park presence despite being one of the state's larger counties by population; 2) the Lynches River, Great Pee Dee River, and Revolutionary Rivers National Recreation Trail already create a recognized paddling and heritage corridor; 3) the Francis Marion story creates a distinctive historical identity; 4) Wellman Golf Club is an existing 18-hole public golf asset recently restored through county investment; 5) South Carolina already operates comparable park models with golf, paddling, camping, historic interpretation, or river-linked partner parks; and 6) the economic impact appears large enough to justify a professional study.

Preliminary modeling suggests a mature Johnsonville park concept could reasonably produce **$1 million to $18 million or more in annual regional economic impact**, depending on final design, overnight capacity, golf rounds, event programming, shuttle operations, and state marketing support. A defensible early target for planning purposes is **$3 million to $7 million annually within five years** if the project includes camping, paddling access, golf, heritage interpretation, school use, and regional events.

1. The Opportunity

Johnsonville sits at a strategic point in the lower Pee Dee landscape. The community is near the Great Pee Dee River and the lower Lynches River corridor, and it is connected historically to Francis Marion, the Swamp Fox, and the Revolutionary War landscape of South Carolina. The area also contains Wellman Golf Club, a county-owned public golf asset renovated after years of closure. Florence County previously invested approximately $3.9 million in penny sales tax funds toward the course renovation, and the course reopened as a municipal course in 2023.[1]

The early local outcomes matter. A restored course has supported renewed youth golf activity, including Johnsonville returning to state championship level competition. That youth athletics story gives the project a civic and educational value beyond tourism alone. School partnerships with Florence School District 5 and Florence School District 2 could create regular use, modest fee revenue, and a direct public purpose tied to student athletics, practice, tournaments, and character development.

The policy question before Florence County is whether these assets can be assembled into a larger state-level recreation and heritage destination. The recommended next step is a formal feasibility study that tests operating cost, capital need, visitor demand, land assembly, environmental review, governance structure, and potential state participation.

2. Why Florence County Should Initiate the Study

Florence County is large enough, central enough, and economically important enough to support a state park presence. The U.S. Census reports Florence County at 137,059 residents in the 2020 Census and approximately 138,049 residents in the 2025 population estimate.[2]

The official South Carolina State Parks park finder lists park properties across the state, and a 2018 legislative oversight map identified 47 state parks at that time. Florence County does not appear as a state park location in the available state park location materials reviewed for this concept. The feasibility study should verify the current county-by-county distribution using the latest SCPRT property list, including newly opened and newly acquired parks.[3]

That gap matters because state parks are more than amenities. They are platforms for outdoor recreation, tourism spending, public health, school programming, conservation, and small business activity. For Johnsonville specifically, a state park study would evaluate whether the county can convert a prior capital investment into a broader regional economic asset.

3. Proposed Park Concept

The working concept is a Johnsonville State Park or Francis Marion State Park, developed through a county, municipal, state, school, and conservation partnership. The name should be tested through community engagement, historical review, and state branding analysis. The strongest concept includes the following components:

- Wellman Golf Club as an 18-hole public golf anchor, with continued school use and tournament potential.
- River access near Johnsonville connected to the Great Pee Dee River and the lower Lynches River corridor.
- A crafted paddling experience with signed access, shuttle coordination, safety information, guide partnerships, and trip options.
- Primitive camping, river camping, RV or tent sites, and future cabin or camper cabin opportunities if feasible.
- Interpretation of Francis Marion, Snow's Island, Witherspoon's Ferry, Revolutionary Rivers, trade routes, and the swamp landscape of the Pee Dee.
- Connections to Lynches River County Park, existing county assets, school districts, local restaurants, outfitters, churches, civic groups, and regional tourism organizations.
- A phased capital plan so the county and state can begin with public access, signage, safety, and programming before committing to larger lodging or resort facilities.

4. Pillar One: Historical Ties and Francis Marion Heritage

The Francis Marion connection is one of the project's most valuable differentiators. South Carolina already has a strong Revolutionary War tourism platform, including battlefield sites, the Liberty Trail, state historic sites, and

heritage interpretation. A Johnsonville-centered park could interpret a distinctive piece of that story: the rivers, wetlands, farms, trade routes, and swamp refuges that shaped Marion's strategy.

SCDNR notes that Snow's Island is a National Historic Landmark and is listed in the National Register of Historic Places because of its significance as a Revolutionary War campsite and retreat for General Francis Marion and his forces. SCDNR also notes that the historic and recreational values of the Lynches River and Great Pee Dee River were recognized through designation of a 66-mile Revolutionary Rivers National Recreation Trail.[4]

Discover South Carolina describes the Revolutionary Rivers National Recreation Trail as following 66 miles of blackwater river through Marion's backcountry battlegrounds and his secret base camp on Snow's Island at the confluence of the Lynches and Great Pee Dee rivers. It also identifies interpretive locations such as Venters Landing and Dunham's Bluff.[5]

Johnsonville has an additional local claim. The City of Johnsonville history page states that Francis Marion accepted his Revolutionary War command at Witherspoon's Ferry, a Lynches River crossing north of present-day Johnsonville. That fact should be verified in consultation with historians and local heritage organizations, then incorporated into a professional interpretive plan.[6]

Comparable state model: Battle of Musgrove Mill State Historic Site preserves, protects, and interprets the site of the August 19, 1780 Revolutionary War battle at Musgrove's Mill. The site demonstrates that South Carolina State Parks already treats Revolutionary War interpretation as a valid state park function, especially when paired with trails, landscape preservation, and visitor education.[7]

5. Pillar Two: Kayaking, Paddling, and River-Based Recreation

The river recreation case is especially strong because the corridor already has state and national recognition. The National Recreation Trail application identifies the South Carolina Revolutionary Rivers Trail as a 60-mile stretch of Lynches River from Lynches River County Park near Florence to the confluence with the Great Pee Dee River, passing through Florence, Effingham, Scranton, Pamplico, and Johnsonville.[8]

SC Trails describes Revolutionary Rivers as following the Lynches Scenic River from Lynches River County Park to the confluence with the Pee Dee River and then an upstream section of the Great Pee Dee River just below the confluence with the Lynches. The Florence Convention and Visitors Bureau has also described the designation as 60 miles of the Lynches River between Lynches River County Park and the Great Pee Dee River, plus another six miles of the Great Pee Dee.[9]

This means the Johnsonville concept can build from an existing water trail instead of starting from zero. A feasibility study should evaluate launch points, take-outs, water levels, seasonal navigability, hazards, emergency response, outfitter capacity, shuttle logistics, land ownership, insurance, signage, and ADA-accessible options. The study should also evaluate whether the park could serve as the downstream or overnight counterpart to Lynches River County Park.

Comparable state models: Colleton State Park is described by South Carolina State Parks as a paddler's paradise and the official headquarters for the Edisto River Canoe and Kayak Trail. Givhans Ferry State Park offers Edisto River kayaking, tubing, trails, fishing, cabins, and campsites. South Carolina State Parks also markets the Edisto River Canoe and Kayak Trail as connecting Colleton and Givhans Ferry State Parks, including a 23-mile section between the two parks and up to 62 miles total.[10]

The newly opening Black River State Park is a current state-level precedent for a riverine park model. Southern Living reported that Black River State Park is South Carolina's first riverine state park and will operate through a series of scenic sites, water access points, launches, boardwalks, and trails along the Black River. The broader Black River Initiative is designed to connect 13 public parks along a 70-mile river corridor and conserve more than 6,200 acres.[11]

6. Pillar Three: Golf, Youth Athletics, and Existing Public Infrastructure

Wellman Golf Club gives the Johnsonville concept an immediate anchor. The course is already public, already renovated, already locally meaningful, and already connected to school use. Its recent restoration means the county is not evaluating a theoretical facility. The county is evaluating whether an existing public asset can be tied to a broader state-level recreation platform.

The Wellman official history states that Florence County purchased the golf course property in 2020 and entered into a 50-year ground lease with the City of Johnsonville in 2021 for construction and operation of a public golf course. WPDE reported that Florence County voted to provide $3.9 million of penny sales tax funds for the course. Rees Jones Inc. notes that the reopened Wellman layout was renovated after being closed since 2010, and that Rees Jones and Bryce Swanson oversaw the renovation.[12]

Comparable state model: Cheraw State Park includes an 18-hole Tom Jackson-designed championship golf course, Lake Juniper, nine cabins, 17 campsites, and boat-in camping areas. Cheraw demonstrates that a rural state park can combine golf, lake or paddling recreation, overnight stays, and group use.[13]

Comparable state model: Hickory Knob State Resort Park is South Carolina's state resort park model, offering an 18-hole championship golf course, lodging, camping, restaurant service, meeting space, skeet, archery, trails, and lake access. Hickory Knob demonstrates that golf can be one component in a broader state park destination, particularly when paired with overnight stays and other recreation.[14]

The golf case also aligns with statewide tourism data. SCPRT's 2024 Annual Accountability Report states that golf-based admissions tax collections totaled $25.0 million in FY 2023-24, a 9.7 percent increase from the prior year. The report further notes that increases in golf admissions tax collections were likely driven by both increases in rounds played and increases in greens fees.[15]

7. Pillar Four: Camping and Overnight Stays

The economic case becomes much stronger if the concept includes overnight stays. Day-use visitation produces value, but camping, RV sites, cabins, and camper cabins extend the visitor's time in market and increase spending on groceries, fuel, restaurants, supplies, guide services, equipment rental, and local retail.

SCPRT's 2024 Annual Accountability Report shows why overnight recreation matters. South Carolina State Parks generated just over $53 million in FY 2023-24 revenue, including approximately $23.3 million from campsite rentals and $6.1 million from cabin and lodging rentals. Campsite rental revenue increased 10.1 percent from the prior fiscal year.[16]

A Johnsonville feasibility study should test phased overnight options: primitive river camping, paddle-in camping, tent and RV campsites, group camping, camper cabins, and later lodging only if demand and operations justify it. A modest overnight footprint could support local impact while limiting up-front capital risk.

8. Pillar Five: Conservation, Public Access, and Land Assembly

A state park concept should protect the river corridor while increasing responsible access. That means the feasibility study should include land assembly, conservation easements, floodplain analysis, endangered species screening, wetlands review, historic resource review, and public access planning. The lower Lynches and Great Pee Dee corridor has cultural and ecological value, and a well-designed park would concentrate access at appropriate sites rather than allow unmanaged use.

The Black River model is especially relevant because it reflects modern conservation and recreation practice in South Carolina: a network of access points and protected lands along a rural river corridor, developed with multiple partners over time.

9. Preliminary Economic Impact Estimate

This section provides a planning-level estimate intended to justify a professional feasibility study. It should not be treated as a final impact analysis. A final study should use SCPRT data, county tax data, state park operating data, visitor intercept surveys, golf demand analysis, campground demand analysis, event calendars, and IMPLAN or a comparable economic modeling tool.

The estimate below uses five inputs: statewide state park revenue; camping and lodging performance across the state park system; comparable South Carolina park models; published river trail and nature-based tourism examples; and likely visitor spending from golf, paddling, camping, school events, tournaments, fuel, restaurants, retail, and heritage tourism. SCPRT reported more than $53 million in state park revenue in FY 2023-24. With approximately 47 to 49 park properties depending on how new and special properties are counted, the simple average revenue per park property is roughly $1.08 million to $1.13 million annually. That simple average does not measure local off-site spending, and it is not adjusted for outlier parks or mature versus new parks. It is useful as a rough systemwide reference point.[17]

Scenario	Annual visitors and users	Operating profile	Estimated direct local spending	Estimated total regional impact
A. Cautious launch model	12,000 to 18,000	Day use, limited camping, some golf, limited shuttle programming	650,000 to 1,200,000	1,000,000 to 2,000,000
B. Early success model	25,000 to 45,000	Golf, school use, scheduled paddling shuttles, primitive or developed camping, heritage interpretation, regional events	1,800,000 to 4,000,000	3,000,000 to 7,000,000
C. Mature destination model	60,000 to 90,000	Strong state marketing, multiple overnight options, tournaments, regular shuttles, outfitter partnerships, linked county and state park visitation	5,000,000 to 10,000,000	8,000,000 to 18,000,000+

The most defensible planning target is the early success model: $3 million to $7 million in annual regional impact within five years, assuming a phased buildout that includes golf, camping, paddling access, shuttle coordination, school use, heritage interpretation, and regional event programming. The low end is suitable for grant applications and initial public discussion. The high end becomes plausible only with overnight capacity, repeated events, packaged itineraries, and consistent state-level marketing.

10. How the Estimate Was Built

Demand source	Annual unit range	Spending range per unit	Notes
Day-use paddlers and heritage visitors	8,000 to 30,000	35 to 90	Access, fuel, meals, outfitter, retail, local stops
Golf rounds and golf visitors	8,000 to 25,000 rounds or users	35 to 125	Greens fees, cart fees, food, fuel, equipment, tournament spending
Campers and overnight guests	1,500 to 12,000 party nights	90 to 250 per party	Site fees, supplies, food, fuel, local spending
Events, school use, tournaments, group use	2,000 to 15,000 users	20 to 150	Spectators, tournament fees, meals, hotel overflow, local retail

A professional study should separate direct spending from total economic impact. Direct spending is the money visitors spend in or near the community. Total regional impact includes indirect and induced effects, such as business purchases and employee household spending. For rural park planning, a total impact multiplier of approximately 1.4 to 1.8 is commonly used as a preliminary range until a formal model is completed. The table above uses a conservative range and should be refined by economists.

11. Benefits to Florence County and Johnsonville

- Rural economic development through new visitors, events, local purchases, and small business opportunities.
- A stronger use case for a county-owned golf asset already restored with public funds.
- Youth athletics support for Johnsonville, Florence School District 5, Florence School District 2, and potential regional school tournaments.
- A new tourism identity for Johnsonville tied to the Swamp Fox, Revolutionary Rivers, the Great Pee Dee, golf, camping, and paddling.
- A countywide recreation asset that complements Lynches River County Park rather than duplicating it.
- A potential path for state participation in long-term operation, marketing, conservation, and capital planning.
- Improved public access to the river corridor with managed safety, signage, shuttle operations, and interpretation.
- A platform for grants, including outdoor recreation, trails, conservation, historic interpretation, rural tourism, and sports tourism funding.

12. Key Questions for the Feasibility Study

1. What state park model is most appropriate: full state park, state historic site, state recreation area, resort-style park, riverine park, or county-state partnership?
2. What land is required beyond Wellman Golf Club, and what parcels, easements, public access points, or riverfront tracts are realistically available?
3. What would the annual operating budget be under county, municipal, state, nonprofit, or hybrid management?
4. What capital improvements are needed for camping, launches, restrooms, signage, safety, maintenance, golf operations, and interpretation?
5. What are the environmental, floodplain, archeological, and historic resource constraints?
6. What is the realistic paddling season, trip length, shuttle time, and emergency response plan?
7. How many rounds of golf can the course support annually, including school use, local play, regional visitors, and tournaments?
8. What school district agreements, fee schedules, practice windows, and tournament calendars are feasible?
9. What business opportunities would exist for outfitters, guides, restaurants, lodging, convenience retail, and local vendors?
10. What grants, appropriations, private philanthropy, conservation funding, and tourism development programs could support each phase?

13. Recommended Governance and Partner Path

The county should initiate a structured partner process. The first step is a county-level authorization to explore the concept. That authorization can be framed narrowly: pursue a feasibility study and partner conversations without binding the county to transfer land, alter the existing lease, or commit major new capital funds.

Partner	Initial role
Florence County Council	Authorize exploration, direct staff, define county interests, request preliminary staff report.
Florence County Administration and Parks/Recreation	Inventory assets, costs, maintenance obligations, lease terms, staff capacity, and potential county role.
City of Johnsonville	Represent local interests, downtown impact, golf operations, utilities, community support, and municipal planning.
Florence School District 5 and Florence School District 2	Document school golf needs, expected use, fee participation, tournament potential, and student benefit.
SCPRT and South Carolina State Parks	Evaluate state park feasibility, operating models, capital standards, state marketing, and long-term fit.
Florence County Legislative Delegation	Pursue state-level champions, budget provisos, study funding, and legislative support.
SCDNR and conservation partners	Evaluate river access, scenic river issues, habitat, fisheries, boating safety, and conservation strategy.

Visit Florence / Florence CVB and regional tourism partners	Package itineraries, market research, heritage tourism, tournament recruitment, and visitor services.
Historians and heritage organizations	Validate Francis Marion claims, develop interpretive themes, and protect historic integrity.
Local businesses and civic organizations	Support visitor services, sponsorships, events, volunteer stewardship, and community buy-in.

14. Proposed Phasing

Phase	Timeline	Deliverables
Phase 1: Council Authorization and Concept Validation	0 to 90 days	County staff memo, stakeholder list, initial SCPRT contact, school letters of interest, existing cost summary, river and land map.
Phase 2: Formal Feasibility Study	3 to 9 months	Market analysis, concept plan, operating model, land needs, environmental screen, historic interpretation plan, economic impact model, capital estimate.
Phase 3: Partner Commitments and Funding Strategy	9 to 18 months	State delegation support, grants, conservation partner commitments, local agreements, governance structure, preliminary capital package.
Phase 4: Pilot Programming	12 to 24 months	Golf tournaments, guided paddles, shuttle pilots, Francis Marion heritage events, school use agreements, visitor data collection.
Phase 5: Capital Implementation	24 months and beyond	Launch improvements, camping, signage, interpretation, restrooms, trails, maintenance facilities, expanded overnight options if warranted.

15. Draft Council Action

Florence County Council could consider a resolution with language similar to the following:

> Florence County Council directs county administration to evaluate the feasibility of a Johnsonville-area state park or state park partnership centered on Wellman Golf Club, the Great Pee Dee River, the Lynches River and Revolutionary Rivers corridor, Francis Marion heritage interpretation, camping, paddling access, school athletics, and related public recreation assets. County administration is further authorized to engage the City of Johnsonville, Florence School Districts 2 and 5, the Florence County legislative delegation, the South Carolina Department of Parks, Recreation and Tourism, South Carolina State Parks, SCDNR, conservation partners, tourism partners, and other stakeholders to determine the appropriate scope, cost, governance model, and funding opportunities for a professional feasibility study.

16. Conclusion

A Johnsonville-area state park concept deserves a formal feasibility study because the assets are unusually aligned: a restored public golf course, an existing national recreation trail, a nationally meaningful Francis Marion landscape, a riverine state park precedent in South Carolina, youth athletics demand, and a county without a state park presence. The proposal is ambitious, but it is also practical enough to study. The county has already invested in one of the hardest pieces: preserving and restoring the golf asset. The next decision is whether that investment can become the anchor for a broader state-level recreation and heritage destination that supports Johnsonville, Florence County, and the Pee Dee region for decades.

Addendum: The Pee Dee Campaign and South Carolina's 250th Anniversary

A Landscape That Helped Shape the Southern Campaign

As South Carolina commemorates the 250th anniversary of the American Revolution through the SC250 initiative, our state has embraced a powerful message:

South Carolina is where the American Revolution was won.

Whether every historian would phrase it exactly that way is less important than the broader point the initiative seeks to communicate. The Southern Campaign fundamentally changed the course of the war, and South Carolina became the center of that struggle. After the fall of Charleston in 1780, the British believed they had secured the South and could use it as the foundation for restoring royal authority throughout the colonies. Instead, they encountered determined resistance across the South Carolina backcountry. Rather than ending the Revolution, the capture of Charleston marked the beginning of one of its most consequential campaigns.

The Pee Dee region played a significant role in that story.

Unlike many Revolutionary War sites that commemorate a single battlefield, the Johnsonville area preserves the landscape of an entire campaign. The rivers, swamps, ferries, forests, and crossroads surrounding present day Johnsonville became the operating environment for General Francis Marion and the Williamsburg Militia. Snow's Island, located at the confluence of the Great Pee Dee and Lynches Rivers, served as Marion's headquarters during the winter of 1780–1781. From this base, Patriot forces gathered intelligence, coordinated militia operations, disrupted British supply lines, and repeatedly used the region's geography to offset the advantages of a larger, better equipped army.

The significance of this landscape extends beyond Francis Marion himself.

The Southern Campaign became a contest of mobility, logistics, local support, and persistence. British forces often controlled major towns, yet Patriot militia controlled much of the countryside through constant movement and localized resistance. The Pee Dee's rivers and wetlands were not merely scenic features. They were strategic assets that influenced military decisions, protected Patriot forces, and complicated British operations throughout eastern South Carolina.

This broader perspective aligns closely with the mission of SC250.

The South Carolina American Revolution Sestercentennial Commission is not focused solely on commemorating famous battles. Its mission includes preserving historic places, expanding educational opportunities, encouraging heritage tourism, supporting rural economic development, and helping residents and visitors better understand South Carolina's defining role in America's founding. As part of that effort, SC250 has invested in the publication of *The Francis Marion Papers*, making hundreds of original documents available to scholars, teachers, students, and the public while encouraging a deeper understanding of Marion's leadership and the Southern Campaign.

A Johnsonville recreation and heritage destination would complement these statewide efforts by helping tell one of South Carolina's most important stories where it actually unfolded. Rather than preserving only a battlefield or monument, it would provide an opportunity to interpret an authentic Revolutionary War landscape through history, recreation, education, and conservation. Visitors could experience the rivers Marion traveled, the geography that shaped his campaign, and the communities that contributed to one of the most significant chapters of the American Revolution.

Florence County has an opportunity not simply to preserve history, but to help South Carolina tell it.

BE IT ORDAINED BY THE FLORENCE COUNTY COUNCIL, SOUTH CAROLINA, IN COUNCIL ASSEMBLED, AS FOLLOWS:

ARTICLE I

FINDINGS OF FACT

Section 1.01 Findings.

On July 16, 2020, the Council enacted Ordinance Number 31-2019/20 entitled: "AN ORDINANCE TO IMPOSE A ONE PERCENT SALES TAX, SUBJECT TO A REFERENDUM, WITHIN FLORENCE COUNTY PURSUANT TO THE CAPITAL PROJECT SALES TAX ACT; TO DEFINE THE SPECIFIC PURPOSES AND DESIGNATE THE PROJECTS FOR WHICH THE PROCEEDS OF THE TAX MAY BE USED; TO PROVIDE THE MAXIMUM TIME FOR WHICH THE TAX MAY BE IMPOSED; TO PROVIDE THE MAXIMUM COST OF THE PROJECTS OR FACILITIES FUNDED FROM THE PROCEEDS TO BE RAISED BY THE TAX; TO PROVIDE FOR A COUNTY-WIDE REFERENDUM AND TO CONCUR IN THE CONTENTS OF THE BALLOT QUESTION IN SUCH REFERENDUM; TO ESTABLISH THE PRIORITY IN WHICH THE PROCEEDS OF THE TAX ARE TO BE EXPENDED; TO AUTHORIZE THE ISSUANCE OF GENERAL OBLIGATION BONDS OF FLORENCE COUNTY, SUBJECT TO SUCH REFERENDUM, TO DEFRAY COSTS OF PROJECTS AND ISSUANCE COSTS; TO PROVIDE FOR THE CONDUCT OF SUCH REFERENDUM; TO PROVIDE FOR THE ADMINISTRATION OF THE TAX; TO PROVIDE FOR THE PAYMENT OF THE TAX; AND TO PROVIDE FOR OTHER MATTERS RELATING THERETO" (the "Initial Ordinance"). The Initial Ordinance was enacted pursuant to the authority of certain provisions of the Code of Laws of South Carolina, 1976, as amended (the "S.C. Code"), including the Capital Project Sales Tax Act, Sections 4-10-300 et seq. of the S.C. Code (the "Sales Tax Act").

Pursuant to the Initial Ordinance and the Sales Tax Act, a referendum was held in the County on November 3, 2020. As certified by the Florence County Voter Registration and Elections Commission, the question presented in the referendum (the "Referendum Question") was approved by the majority of the voters casting a vote therein, with 33,263 votes cast in favor and 13,944 votes cast in opposition.

Pursuant to the Sales Tax Act and approval of the Referendum Question, the imposition of the sales and use tax provided for in the Sales Tax Act, the third such sales and use tax imposed in Florence County ("CPST III") commenced May 1, 2021 and will terminate on April 30, 2028.

The Referendum Question contained projects permitted to be funded from the proceeds of CPST III pursuant to Section 4-10-330(A)(1) of the Sales Tax Act (the "Initial Projects").

On February 18, 2021, the Council enacted Ordinance No. 15-2020/21 entitled "AN ORDINANCE TO PROVIDE FOR THE ISSUANCE AND SALE OF NOT EXCEEDING ONE HUNDRED TWENTY MILLION DOLLARS ($120,000,000) GENERAL OBLIGATION BONDS OF FLORENCE COUNTY, SOUTH CAROLINA, TO PRESCRIBE THE PURPOSES FOR WHICH THE PROCEEDS SHALL BE EXPENDED, TO PROVIDE FOR THE PAYMENT THEREOF, AND OTHER MATTERS RELATING THERETO" (the "CPST Bond Ordinance").

Pursuant to the CPST Bond Ordinance, the County issued, sold, and delivered $120,000,000 in principal amount of general obligation bonds of the County on March 11, 2021 (the "CPST III Bonds") in order to provide funds to defray the costs of the Initial Projects.

The CPST III Bonds are payable from the revenues derived from the imposition of CPST III and mature on June 1, 2028.

Section 3.8 of the Initial Ordinance provides for a flow of funds relative to the CPST III revenues and the CPST III Bonds. Said Section 3.8 provides that an amount equal to the amount of principal and interest payable on the CPST III Bonds during the following thirteen months shall be maintained in the sinking

fund for the CPST III Bonds at all times, after which funds may be used to fund any debt service reserve fund established for the CPST Bonds and used to pay cost overruns with respect to the Initial Projects.

No debt service reserve fund has been established for the CPST III Bonds and all of the Initial Projects are either complete for fully funded with no cost overruns.

In consultation with the County's municipal financial advisor, County administration has projected that the amount of CPST III revenue that will be collected to April 30, 2028 will exceed debt service requirements with respect to the CPST III Bonds to the final maturity of the CPST III Bonds by between $50,000,000 and $80,000,000 (the "CPST III Excess").

Section 4-10-340(B)(3) of the Sales Tax Act, provides that, if excess revenues from the imposition of a capital project sales tax remain after all projects in the applicable referendum question have been fully funded and the capital project sales tax has not been reimposed, County Council may by ordinance apply may specify and direct the expenditure of such proceeds to other projects selected by County Council so long as the projects fall within the categories of project listed in Section 4-10-330(A)(1) of the Sales Tax Act.

CPST III is currently in effect and has not been reimposed.

As allowed by Section 4-10-340(B)(3) of the Sales Tax Act, Council therefore intends by and through this Ordinance to specify and direct the expenditure of $50,000,000 of the CPST Excess to public projects in the categories listed in Section 4-10-330(A)(1) of the Sales Tax Act.

* * *

DEPARTMENT: Economic Development

ISSUE UNDER CONSIDERATION:
An Ordinance Authorizing The Execution And Delivery Of A Fee-In-Lieu-Of-Tax Agreement By And Between SteelFab, Inc., A Company Previously Identified As "Project Bubble" (The "Company") And Florence County, South Carolina (The "County") To Provide For The Payment Of Certain Fees In Lieu Of Taxes, The Issuance Of Certain Special Source Revenue Credits, And Other Matters Related Thereto.

POINTS TO CONSIDER:

1. Project Bubble is a manufacturer that will invest $38,925,000 in the project.
2. Importantly, the $36.9mm of the total is in real property costs which do not depreciate, making the project particularly valuable for property tax purposes.
3. The company will create 108 new jobs in the county.
4. The FILOT agreement would lock in a 6% assessment ratio and provides for a millage rate that is fixed for the first five years and then adjusted every five years to the trailing five-year average.
5. The FILOT agreement further includes an SSRC equal to 20% of the FILOT payments for years 1-10 and 10% for years 11-40. The FILOT agreement includes a clawback for the SSRCs based 50/50 on jobs/investment.
6. The property is part of a multi-county park agreement with Marion County.
7. The county has also agreed to provide a $250,000 grant to offset infrastructure costs incurred by the company. The documents provide that the county can utilize MCIP revenues to provide for the reimbursement. The FILOT agreement includes a clawback for the grant based 50/50 on jobs/investment.

"Removed Components" shall mean the following types of components or Phases of the Project or portions thereof which are subject to FILOT payments, all of which the Company shall be entitled to remove from the Project with the result that the same shall no longer be subject to the terms of the Fee Agreement: (a) components or Phases of the Project or portions thereof which the Company, in its sole discretion, determines to be inadequate, obsolete, worn-out, uneconomic, damaged, unsuitable, undesirable, or unnecessary pursuant to Section 4.6 hereof or otherwise; or (b) components or Phases of the Project or portions thereof which the Company in its sole discretion, elects to be treated as removed pursuant to Section 4.7(c) or Section 4.8(b)(iii) of this Fee Agreement.

ARTICLE II

REPRESENTATIONS, WARRANTIES, AND AGREEMENTS

Section 2.1 Representations, Warranties, and Agreements of the County. The County hereby represents, warrants, and agrees as follows:

(a) The County is a body politic and corporate and a political subdivision of the State and acts through the County Council as its governing body. The Act authorizes and empowers the County to enter into the transactions that this Fee Agreement contemplates and to carry out its obligations hereunder. The County has duly authorized the execution and delivery of this Fee Agreement and any and all other agreements described herein or therein and has obtained all consents from third parties and taken all actions necessary or that the law requires to fulfill its obligations hereunder.

(b) Based upon representations by the Company, the Project constitutes a "project" within the meaning of the Act, and the County is a County that the Act authorizes to enter into fee in lieu of tax agreements with companies that satisfy the Act Minimum Investment Requirement within the County.

(c) The County has agreed that each item of real and tangible personal property comprising the Project which is eligible to be economic development property under the Act and that the Company selects shall be considered Economic Development Property and is thereby exempt from *ad valorem* taxation in South Carolina.

(d) The millage rate in Section 4.1 hereof shall be adjusted every fifth year, and will begin with an initial millage rate of 0.3811, the millage rate in effect with respect to the location of the proposed Project on June 30, 2026, as provided under Section 12-44-50(A)(1)(d) of the Act.

(e) The County will not be in default in any of its obligations (contractual or otherwise), including any violation of its statutory debt limit, as a result of entering into and performing under this Fee Agreement and/or as a result of creating an Industrial Development Park encompassing the Project.

(f) The County will take all reasonable action to include the Project in an Industrial Development Park.

Section 2.2 Representations, Warranties, and Agreements of the Company. The Company hereby represents, warrants, and agrees as follows:

(a) The Company is or will be in good standing under the laws of the State of South Carolina prior to commencing operations at the Project, is or will be duly authorized to transact business in the State of South Carolina prior to commencing operations at the Project, has power to enter into this Fee Agreement, and has duly authorized the execution and delivery of this Fee Agreement.

(b) The Company intends to operate the Project as a "project" within the meaning of the Act as in effect on the date hereof. The Company intends to operate the Project as a distribution facility and for such other purposes that the Act permits as the Company may deem appropriate.

(c) The Company will use commercially reasonable efforts to ensure that its total capital investment will equal or exceed the Act Minimum Investment Requirement.

ARTICLE III

COMMENCEMENT AND COMPLETION OF THE PROJECT

Section 3.1 The Project. The Company intends to invest in Equipment, Improvements, and/or Real Property, which together comprise the Project and which are anticipated to create at least the Act Minimum Investment Requirement in eligible Economic Development Property investment subject to Payments in Lieu of Taxes in the County.

The parties hereto agree that, to the extent that applicable law allows or is revised or construed to allow the benefits of the Act, in the form of FILOT Payments to be made under Article IV hereof, to be applicable to leased assets including, but not limited to a building and/or personal property to be installed in the buildings and leased to but not purchased by the

Company from one or more Sponsors under any form of lease, then such property shall, at the election of the Company, be subject to FILOT Payments to the same extent as the Company's assets covered by this Fee Agreement, subject, at all times, to the requirement of such applicable law. The parties hereto further agree that this Fee Agreement may be interpreted or modified as may be necessary or appropriate in order to give proper application of this Fee Agreement to such tangible property without such construction or modification constituting an amendment to this Fee Agreement, and thus not requiring any additional action by the County Council. The County Administrator after consulting with the County Attorney, shall be and hereby is authorized to make such modifications, if any, as may be necessary or appropriate in connection therewith. Such leased property shall constitute a part of the Project for all purposes of this Fee Agreement, including the calculation of the Clawback Minimum Requirements, removal, replacement, and termination, and such Sponsor shall be deemed to be a party to this Fee Agreement provided, however, that no Sponsor shall be liable for any payments pursuant to Section 4.2(b) hereof, which shall remain the Company's liability.

Pursuant to the Act and subject to Section 4.2 hereof, the Company and the County hereby agree that the Company shall identify annually those assets which are eligible for FILOT payments under the Act and which the Company selects for such treatment by listing such assets on the applicable schedule in its annual PT-300 form (or comparable form) to be filed with the Department (as such may be amended from time to time) and that by listing such assets, such assets shall automatically become Economic Development Property and therefore be exempt from all *ad valorem* taxation during the Exemption Period. Anything contained in this Fee Agreement to the contrary notwithstanding, the Company shall not be obligated to complete the acquisition of the Project. However, if the Company does not meet the Act Minimum Investment Requirement, this Fee Agreement shall be terminated as provided in Section 4.2 hereof.

Section 3.2 Diligent Completion. The Company agrees to use its reasonable efforts to cause the completion of the Project as soon as practicable, but in any event on or prior to the end of the Investment Period.

Section 3.3 Filings and Reports.

(a) Each year during the term of the Fee Agreement, the Company shall deliver to the County, the County Auditor, the County Assessor, and the County Treasurer, a copy of its most recent annual filings with the Department with respect to the Project, not later than 30 days following delivery thereof to the Department.

(b) The Company shall cause a copy of this Fee Agreement, as well as a copy of the completed Form PT-443 of the Department, to be filed with the County Auditor and the County Assessor of the County and any partner county, when the Project is placed in an Industrial Development Park, and the Department within 30 days after the date of execution and delivery hereof by all parties hereto.

ARTICLE IV

PAYMENTS IN LIEU OF TAXES; ECONOMIC DEVELOPMENT GRANT

Section 4.1 Negotiated Payments; Economic Development Grant.

(a) Pursuant to Section 12-44-50 of the Act, the Company is required to make payments in lieu of *ad valorem* taxes to the County with respect to the Economic Development Property. Inasmuch as the Company anticipates an initial investment of sums sufficient for the Project to qualify for a fee in lieu of tax arrangement under the Act, the County and the Company have negotiated the amount of the FILOT Payments in accordance therewith. The Company shall make FILOT Payments on all Economic Development Property which comprises the Project and is placed in service, as follows: the Company shall make FILOT Payments during the Exemption Period with respect to the Economic Development Property or, if there are Phases of the Economic Development Property, with respect to each Phase of the Economic Development Property, said payments to be made annually and to be due and payable and subject to penalty assessments on the same dates and in the same manner as prescribed by the County for *ad valorem* taxes. The determination of the amount of such annual FILOT Payments shall be in accordance with the following procedure (subject, in any event, to the procedures that the Act requires):

Step 1: Determine the fair market value of the Economic Development Property (or Phase of the Economic Development Property) placed in service during the Exemption Period using original income tax basis for State income tax purposes for any Real Property and Improvements without regard to depreciation (provided, the fair market value of real property, as the Act defines such term, that the Company obtains by construction or purchase in an arms-length transaction is equal to the original income tax basis, and otherwise, the determination of the fair market value is by appraisal) and original income tax basis for State income tax purposes for any personal property less depreciation for each year allowable for property tax purposes, except that no extraordinary obsolescence shall be allowable. The fair market value of the Real Property for the first year of the Fee Term remains the fair market value of the Real Property for the life of the Fee Term. The determination of these values shall take into account all applicable property tax exemptions that State law would allow to the Company if the property were taxable, except those exemptions that Section 12-44-50(A)(2) of the Act specifically disallows.

Step 2: Apply an assessment ratio of six percent (6%) to the fair market value in Step 1 to establish the taxable value of the Economic Development Property (or each Phase of the Economic Development Property) in the year it is placed in service and in each of the 39 years thereafter or such longer period of years in which the Act permits the Company to make annual fee payments.

Step 3: Use a adjustable millage rate that will initially, and for the first five (5) years equal to the millage rate in effect on June 30, 2026, which is 381.1 mills, as Section 12-44-50(A)(1)(d) of the Act provides, such millage rate to be adjusted every fifth (5^{th}) year in step with the

average cumulative actual millage rate applicable to the Project, based upon the preceding five-year period, as Section 12-44-50(A)(1)(b)(ii) of the Act provides during the Exemption Period, against the taxable value to determine the amount of the Payments in Lieu of Taxes due during the Exemption Period on the payment dates that the County prescribes for such payments or such longer period of years in which the Act permits the Company to make annual fee payments.

(b) The FILOT Payments shall be in lieu of all *ad valorem* tax payments and any other charges that would have appeared on the property tax bills otherwise generated by the County in the absence of this Fee Agreement.

In the event that a final order of a court of competent jurisdiction or an agreement of the parties determines that the calculation of the minimum FILOT Payment applicable to this transaction is to be other than by the procedure herein, the payment shall be reset at the minimum permitted level so determined.

Subject to Section 6.8 hereof, in the event that a final order of a court of competent jurisdiction from which no further appeal is allowable declares the Act and/or the herein-described Payments in Lieu of Taxes invalid or unenforceable, in whole or in part, for any reason, the parties express their intentions to reform such payments so as to effectuate most closely the intent hereof and so as to afford the Company with the benefits to be derived herefrom, the intention of the County being to offer the Company a strong inducement to locate the Project in the County. If the Economic Development Property is deemed to be subject to *ad valorem* taxation, this Fee Agreement shall terminate, and the Company shall pay the County regular *ad valorem* taxes from the date of termination, but with appropriate reductions equivalent to all tax exemptions which are afforded to the Company. Any amount determined to be due and owing to the County from the Company, with respect to a year or years for which the Company previously remitted Payments in Lieu of Taxes to the County hereunder, shall *(i)* take into account all applicable tax exemptions to which the Company would be entitled if the Economic Development Property was not and had not been Economic Development Property under the Act; and *(ii)* be reduced by the total amount of Payments in Lieu of Taxes the Company had made with respect to the Project pursuant to the terms hereof. Notwithstanding anything contained herein to the contrary, neither the Company nor any successor in title or interest shall be required to pay FILOT payments and *ad valorem* taxes for the same property over the same period in question.

The County agrees that all qualifying capital expenses of the Company during the Investment Period shall qualify for an Infrastructure Credit as follows: 20% for the first ten payments due hereunder (years 1-10), and 10% for the next thirty payments due hereunder (years 11-40). The Company shall receive the Infrastructure Credit to offset the aggregate Infrastructure costs incurred. The Infrastructure Credit shall be applied as a setoff against the FILOT owed for the then current year.

Section 4.2 Failure to Achieve Act Minimum Investment Requirement, Clawback Minimum Requirements.

(a) In the event that the cost of the Economic Development Property (without regard to depreciation) that the Company acquires does not reach the Act Minimum Investment Requirement by the end of the Investment Period, this Fee Agreement shall terminate as to such entity failing to meet the minimum investment level. In such event, the Company shall pay the County an amount (the "Additional Payment") pursuant to the Act which is equal to the excess, if any, of *(i)* the total amount of *ad valorem* taxes as would result from taxes levied on the Project by the County, municipality or municipalities, school district or school districts, and other political units as if the items of property comprising the Economic Development Property were not Economic Development Property, but with appropriate reductions equivalent to all tax exemptions and abatements to which the Company would be entitled in such a case, through and including the end of the Investment Period, over *(ii)* the total amount of FILOT payments the Company has made with respect to the Economic Development Property through and including the end of the Investment Period. Any amounts determined to be owing pursuant to the foregoing sentence shall be subject to the minimum amount of interest that the Act may require.

(b) If the Company fails to meet and maintain the Clawback Minimum Requirements as of the end of the Investment Period, the Company shall be obligated to repay a prorated portion of the Infrastructure Credits provided under Section 4.1(c) hereof, with such prorated portion to be calculated by determining the average achievement percentage of the job and investment requirements (as compared to the Clawback Minimum Requirements) as of the last day of the Investment Period with computations for the achievement percentages rounded up to the nearest hundredth decimal place and the resulting prorated repayment percentage amount rounded down to the nearest hundredth decimal place. Investment shall be measured based on gross cost without regard to depreciation. Subject to the foregoing prorated repayment requirement, this Fee Agreement shall continue in effect and the Company may, in its discretion, continue to pay the Fee in Lieu of Taxes and receive Infrastructure Credits, as provided in this Fee Agreement, even in the event of such failure to meet and maintain the Clawback Minimum Requirements The reduction shall be calculated as follows:

Reduction Factor = 100% - Overall Achievement Percentage

Overall Achievement Percentage = (Investment Achievement Percentage + Jobs Achievement Percentage) / 2

Investment Achievement Percentage = Actual investment of Company and any Sponsor or Sponsor Affiliate at the expiration of the Investment Period / 38,925,000

Jobs Achievement Percentage = Actual number of full-time jobs of Company at the expiration of the Investment Period / 108

Provided, if the Investment Achievement Percentage or Jobs Achievement Percentage is 90% or greater, such percentage shall be deemed to be 100%. The Reduction Factor shall be applied to the Infrastructure Credits received to date.

For example, and by way of example only, if the Investment Period ends on December 31, 2031, and if the Company achieved an investment of $31,918,500 and created 95 total jobs in the County by December 31, 2027, the clawback would be calculated as follows:

Investment Achievement Percentage = $31,918,500/$38925,000 = 82.00%

Jobs Achievement Percentage = 95/108 = 88.00%

Overall Achievement Percentage = (82% + 88%) / 2 = 85.00%

Reduction Factor = 100% - 85% = 15.00%

Following the end of the Investment Period, for any year in which the Company is eligible to receive Infrastructure Credits, if the Company fails to maintain the Clawback Minimum Requirements as of the last day of its property tax year at any time during the term of this Agreement, the Infrastructure Credits provided pursuant to Section 4.1(c) hereof shall be reduced each year in a prorated manner, with the prorated amount to be calculated in the same manner provided above, including the applicability of the 90% safe harbor.

The Company shall file a written certification with the County Auditor, Finance Director, and Administrator within sixty (60) days of the end of the Investment Period, and within sixty (60) days following the end of each year following the Investment Period in which the Company is eligible for Infrastructure Credits under Section 4.1(c), certifying the eligible investments and jobs as of the end of the applicable year and the calculation of the Reduction Factor for such year. Failure to file such notice shall constitute a waiver of the Infrastructure Credits under Section 4.1(c) for such year until the certification is filed, provided that if the certification is not filed prior to June 30 of any year for which the Company is eligible for an Infrastructure Credit under Section 4.1(c), but the certification is filed at a later date, the County may elect to apply the Infrastructure Credit to the year in question or in equal installments over up to eight succeeding property tax years. For example, and by way of example only, if the Company fails to file a certification for property tax year 2040, on or before June 30, 2040, reporting investments, job creation, and the Reduction Factor as of December 31, 2039 (assuming the Company's fiscal year ends on December 31), but the Company subsequently files the certification, the County may elect to apply the Infrastructure Credits applicable under Section 4.1(c) for property tax year 2040 to the 2040 property tax year or in equal installments over a period of up to eight years as determined by the County.

(c) If the Company fails to meet and maintain the Clawback Minimum Requirements as of the end of the Investment Period, the Company shall be obligated to repay a prorated portion of the County Grant calculated in the same manner as provided in Section 4.2(b), including the applicability of the 90% safe harbor. Provided, however, that the obligation to repay a prorated portion of the County Grant, if any, shall not extend beyond the end of the Investment Period.

The written certification required to be filed within sixty (60) days of the end of the Investment Period as provided in Section 4.2(b), to include a calculation of the Reduction Factor shall apply to any repayment obligation under this Section 4.2(c).

(d) The remedies stated herein shall be the County's sole remedies for the Company's failure to meet any required investment or job creation level.

(e) Any amounts due to the County under Section 4.2(a), 4.2(b), or 4.2(c), if any, shall be paid within ninety (90) days following written notice thereof from the County to the Company.

Section 4.3 Payments in Lieu of Taxes on Replacement Property. If the Company elects to replace any Removed Components and to substitute such Removed Components with Replacement Property as a part of the Economic Development Property, or the Company otherwise utilizes Replacement Property, then, pursuant and subject to Section 12-44-60 of the Act, the Company shall make statutory payments in lieu of *ad valorem* taxes with regard to such Replacement Property in accordance with the following:

(i) Replacement Property does not have to serve the same function as the Economic Development Property it is replacing. Replacement Property is deemed to replace the oldest Economic Development Property subject to the Fee, whether real or personal, which is disposed of in the same property tax year in which the Replacement Property is placed in service. Replacement Property qualifies as Economic Development Property only to the extent of the original income tax basis of Economic Development Property which is being disposed of in the same property tax year. More than one piece of property can replace a single piece of Economic Development Property. To the extent that the income tax basis of the Replacement Property exceeds the original income tax basis of the Economic Development Property which it is replacing, the excess amount is subject to annual payments calculated as if the exemption for Economic Development Property were not allowable. Replacement Property is entitled to treatment under the Fee Agreement for the period of time remaining during the Exemption Period for the Economic Development Property which it is replacing; and

(ii) The new Replacement Property which qualifies for the Fee shall be recorded using its income tax basis, and the calculation of the Fee shall utilize the millage rate and assessment ratio in effect with regard to the original property subject to the Fee.

Section 4.4 Reductions in Payments of Taxes Upon Removal, Condemnation, or Casualty. In the event of a Diminution in Value of the Economic Development Property or any Phase of the Economic Development Property, the Payment in Lieu of Taxes with regard to the Economic Development Property or that Phase of the Economic Development Property shall be reduced in the same proportion as the amount of such Diminution in Value bears to the original fair market value of the Economic Development Property or that Phase of the Economic Development Property as determined pursuant to Step 1 of Section 4.1(a) hereof; *provided, however,* that if at any time subsequent to the end of the Investment Period, the total value of the Project based on the original income tax basis of the Equipment, Real Property, and Improvements contained therein, without deduction for depreciation, is less than the Act

Minimum Investment Requirement, beginning with the first payment thereafter due hereunder and continuing until the end of the Fee Term, the Company shall no longer be entitled to the incentive provided in Section 4.1, and the Company shall therefore commence to pay regular *ad valorem* taxes on the Economic Development Property part of the Project. However, the Company will not be required to make any retroactive payment such as the Additional Payment under Section 4.2.

Section 4.5 Place of Payments in Lieu of Taxes. The Company shall make the above-described Payments in Lieu of Taxes directly to the County in accordance with applicable law.

Section 4.6 Removal of Economic Development Property. Subject, always, to the other terms and provisions hereof, the Company shall be entitled to remove and dispose of components or Phases of the Project from the Project in its sole discretion with the result that said components or Phases shall no longer be considered a part of the Project and, to the extent such constitute Economic Development Property, shall no longer be subject to the terms of this Fee Agreement to the fullest extent allowed by the Act, as amended. Economic Development Property is disposed of only when it is scrapped or sold or it is removed from the Project. If it is removed from the Project, it is subject to *ad valorem* property taxes to the extent the Property remains in the State and is otherwise subject to *ad valorem* property taxes.

Section 4.7 Damage or Destruction of Economic Development Property.

(a) Election to Terminate. In the event the Economic Development Property is damaged by fire, explosion, or any other casualty, the Company shall be entitled to terminate this Fee Agreement. The Company shall only be required to make FILOT payments as to all or any part of the tax year in which the damage or casualty occurs to the extent property subject to *ad valorem* taxes would otherwise have been subject to such taxes under the same circumstances for the period in question.

(b) Election to Rebuild. In the event the Economic Development Property is damaged by fire, explosion, or any other casualty, and if the Company does not elect to terminate this Fee Agreement, the Company may commence to restore the Economic Development Property with such reductions or enlargements in the scope of the Economic Development Property, changes, alterations, and modifications (including the substitution and addition of other property) as may be desired by the Company. All such restorations and replacements shall be considered, to the fullest extent permitted by law and this Fee Agreement, substitutions of the destroyed portions of the Economic Development Property and shall be considered part of the Economic Development Property for all purposes hereof, including, but not limited to, any amounts due by the Company to the County under Section 4.1 hereof.

(c) Election to Remove. In the event the Company elects not to terminate this Fee Agreement pursuant to subsection (a) and elects not to rebuild pursuant to subsection (b), the damaged portions of the Economic Development Property shall be treated as Removed Components.

Section 4.8 Condemnation.

(a) Complete Taking. If at any time during the Fee Term title to or temporary use of the Economic Development Property should become vested in a public or quasi-public authority by virtue of the exercise of a taking by condemnation, inverse condemnation, or the right of eminent domain; by voluntary transfer under threat of such taking; or by a taking of title to a portion of the Economic Development Property which renders continued use or occupancy of the Economic Development Property commercially unfeasible in the judgment of the Company, the Company shall have the option to terminate this Fee Agreement by sending written notice to the County within a reasonable period of time following such vesting.

(b) Partial Taking. In the event of a partial taking of the Economic Development Property or a transfer in lieu thereof, the Company may elect: *(i)* to terminate this Fee Agreement; *(ii)* subject to the Act and the terms and provisions of this Fee Agreement, to repair and restore the Economic Development Property, with such reductions or enlargements in the scope of the Economic Development Property, changes, alterations, and modifications (including the substitution and addition of other property) as the Company may desire, and all such changes, alterations, and modifications shall be considered as substitutions of the taken parts of the Economic Development Property; or *(iii)* to treat the portions of the Economic Development Property so taken as Removed Components.

(c) The Company shall only be required to make FILOT payments as to all or any part of the tax year in which the taking occurs to the extent property subject to *ad valorem* taxes would otherwise have been subject to such taxes under the same circumstances for the period in question.

Section 4.9 Confidentiality/Limitation on Access to Project. The County acknowledges and understands that the Company utilizes confidential and proprietary processes and materials, services, equipment, trade secrets, and techniques (herein "Confidential Information") and that any disclosure of Confidential Information concerning the Company's operations may result in substantial harm to the Company and could thereby have a significant detrimental impact on the Company's employees and also upon the County. The Company acknowledges that the County is subject to the Freedom of Information Act, and, as a result, must disclose certain documents and information on request absent an exemption. For these reasons, the Company shall clearly label all Confidential Information it delivers to the County "Confidential Information." Therefore, the County agrees that, except as required by law, neither the County nor any employee, agent, or contractor of the County shall (i) request or be entitled to receive any such Confidential Information, or (ii) disclose or otherwise divulge any such Confidential Information to any other person, firm, governmental body or agency, or any other entity unless specifically required to do so by law; provided, however, that the County shall have no less rights concerning information relating to the Project and the Company than concerning any other property or property taxpayer in the County, and, provided further, that the confidentiality of such confidential or proprietary information is clearly disclosed to the County in writing as previously described. Prior to disclosing any Confidential Information, subject to the requirements of law, the Company may require the execution of reasonable, individual, confidentiality and non-disclosure agreements by any officers, employees, or agents of the County or any supporting or cooperating governmental agencies who would gather, receive, or review such information. In the event that the County is required to disclose any Confidential Information obtained from the Company to any third party, the County agrees to provide the

Company with as much advance notice as possible of such requirement before making such disclosure, and to cooperate reasonably with any attempts by the Company to obtain judicial or other relief from such disclosure requirement.

Section 4.10 Assignment. If Section 12-44-120 of the Act or any successor provision requires consent to an assignment, the Company may assign this Fee Agreement in whole or in part with the prior written consent of the County or a subsequent written ratification by the County, which consent or ratification the County will not unreasonably withhold. The Company agrees to notify the County and the Department of the identity of such transferee within 60 days of the transfer. In case of a transfer, the transferee assumes the transferor's basis in the Project for purposes of calculating the Fee. No approval is required for transfers to sponsor affiliates or other financing related transfers, as defined in the Act.

Section 4.11 No Double Payment; Future Changes in Legislation.

(a) Notwithstanding anything contained herein to the contrary, and except as expressly required by law, neither the Company nor any Sponsor shall ever be required to make a Payment in Lieu of Taxes in addition to a regular property tax payment in the same year over the same piece of property, nor shall the Company or any Sponsor be required to make a Payment in Lieu of Taxes on property in cases where, absent this Fee Agreement, property taxes would otherwise not be due on such property.

In case there is any legislation enacted which provides for more favorable treatment for property to qualify as, or for the calculation of the fee related to, Economic Development Property under Sections 4.4, 4.6, 4.7, 4.8, or the calculation of the Investment Period, the County agrees to give expedient and full consideration to such legislation, with a view to allow for such more favorable treatment or calculation.

Section 4.12 Administration Expenses. The Company agrees to pay the reasonable and necessary expenses that the County incurs with respect to the execution and administration of this Fee Agreement, including without limitation reasonable and actual attorneys' fees (the "Administration Expenses"); provided, however, that no such expense shall be an Administration Expense until the County has furnished to the Company a statement in writing indicating the amount of such expense and the reason for its incurrence. As used in this section, "Administration Expenses" shall include the reasonable and necessary out-of-pocket expenses, including attorneys' fees, incurred by the County with respect to: (i) this Fee Agreement; (ii) all other documents related to this Fee Agreement and any related documents; and (iii) the fulfillment of its obligations under this Fee Agreement and any related documents and the implementation and administration of the terms and provisions of the documents after the date of execution thereof, but only as a result of a request by the Company for a modification, assignment, or a termination of such documents by the Company, or as a result of a bankruptcy of the Company or a default by the Company under the terms of such documents. Reimbursement for the County's attorneys' fees shall be at hourly rates for outside counsel to the County, not to exceed the standard hourly rates charged by such outside counsel.

Section 4.13 Execution of Lease. The parties acknowledge that the intent of this Fee Agreement is to afford the Company the benefits of the FILOT Payments in consideration of the

Company's decision to locate the Project within the County and that this Fee Agreement has been entered into in reliance upon the validity and enforceability of the Act. In the event that a court of competent jurisdiction holds that the Act is unconstitutional or that this Fee Agreement or agreements similar in nature to this Fee Agreement are invalid or unenforceable in any material respect, or should the parties determine that there is a reasonable doubt as to the validity or enforceability of this Fee Agreement in any material respect, then the County, upon the provision by the Company of evidence acceptable to the County that the Project is free from environmental contamination and the conveyance of title to the Project to the County at the expense of the Company, agrees to lease the Project to the Company pursuant to the Streamlined FILOT Act and, to the extent permitted under the law in effect at such time, use its best efforts to ensure that the Company receives the benefits of the FILOT arrangement as contemplated by this Fee Agreement.

ARTICLE V

DEFAULT

Section 5.1 Events of Default. The following shall be "Events of Default" under this Fee Agreement, and the term "Events of Default" shall mean, whenever used with reference to this Fee Agreement, any one or more of the following occurrences:

(a) Failure by the Company to make the Payments in Lieu of Taxes described in Section 4.1 hereof, which failure shall not have been cured within 30 days following receipt of written notice thereof from the County; *provided, however,* that the Company shall be entitled to all redemption rights granted by applicable statutes; or

(b) A representation or warranty made by the Company which is deemed materially incorrect when deemed made; or

(c) Failure by the Company to perform any of the terms, conditions, obligations, or covenants hereunder (other than those under (a) above), which failure shall continue for a period of 30 days after written notice from the County to the Company specifying such failure and requesting that it be remedied, unless the Company shall have instituted corrective action within such time period and is diligently pursuing such action until the default is corrected, in which case the 30-day period shall be extended to cover such additional period during which the Company is diligently pursuing corrective action; or

(d) A cessation of operations of all or substantially all of the Project, other than a temporary cessation not to exceed ninety (90) days; or

(e) A representation or warranty made by the County which is deemed materially incorrect when deemed made; or

(f) Failure by the County to perform any of the terms, conditions, obligations, or covenants hereunder, which failure shall continue for a period of 30 days after written notice from the Company to the County specifying such failure and requesting that it be remedied, unless the County shall have instituted corrective action within such time period and is diligently pursuing such action until the default is corrected, in which case the 30-day period shall be

extended to cover such additional period during which the County is diligently pursuing corrective action.

Section 5.2 Remedies on Default.

(a) Whenever any Event of Default by the Company shall have occurred and shall be continuing, the County may take any one or more of the following remedial actions:

(i) terminate the Fee Agreement, upon 60 days' notice to the Company and any Sponsor; or

(ii) take whatever action at law or in equity may appear necessary or desirable to collect the amounts due hereunder. In no event shall the Company be liable to the County or otherwise for monetary damages resulting from the Company's failure to meet the Act Minimum Investment Requirement, other than as expressly set forth herein.

Although the Company and the County acknowledge that the Project is exempt from *ad valorem* property taxes, there shall be a lien on the Project for tax purposes as provided in Section 12-44-90 of the Act, and the County and any other taxing entity affected thereby may, without limiting the generality of the foregoing, exercise the remedies provided by general law (Title 12, Chapter 49) and the Act relating to the enforced collection of taxes.

The County's right to receive Payments-in-Lieu-of-Taxes hereunder shall have a first priority lien status pursuant to Section 12-44-90 of the Act and Chapters 4 and 54 of Title 12 of the Code of Laws of South Carolina, 1976, as amended. In the event the Company should fail to make any of the payments required in this Fee Agreement, the item or installment so in default shall continue as an obligation of the Company until the amount in default shall have been fully paid, and, in the case of the Payments in Lieu of Taxes, subject to the penalties provided by law until paid.

(b) Whenever any Event of Default by the County shall have occurred or shall be continuing, the Company may take one or more of the following actions:

(i) bring an action for specific enforcement;

(ii) terminate the Fee Agreement;

(iii) withhold so much of the payment as is in dispute with the County until such dispute is fully and finally resolved; or

(iv) in case of a materially incorrect representation or warranty, take such action as is appropriate, including legal action, to recover its damages, to the extent allowed by law.

Section 5.3 Reimbursement of Legal Fees and Expenses and Other Expenses. Upon the occurrence of an Event of Default hereunder, should a party be required to employ attorneys or incur other reasonable expenses for the collection of payments due hereunder or for the

enforcement of performance or observance of any obligation or agreement, the successful party shall be entitled, within 30 days of demand therefor, to reimbursement of the reasonable fees of such attorneys and such other reasonable expenses so incurred.

Section 6.2 Binding Effect. This Fee Agreement and each document contemplated hereby or related hereto shall be binding upon and inure to the benefit of the Company, the County, and their respective successors and assigns. In the event of the dissolution of the County or the consolidation of any part of the County with any other political subdivision or the transfer of any rights of the County to any other such political subdivision, all of the covenants, stipulations, promises, and agreements of this Fee Agreement shall bind and inure to the benefit of the successors of the County from time to time and any entity, officer, board, commission, agency, or instrumentality to whom or to which any power or duty of the County has been transferred.

Section 6.3 Counterparts. This Fee Agreement may be executed in any number of counterparts, and all of the counterparts taken together shall be deemed to constitute one and the same instrument.

Section 6.4 Governing Law. This Fee Agreement and all documents executed in connection herewith shall be construed in accordance with and governed by the laws of the State of South Carolina.

Section 6.5 Headings. The headings of the articles and sections of this Fee Agreement are inserted for convenience only and shall not be deemed to constitute a part of this Fee Agreement.

Section 6.6 Amendments. The provisions of this Fee Agreement may only be modified or amended in writing by any agreement or agreements entered into between the parties.

Section 6.7 Further Assurance. From time to time, and at the expense of the Company, to the extent any expense is incurred, the County agrees to execute and deliver to the Company such additional instruments as the Company may reasonably request and as are authorized by law and reasonably within the purposes and scope of the Act and Fee Agreement to effectuate the purposes of this Fee Agreement.

Section 6.8 Invalidity; Change in Laws. In the event that the inclusion of property as Economic Development Property or any other issue is unclear under this Fee Agreement, the County hereby expresses its intention that the interpretation of this Fee Agreement shall be in a manner that provides for the broadest inclusion of property under the terms of this Fee Agreement and the maximum incentive permissible under the Act, to the extent not inconsistent with any of the explicit terms hereof. If any provision of this Fee Agreement is declared illegal, invalid, or unenforceable for any reason, the remaining provisions hereof shall be unimpaired, and such illegal, invalid, or unenforceable provision shall be reformed to effectuate most closely the legal, valid, and enforceable intent thereof and so as to afford the Company with the maximum benefits to be derived herefrom, it being the intention of the County to offer the Company the strongest inducement possible, within the provisions of the Act, to locate the Project in the County. In case a change in the Act or South Carolina laws eliminates or reduces any of the restrictions or limitations applicable to the Company and the Fee incentive, the parties

agree that the County will give expedient and full consideration to reformation of this Fee Agreement, with a view toward providing the Company with the benefits of such change in the Act or South Carolina laws.

The County agrees that in case the FILOT incentive described herein is found to be invalid or otherwise does not provide the Company with the economic benefit it is intended to receive from the County as an inducement to locate in the County, the savings lost as a result of such invalidity will be considered a special source revenue credit or infrastructure improvement credit to the Company (in addition to the Infrastructure Credit explicitly provided for above) to the maximum extent permitted by law, and the County will provide a special source revenue credit or infrastructure improvement credit against all FILOT payments or fee payments made or to be made by the Company equal to the amount that the Company would have saved if the FILOT had been valid, to the maximum extent permitted by law.

Section 6.9 Force Majeure. The Company shall not be responsible for any delays or non-performance caused in whole or in part, directly or indirectly, by strikes, accidents, freight embargoes, fires, floods, inability to obtain materials, conditions arising from governmental orders or regulations, war or national emergency, acts of God, and any other cause, similar or dissimilar, beyond the Company's reasonable control.

Section 6.10 Termination by Company. The Company is authorized to terminate this Fee Agreement at any time with respect to all or part of the Project upon providing the County with written notice of termination, and such termination shall be effective as of the date determined by the Company; *provided, however,* that (i) any monetary obligations existing hereunder and due and owing at the time of termination to a party hereto; and (ii) any provisions which are intended to survive termination, shall survive such termination. In the year following the effective date of termination, all property shall be subject to ad valorem taxation or such other taxation or fee in lieu of taxation that would apply absent this Fee Agreement. The Company's obligation to make fee in lieu of tax payments under this Fee Agreement shall terminate in the year following the effective date of such termination pursuant to this section.

Section 6.11 Entire Understanding. This Fee Agreement expresses the entire understanding and all agreements of the parties hereto with each other with respect to its subject matter, and neither party hereto has made or shall be bound by any agreement or any representation to the other party which is not expressly set forth in this Fee Agreement or in certificates delivered in connection with the execution and delivery hereof.

Section 6.12 Waiver. Either party may waive compliance by the other party with any term or condition of this Fee Agreement only in a writing signed by the waiving party.

Section 6.13 Business Day. In the event that any action, payment, or notice is, by the terms of this Fee Agreement, required to be taken, made, or given on any day which is a Saturday, Sunday, or legal holiday in the jurisdiction in which the person obligated to act is domiciled, such action, payment, or notice may be taken, made, or given on the following business day with the same effect as if given as required hereby, and no interest shall accrue in the interim.

Section 6.14 Limitation of Liability. Anything herein to the contrary notwithstanding, any financial obligation the County may incur hereunder, including for the payment of money, shall not be deemed to constitute a pecuniary liability or a debt or general obligation of the County; provided, however, that nothing herein shall prevent the Company from enforcing its rights hereunder by suit for *mandamus* or specific performance.

No employee handbook can anticipate every circumstance or question regarding policy.

As the operations of Florence County continue to expand, the County Council retains the right to revise, supplement, or rescind any policies or portions of this policy as it sees fit, at its sole and absolute discretion. Employees will be notified of any revisions.

The provisions of this policy have been established under the direction of the Florence County Council and may be amended or canceled at any time at the Council's discretion.

NOTE: The term "Department Head" is used throughout this policy to reference inclusively all elected officials, officials appointed by an authority other than the County Council, and persons in charge of regular county departments. State law may limit applicability in some cases.

1.0 INTRODUCTION

This handbook has been designed to provide you with an introduction to the policies, procedures, and benefits, and explain your responsibilities as an employee of Florence County. A copy of the employee handbook is located on the intranet system and in Human Resources.

2.0 ADMINISTRATION

2.1 EQUAL EMPLOYMENT OPPORTUNITY

Florence County is committed to providing equal employment opportunities to all of our employees and applicants. We are committed to non-discrimination and equal opportunity in all aspects of employment, including hiring, promotion, and compensation, based on protected characteristics like race, religion, sex, age, disability, military or veteran status or any other characteristic protected by applicable federal, state or local laws and ordinances.

Florence County is committed to creating and maintaining a respectable and equitable workplace in which all employees have the same opportunity to participate and contribute to the success of the business and are valued for their skills, experience, and unique perspectives. This commitment is an important principle of sound business management and is embodied in county policy.

2.2 ANTI-DISCRIMINATION AND ANTI-HARASSMENT

Various laws and regulations generally prohibit employment decisions from being made on the basis of race, color, religion, creed, national origin or ancestry, ethnicity, sex (including gender, pregnancy, sexual orientation, and gender identity), age, physical or mental disability, citizenship, past, current, or prospective service in the uniformed services, genetic information, or any other characteristic protected under applicable federal, state, or local law. In addition, it is our desire to provide a working environment in which employees are free from discomfort or pressure resulting from jokes, ridicule, slurs, threats, and harassment either relating to such distinctions or simply resulting from a lack of consideration for a fellow human being.

Florence County does not tolerate discrimination or harassment of any kind and forbids retaliation against anyone who has reported discrimination or harassment in good faith.

Discrimination

"Discrimination" is unfavorable treatment based on race, color, religion, creed, national origin or ancestry, ethnicity, sex (including gender, pregnancy, sexual orientation, and gender identity), age, physical or mental disability, citizenship, past, current, or prospective service in the uniformed services, genetic information, or any other characteristic protected under applicable federal, state, or local law.

Harassment

"Harassment" is generally defined as unwelcome verbal or physical conduct that denigrates or shows hostility or aversion toward an individual because of their race, color, religion, creed, national origin or ancestry, ethnicity, sex (including gender, pregnancy, sexual orientation, and gender identity), age, physical or mental disability, citizenship, past, current, or prospective service in the uniformed services, genetic information, or any other characteristic protected under applicable federal, state, or local law that:

1. Has the purpose or effect of creating an intimidating, hostile, or offensive working environment.
2. Has the purpose or effect of unreasonably interfering with an individual's work performance.
3. Otherwise adversely affects an individual's employment opportunities.

Sexual Harassment, Complaints and Investigations into all forms of Harassment are outlined in Section 4 of this Handbook.

2.3 PREGNANCY ACCOMMODATIONS

Florence County complies with the Pregnant Workers Fairness Act ("PWFA"), the PUMP Act, the South Carolina Pregnancy Discrimination Act, the South Carolina Lactation Support Act, and all applicable state and local fair employment practices laws, and is committed to providing equal employment opportunities to qualified pregnant individuals. Consistent with this commitment, Florence County provides reasonable accommodation to qualified applicants and employees with known limitations related to pregnancy, childbirth, or related medical conditions unless doing so would create an undue hardship.

If you believe you need accommodation because of your limitations related to pregnancy, childbirth, or related medical conditions, you are responsible for requesting reasonable accommodation from your supervisor or the Human Resources Department. Florence County will engage in an interactive process with any employee who requests accommodation for the purpose of determining what accommodation is needed and whether it is feasible to grant the requested accommodation considering various factors. Florence County will inform the employee of its decision on the accommodation request or on how to make the accommodation.

2.4 LACTATION BREAKS

All employees who are nursing are eligible to take reasonable breaks under this policy to express breast milk for up to one year after the birth of the employee's child. Florence County encourages all eligible employees who intend to take breaks under this policy to notify their supervisor or the Human Resources Department of their intent, for example when they are discussing their return-to-

work following leave relating to childbirth. Please contact the Human Resources Department for information about a private location in close proximity to your work area for your lactation breaks.

Lactation breaks under this policy are unpaid, unless an employee is using an already paid break to express breast milk.

If not using a paid break to express breast milk, employees who are required to record time must accurately record the start and end of lactation breaks in accordance with the county's timekeeping policy outlined in Section 10 of this handbook. Uninterrupted lactation breaks do not count as hours worked.

2.5 IMMIGRATION LAW COMPLIANCE

Florence County is committed to employing only United States citizens and aliens who are authorized to work in the United States and does not unlawfully discriminate on the basis of citizenship or national origin.

As a condition of employment, all new and past employees must show valid proof that they are eligible to work in the United States and complete an Employment Eligibility Verification Form (Form I-9) at the time of hire. Florence County will not continue to employ any individual whose legal right to work in the United States has been terminated. Former employees who are rehired must also complete the form if they have not completed a Form I-9 in the past three years or if their previous Form I-9 is no longer retained or valid. Florence County also participates in E-Verify, which is a web-based system through which employers electronically confirm the employment eligibility of their employees. Failure to provide proper identification or pass E-Verify will result in termination of employment.

2.6 AUTHORITY AND RESPONSIBILITY OF THE COUNTY ADMINISTRATOR

Florence County operates under the Council-Administrator form of government. The County Administrator is appointed by the County Council and serves at the Council's discretion. The County Administrator serves as the administrative head of Florence County Government and is responsible for the administration of all departments of the government under Council's organizational jurisdiction. The Florence County Administrator executes the policies, directives, and legislative actions declared by the Florence County Council, supervises the expenditure of appropriated funds and all administrative activities of Florence County permitted under South Carolina State Law.

2.7 EMPLOYEES SUBJECT TO THIS POLICY

The provisions of this policy will be applicable to all employees of Florence County Government and, except where and only to the extent specifically prohibited by law, to all personnel processed on the Florence County payroll system. The County Administrator is the final authority for implementation of all changes altering a person's status on the Florence County payroll.

3.0 GENERAL REQUIREMENTS

3.1 DRUG-FREE WORKPLACE

3.1A It is the policy of Florence County to maintain a drug and alcohol-free work environment that is safe and productive for employees and others doing business with Florence County. Drug and

alcohol use in the workplace is dangerous because it leads to physical impairment, loss of judgment, safety violations, and the risk of injury or death. To prevent these consequences of drug and alcohol use, the County Council endorses a Drug-Free Workplace Policy to help ensure the health, safety, and welfare of Florence County employees and the public.

3.1B In accordance with the Federal Drug-Free Workplace Act of 1988:

3.1B(1) Employees are expected to report to work in the appropriate mental and physical condition needed to perform their job. It is the intent of Florence County to provide a drug-free, healthful, safe and secure work environment.

3.1B(2) The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance on or off the job is absolutely prohibited. Violations of this policy may result in disciplinary action up to and including termination and may have legal consequences.

3.1C Employees are expected to notify their supervisor or Department Head of any medications (prescription or over the counter) that they are taking that could impair job performance.

3.1D In accordance with the Drug-Free Workplace Act, employees must adhere to the terms of the above policy and report any convictions or arrests under a civil or criminal drug statute to their Department Head and human resources on the next business day following the incident. Additionally, they must also report again after any pretrial intervention program, plea bargain, or conviction by providing a copy of the relevant court documents or order.

3.2 EMPLOYEE DRUG AND ALCOHOL USE AND TESTING POLICY

3.2A All employees of Florence County are prohibited from swallowing, inhaling, injecting, dealing in, soliciting, or otherwise using illegal drugs and substances (such as marijuana, cocaine, LSD, heroin, etc.) and prescription drugs which are not prescribed for the employee's own use by a licensed medical practitioner. This prohibition applies to use at any time, both on-the-job and off-the-job. Florence County employees are permitted to possess substances when required by their jobs or for the purpose of lawful delivery to another person.

3.2B All employees are prohibited from using or possessing alcoholic beverages on County premises or time. The term “County premises” includes County vehicles and private vehicles on County premises, parking lots and recreation areas. An off-duty County employee, who is an attendee at a properly authorized event at a County facility, is not subject to this prohibition.

3.2C Employees are not prohibited from having unopened containers of alcoholic beverages secured in their personal vehicles.

3.2D All employees are prohibited from reporting to or being at work while under the influence of alcohol. An employee is considered to be “under the influence” of alcohol if they have any detectable amount of alcohol in their system.

3.2E Any employee who is aware of a fellow County employee attempting to solicit illegal drugs, controlled substances, or prescription medications must report this attempt in person to the Human Resources Director, the County Administrator, or their designee within one business day.

3.2F To ensure compliance with this policy, substance abuse screening may be conducted in the following situations:

3.2F(1) Pre-Employment Screening

3.2F(1)(a) Florence County Human Resources conducts pre-employment drug tests for all applicants tentatively selected for employment. Florence County will not accept on its payroll any such applicant tentatively selected for employment who refuses to submit timely to drug testing, who tests positive for use of illegal or unauthorized substances, or for whom a drug test result is not received in Human Resources for any reason.

3.2F(2) For-Cause Screening

3.2F(2)(a) All Florence County employees will be subject to drug and alcohol testing by urinalysis, breathalyzer, saliva enzyme, and other technologies where "particularized suspicion" of drug or alcohol use in violation of this policy exists or under other lawful conditions.

3.2F(2)(b) Particularized suspicion is deemed to exist when:

3.2F(2)(b)(i) Information that an employee has used illegal drugs or substances is provided by an informant believed to be reliable;

3.2F(2)(b)(ii) An employee is involved in an accident at work, vehicular or otherwise, which causes property damage or bodily injury;

3.2F(2)(b)(iii) An employee exhibits any of the following:

- **a.** Extreme mood swings;
- **b.** Slurred speech;
- **c.** Unusual clumsiness;
- **d.** Staggering;
- **e.** Dilation of pupils or “pinpoint pupils”;
- **f.** Sleeping on the job or lethargy;
- **g.** Excessive unexplained sweating;
- **h.** Other aberrant behavior;

3.2F(2)(b)(iv) An employee has been arrested for violation of drug laws;

3.2F(2)(b)(v) An employee has admitted violating the County's drug policy;

3.2F(2)(b)(vi) In an instance of diversion of controlled substances, an employee with access to such substances is to be tested;

3.2F(2)(b)(vii) Other unusual circumstances as approved by the Human Resources Director or County Administrator or his/her designee.

3.2F(2)(c) Particularized suspicion testing will not be conducted without the approval of the Human Resources Director or County Administrator or his/her designee.

3.2F(3) Random Screening

3.2F(3)(a) Random testing for illegal or unauthorized drug or alcohol use will be conducted for all sworn law enforcement officers subject to this policy, drug interdiction personnel subject to this policy (including support staff with access to drug interdiction information), Emergency Medical Services employees, Central Communications employees, CDL license holders, employees who drive heavy equipment such as

ambulances, motor graders, fire trucks, etc. and other safety sensitive personnel. All DOT regulated employees are subject to random selection testing pursuant to 49 CFR Part 382. (DOT regulated employees are randomly tested at an annualized rate of at least 10% (unless otherwise specified by the FMSCA) in accordance with 49 CFR Part 382). Random selection testing is unannounced.

A current list of safe-sensitive positions is maintained in the Risk Management Department. Each Department Head is to provide periodic updates to the Risk Management Department as necessary.

3.2F(3)(b) If an employee refuses to submit to a drug or alcohol test immediately when directed to do so, the employee will be discharged immediately.

3.2F(4)Testing Procedure

3.2F(4)(a) Drug and alcohol testing will be by urinalysis, breathalyzer, saliva enzyme, or other testing technologies as applicable.

3.2F(4)(b) The collection of samples will be performed under reasonable and sanitary conditions.

3.2F(4)(c) Urine normally will be collected under conditions of semi-privacy -- that is, a person of the same gender will be in a position to observe obvious attempts to substitute or adulterate a urine sample.

3.2F(4)(d) Urine samples will be sealed, labeled, and documented in accordance with the procedure of the drug testing laboratory. Labeling, storage, and transportation of samples will be performed so as to preclude the probability of erroneous identification, sample contamination, or sample adulteration. Positive results will first be reviewed by the County's Medical Review Officer (MRO), prior to reporting to the Human Resources Department.

3.2F(4)(e) Specimens will be checked for the following substances, but others may be added at the County's discretion:

1. Marijuana and related substances (cannabinoids)
2. Cocaine
3. LSD
4. Opiates
5. Amphetamines
6. Phencyclidine
7. Barbiturates
8. Alcohol

3.2F(4)(f) Applicants and employees will have an opportunity to provide any information, which they consider relevant to the test, including identification of currently used prescriptions or nonprescription drugs, or other relevant information.

3.2F(4)(g) Samples that initially result in a positive finding for drug use will be re-tested by the gas chromatography/mass spectrometry (GCMS) method. If the GCMS test results in a positive finding of drug use, the written report of the drug testing laboratory will be conclusive for all employment-related purposes.

3.2F(4)(h) The County's Medical Review Officer normally will allow an employee

whose drug tests have been confirmed as positive the opportunity to justify the results before notifying the County of the test results.

3.2F(5) Notice to Employees

By continuing to work, the employee agrees to abide by this policy.

3.2F(6) Notice to State and Federal Grantor Contracting Agencies and Law Enforcement Authorities.

3.2F(6)(a) Employees must notify Human Resources within one business day following any criminal conviction for the manufacture, distribution, dispensation, possession, or use of illegal drugs and prescription drugs not prescribed for the individual employee's use. Florence County will notify all state and federal grantors/contracting agencies of such employee convictions where required by the state and federal Drug-Free Workplace Acts. "Conviction" means the finding of guilt, imposition of a sentence, a plea of no contest, a pre-trial intervention agreement, or a plea of guilty.

3.2F(6)(b) Law enforcement authorities and the County Administrator are to be notified immediately if illegal drugs are found in the workplace or at a worksite.

3.2F(7) Consequences of Violating This Policy

An employee who has a positive result on a test required by this policy will be terminated.

3.2F(8) Coming Forward with Substance Abuse Problems

3.2F(8)(a) Employees who have substance abuse problems and report them to Human Resources, before being selected for testing and before the occurrence of an event which would result in testing, will normally not be disciplined upon the first violation if no other offenses are involved. However, in order to remain employed, the employee must:

3.2F(8)(a)(i) Be interviewed by the County Administrator or their designee as directed;

3.2F(8)(a)(ii) Immediately seek counseling and successfully complete the treatment prescribed by the County's designated provider or other facility and report periodically to Human Resources during the course of the treatment/counseling.

3.2F(8)(a)(iii) Submit periodic and/or unannounced drug/alcohol testing for a period not less than one year nor more than two years;

3.2F(8)(a)(iv) Have at least two negative test results before returning to work.

3.2F(8)(a)(v) Employees who are allowed by the County's designated provider to return to work and remain in counseling must return to work in sixty (60) days or be terminated.

3.2F(8)(a)(vi) An employee, who admits to a violation of this policy, seeks counseling, and is permitted to remain an employee of Florence County, is subject to discharge if they again either admit to a violation of this policy or test positive for drugs or alcohol in violation of this policy.

3.2F(9) Confidentiality

3.2F(9)(a) Any drug or alcohol test results or information supplied by employees and applicants as part of Florence County's drug testing program will be kept confidential, consistent with the purposes of this policy. The County will neither confirm nor deny general inquiries regarding program participants.

3.2F(10) Testing Costs

3.2F(10)(a) Florence County will pay the costs of all drug/alcohol tests required by the County, except employees subject to unannounced follow-up testing. Those employees will be solely responsible for the cost of follow-up tests.

3.2F(11) Notification of Test Results

3.2F(11)(a) Applicants will be notified of the results of a pre-employment drug test, provided the applicant requests the results within 10 days of being notified of the disposition of employment.

3.2F(11)(b) Employees will be notified of the results (including the drugs discovered) of all drug tests, provided the results are positive.

3.3 JOB-RELATED INVESTIGATION

Each employee of Florence County is to cooperate with respect to any job-related hearing or inquiry scheduled by their Department Head, the County Administrator, or their designee.

3.4 DRIVER'S LICENSE - DRIVING RECORD

3.4A Any employee operating a county-owned vehicle must possess and maintain a valid driver's license. Periodic reviews of all such licenses may be conducted by the Risk Management Department.

3.4B For initial employment and selection purposes, a “valid” license is generally defined as an issued license which has not expired nor has, within the past three (3) years, been revoked or suspended. Driving records will be considered on a case-by-case basis.

3.4C Any candidate for a position, who is required to have a driver’s license as a condition of employment, will furnish, at their expense, an up-to-date, certified original 10-year driving record from the appropriate state authority.

4.0 SEXUAL AND OTHER FORMS OF ILLEGAL HARASSMENT

Florence County is committed to developing and maintaining a work environment that is free of all forms of illegal harassment. Employees who are found to have violated this policy are subject to disciplinary action up to and including discharge.

4.1 SEXUAL HARASSMENT

Sexual Harassment includes, but may not be limited to:

1) Unwelcome sexual advances, whether they involve physical touching or not;
2) Suggestive sexual comments, jokes about gender-specific traits, foul language & gestures;
3) Sexually suggestive printed or visual material;
4) Unwelcoming staring, whistling or brushing up against the body, sexual gestures or suggestive or insulting comments;
5) Inquiries into one's sexual experiences and activities;
6) Other verbal or physical conduct of a sexual nature when an employee's response to such conduct affects that employee's job status or creates a hostile or offensive working environment for that employee.

4.2 COMPLAINTS AND INVESTIGATION

4.2A Due to the sensitive nature of complaints of sexual harassment and other forms of illegal harassment, such complaints will be investigated with particular care and will remain as confidential as possible consistent with efficient investigation.

4.2B If an employee believes that they have been the victim of sexual harassment or any other form of illegal harassment on the job, regardless of whether it is by a fellow worker, a supervisor, or a member of the general public, they are encouraged to report the incident(s) immediately in person to the Human Resources Director or the County Administrator or their designee. Any employee, who observes an occurrence in which another County employee is being subjected to sexual harassment or any other form of illegal harassment, is to report the incident in person within one business day to the Human Resources Director or the County Administrator or their designee. All complaints will be kept as confidential as possible consistent with efficient investigation. A written or recorded statement may be taken.

4.2C The following procedures are provided for the processing of complaints of sexual harassment or other forms of illegal harassment:

4.2C(1) Any personal complaint regarding sexual harassment or any other form of illegal harassment must be reported to the Human Resources Director, the County Administrator, or their designee. If the complaint involves the County Administrator, it can be directed to the Human Resources Director, the County Attorney, or the County Council. All complaints should be reported as soon as possible after the incident occurs and will be subject to immediate review and appropriate investigation.

4.2C(2) An investigation will include conferring with all parties and witnesses named by the complainant. Confidentiality will be upheld to the greatest extent possible while ensuring an efficient investigation.

4.2D If management concludes that a complaint of harassment has merit, appropriate action will be taken. Employees may be disciplined. Non-employees may be reported to the appropriate law enforcement agency and/or barred from the premises.

4.2E Retaliation is absolutely prohibited and will not be tolerated. Good faith reporting is protected even in the event there is no finding of harassment or discrimination. Any employee who believes that they have been a victim of retaliation for reporting harassment should immediately report the retaliatory acts to Human Resources.

4.2F False accusations of harassment and/or discrimination may have serious effects on innocent individuals and will not be tolerated. Making false accusations is a form of misconduct and may

result in serious impairment of our efforts to administer this policy properly and effectively for the benefit of all employees. Accordingly, such misconduct may result in disciplinary action, up to, and including termination, at the sole discretion of the County.

IMPORTANT

To prevent misunderstandings, any complaints made to members of management or the Human Resources Director must include the completion of a statement. The statement should be completed either by the employee making the complaint or by the individual receiving the complaint. It must detail the allegations and list any witnesses to the alleged harassment. The employee filing the complaint should ensure they obtain a copy of their written statement at the time of submission to verify adherence to this procedure.

These procedures have been established to enable you to get relief if you feel that you are the victim of harassment. The U.S. Supreme Court has said that as a general rule you may not sue the County for a violation of your rights unless you first give us notice and an opportunity to end the harassment. The reporting procedures that we have adopted are intended to establish a clear record of what has been reported.

5.0 CONDUCT

5.1 OUTSIDE EMPLOYMENT

5.1A Florence County does not prohibit employees from accepting outside employment as long as employees can successfully fulfill their employment duties and obligations without scheduling conflicts. It is expected that full-time employees' primary employment obligation is to Florence County.

5.1B Equipment, vehicles, property, facilities, materials, supplies, or uniforms of Florence County are not to be used by employees for outside employment nor for travel to or from such employment. However, to the extent permitted by South Carolina law and with the permission of the Department Head, commissioned officers may be allowed to use County uniforms and equipment while performing the duties of a secondary employment.

5.1C Personal work or use of Florence County tools, equipment, facilities, or paid time for non-County business or personal benefit is prohibited. Employees are not to conduct personal business or any non-County business while on County property or time.

5.1D Should Florence County, at its sole discretion, determine that an employee's outside employment poses a conflict of interest or significantly interfere with the employee's ability to perform County duties, the County reserves the right to require the employee to either cease the outside employment or reduce it to an acceptable level in order to maintain their County employment.

5.2 CONFLICT OF INTEREST

Employees have an obligation to conduct business within guidelines that prohibit actual or potential conflicts of interest. An actual or potential conflict of interest occurs when an employee is in a position to influence a decision that may result in a personal gain for that employee, for a relative, or for a business association or affiliation as a result of Florence County's business dealings.

5.3 GIFTS AND GRATUITIES

5.3A No employee may accept gifts, gratuities, entertainment, or loans from organizations, business entities, or individuals with whom they have, or may have, an official relationship, or with whom they conduct, or may conduct, business on behalf of Florence County. Promotional items that are made available to any purchasing organization, such as a pack of markers or similar items given with an order of office supplies, may be kept by County employees for use in the County work environment. However, these items must not be considered in any way as a factor in vendor selection. Vendor selection should be made strictly in accordance with Florence County’s Procurement Policy as stated in its Code of Laws.

5.4 CIVIC AND POLITICAL ACTIVITIES

5.4A Employees are encouraged to exercise their rights as citizens, which include holding membership in and supporting a political party, voting independently and participating in civic activities except where a conflict of interest may arise. 5.7 ATTENDANCE AND PUNCTUALITY

5.7A To maintain a safe and productive work environment, Florence County employees are to be reliable and punctual in reporting for scheduled work.

5.7B Absenteeism and tardiness impose a burden on both other employees and the overall work program. Employees who must be absent from scheduled work should make every effort to personally inform their supervisor or manager before the start of their work shift. Except in cases of emergency, employees who are unable to report to work due to illness, injury, or disability are expected to notify their supervisor or manager as far in advance as possible. This notification must occur no later than thirty (30) minutes after the start of the work shift, unless departmental directives state otherwise. If an employee cannot make the call themselves, they should arrange for someone else to do so on their behalf. Ultimately, the responsibility for notifying the supervisor or manager rests solely with the employee.

Records may not be removed from the designated County office for any reason.

7.3 REFERENCE/EMPLOYMENT VERIFICATION

7.3A A Department Head, County Administrator, or designee, may respond to public inquiry concerning employees and former employees. It is the policy of Florence County to respond to such inquiries as follows:

7.3B Phone Inquiries - Confirmation of only the information provided by the inquirer, i.e., name, dates of employment, and position title.

Florence County releases only verifiable, statistical information, and any request for such information must be accompanied by an original legal release signed by the employee involved

7.3C Written Requests - When a signed release from the employee is provided, the only information that can be provided is that which can be verified: name, address, phone number, dates of employment, position title, and/or salary/wages for a requested period of time. Such requests come, for example, from mortgage providers, other lending institutions, or from state agencies such as EEOC, Human Affairs, Department of Social Services, etc., and only Human Resources processes all such requests based on official personnel files.

8.0 EMPLOYMENT STATUS

8.1 TYPES OF APPOINTMENTS

8.1A Introductory Appointment

New employees must serve an introductory period of six (6) months before they will be considered regular employees. The introductory period is intended to give new employees the opportunity to demonstrate their ability to achieve a satisfactory level of performance. Florence County uses this period to evaluate employee capabilities, work habits, and overall performance.

8.1B Regular Appointment

An employee who successfully completes their initial six (6) month introductory period in a position classified as regular full or part time is normally granted regular status on that date.

8.1C Seasonal Appointment

A seasonal employee is an employee who is hired to work for a limited period of time or to work on a particular project or projects. The employee's pay is limited to the actual hours worked. The employee will receive all legally mandated benefits (such as social security and workers' compensation insurance coverage). The seasonal employee is ineligible for Florence County's other leave and fringe benefit programs.

8.1D Re-Call

Any employee who is laid off after achieving regular status can be recalled within six (6) months after the effective date of the layoff into any vacant position for which the employee qualifies, without having to go through the normal recruitment and selection process. Preference will be given to any laid off employee who has previously completed his/her initial probationary period if the employee meets the minimum training and experience requirements for the vacant position. The County Administrator will determine the laid off employee's interest and suitability for the vacancy and whether to authorize a recall. A recalled employee will retain their original date of hire. Accrued and unused benefits will be reinstated.

8.2 TYPES OF EMPLOYMENT STATUS

8.2A Florence County has five (5) established types of employment status:

8.2A(1) Regular Full-Time - Any employee who has completed the six (6) month introductory period and who is regularly scheduled and budgeted to work a minimum of 37.5 hours or more per week (or the equivalent for law enforcement, central communications, fire and rescue, and emergency medical services) is to be considered regular full-time and will be eligible for all leaves, fringe benefits and programs.

8.2A(2) Regular Part-Time - Any employee who has completed the six (6) month introductory period and who is scheduled to work less than 37.5 hours per week, for a scheduled number of hours a day and a scheduled number of days a week will be considered regular part-time. Part-time employees, who work 20 hours per week or more, may be eligible for benefits on a pro-rated basis, as determined by the County Administrator. Health insurance may be available for employees working thirty (30) hours or more per week.

8.2A(3) Temporary Full-Time - A temporary full-time employee will not be eligible for any leave or benefits except in those cases where certain benefits must be paid as a matter of law (such as social security and workers' compensation insurance coverage). Temporary full-time employees are paid only for hours worked.

8.2A(4) Temporary Part-Time - A temporary part-time employee will not be eligible for any leave or benefits except in those cases where certain benefits must be paid as a matter of law (such as social security and workers' compensation insurance coverage). Temporary part-time employees are paid only for hours worked.

8.2A(5) PRN or Variable Time - Any employee who is scheduled to work variable shifts/workdays with no guaranteed hours and no guaranteed time period will be considered a PRN or Variable Time employee. PRN or Variable Time employees will not be eligible for any leave or benefits except in those cases where certain benefits must be paid as a matter of law (such as social security and workers' compensation insurance coverage). PRN or Variable Time employees are paid only for actual hours worked.

8.3 VOLUNTEER SERVICE

8.3A Volunteers serve as representatives of the County and are expected to maintain a high standard of professional, responsible, and respectful conduct at all times while performing assigned duties, participating in training activities, responding to incidents, or otherwise acting in an official capacity on behalf of the County. Failure to adhere to these standards or to comply with applicable County policies may result in disciplinary action, up to and including suspension or termination of volunteer service.

8.3B No Florence County employee (regular, part-time, temporary, etc.) can volunteer (non-paid or compensated time) for Florence County in the same, a substantially similar, or a potentially substantially similar capacity as that for which they is employed (compensated) by Florence County unless the County Council has appropriated funds for the potential work and the Department Head and the County Administrator have approved the work program.

8.4 POSITION CLASSIFICATION

8.4A All Florence County employees will be classified as hourly/non-exempt or salaried/exempt in accordance with the criteria set forth by applicable federal law.

8.4A(1) Hourly/FLSA-Non-Exempt Status (H): Employees who are classified as non-exempt are required to be paid overtime or are awarded compensatory leave hours in accordance with the criteria set forth by applicable federal law. All employees, apart from those meeting special criteria for overtime, i.e., certified law enforcement officers or fire services, are to be compensated accordingly for all hours worked over 40 in a designated work week. Certified law enforcement officers and fire service are to be compensated according to applicable County or federal law.

8.4A(2) Salary/FLSA-Exempt Status (S): Employees who are classified as exempt will be paid a fixed salary for a defined period of time, i.e., weekly, bi-weekly, monthly or annually. Employees may be classified as exempt if their assigned duties and responsibilities meet the criteria set forth by applicable federal law.

8.4A(3) Budget - Designated Exempt Employees (E): Employees in this classification do not accrue any leaves, compensatory time, or other paid leave benefits and do not complete time sheets. They are normally entitled to health and dental insurance under the County's plans in accordance with the plan administrator's policies. Officials elected or appointed are not eligible to accrue leave. County employees, who later become elected or appointed, are not eligible to accrue leave. For purposes of this policy, appointed officials designated by the County Council include the Veterans Affairs Officer and the Voter Registration and Elections Director.

9.0 COMPENSATION AND CLASSIFICATION PLAN

9.1 PURPOSE

9.1A The plan is structured to provide equal pay for equal work and to provide a pay range for each class of positions which will enable Florence County to recruit and retain qualified employees.

9.1B The County has the Compensation and Classification Plan revised and reviewed as needed to reflect budgetary and economic changes as well as staffing needs.

9.2 ADMINISTRATION OF THE COMPENSATION AND CLASSIFICATION PLAN

The primary responsibility for day-to-day administration of the Compensation and Classification Plan rests with the County Administrator. The County Administrator ensures the plan accurately reflects position duties, grade allocations, and equitable wage/salary ranges. The County Administrator should periodically recommend reviews by an independent consultant of the entire Compensation and Classification Plan to bring any appropriate changes to Council for consideration.

9.3 ESTABLISHMENT AND MAINTENANCE OF ANNIVERSARY DATE

9.3A For benefits not based on position longevity or other factors specifically noted elsewhere within this policy, the anniversary date of the employee will be the date of commencement of regular full-time or part-time employment with Florence County.

9.3B No employee will have days deducted, or an anniversary date advanced, for National Guard duty or military leave except in compliance with federal law affecting said leave.

9.4 BREAK-IN-SERVICE

A break-in-service occurs when an employee separates from County employment and is subsequently rehired at a later date. Upon rehire, prior service credit, benefits eligibility, and accrual rates may be affected in accordance with County policy and applicable law. Employees returning after a break-in-service may be treated as new hires for purposes of compensation, leave accrual, and benefits unless otherwise approved by the County Administrator or required by law.

9.5 LEAVE ACCRUAL DATE

9.5A An employee's annual leave accrual rate is based on the employee's date of commencement of regular full-time or part-time employment with Florence County.

9.5B If an employee has a break in service after being employed with Florence County for five (5) years or more and subsequently becomes re-employed by Florence County for an additional five (5) years or more, their annual leave accrual rate will be adjusted to reflect their total years of service with the County.

9.5C Retirees and employees that leave employment without status are ineligible for an adjustment to their annual leave accrual rate for prior service when re-employed with Florence County.

10.0 WAGES AND HOURS

10.1 PAID OVERTIME COMPENSATION

10.1A Overtime will be compensated to all non-exempt hourly employees in accordance with applicable federal and state wage and hour regulations subject to budgetary appropriations and County policy. Overtime must be approved by an employee's supervisor or Department Head before it is performed.

10.1B Overtime is based on actual hours worked. All paid leaves, i.e., vacation leave, sick leave, holidays or any other paid leave of absence, are not considered hours worked for purposes of performing overtime calculations.

10.1C All non-exempt employees, except certified law enforcement personnel and fire service will be compensated for overtime at time-and-one-half for all hours worked over forty (40) in a seven (7) calendar day work week.

10.1D Eligible certified law enforcement personnel will be compensated for overtime at time-and-one-half for all hours worked over 84 in a fourteen (14) calendar day pay period.

10.1E Eligible fire personnel will be compensated for overtime at time-and-one-half for all hours worked over 106 in a fourteen (14) calendar day pay period.

10.2 ACCRUED COMPENSATORY LEAVE TIME

10.2A Compensatory leave time may be accrued by all eligible non-exempt hourly employees in accordance with applicable federal regulations.

10.2B All non-exempt employees, except certified law enforcement and fire service personnel may accrue compensatory leave time for overtime at time-and-one-half for all hours worked over forty (40) in a seven (7) calendar day work week, with total hours accrued not to exceed 240 hours in accordance with applicable federal laws.

10.2C Eligible certified law enforcement personnel may accrue compensatory leave time at time-and-one-half for all hours worked over 84 in a fourteen (14) calendar day pay period, with total hours accrued not to exceed 480.

10.2D Eligible fire service personnel may accrue compensatory leave time at time-and-one-half for all hours worked over 106 in a fourteen (14) calendar day pay period, with total hours accrued not to exceed 480.

10.2E The limit for maximum number of hours accrued may be decreased at the discretion of the County Administrator. All authorized overtime hours worked above the applicable federal law or Administrator established limit will be paid at time-and-one-half.

10.3 TIMEKEEPING

10.3A Accurate recording of time worked is the responsibility of every employee. Federal and state laws require Florence County to maintain an accurate record of time worked each day to calculate employee pay and benefits. "Time worked" refers to all the time actually spent performing assigned duties.

10.3B Employees are to record, to the minute, without rounding the actual time started, actual time stopped, beginning and ending times of any split shift, beginning and ending times of each meal period, and beginning and ending times of any departure from work for personal reasons. This information is to appear on the employee's individual time sheet. The Department Head is to record time on the department timesheet/payroll record converting minutes worked to the nearest quarter hour.

10.3C Employees are not to tamper, alter, or falsify time records, record time on another employee's time record, or misrepresent in any way the actual times worked.

10.3D Non-exempt (hourly) employees are to report to work no more than seven (7) minutes prior to their scheduled starting time and are to stay no more than seven (7) minutes after their scheduled stop time without expressing prior authorization from their Department Head.

10.3E Employees are to record actual time worked and sign their time record to certify the accuracy of all time recorded. The Department Head is to review the time record for accuracy of time worked and compliance with policies, completing the department's timesheet/payroll record. The Department Head's signature on the time sheet indicates their certification of accuracy and compliance with all policies. All time sheets submitted for payroll processing are to have the signatures of the employee and their Department Head.

10.3F Hours of work are to be coordinated by the Department Head and the County Administrator to ensure the greatest service to the citizens of Florence County. Work schedules identify the specific beginning and ending times of the workweek and work period, and the beginning and ending times of the workday are to be established by Department Heads.

10.3G Applicable federal law permits time "swaps" for certain employees in emergency medical services, law enforcement, central communications, and fire services. Employees must record their time on timesheets as originally scheduled, reflecting the hours as if they were actually worked. Swap hours should not be included on timesheets. If an employee fails to report for an agreed-upon swap, disciplinary action may be taken against the employee who was originally scheduled to work.

10.4 WORK SCHEDULES

10.4A The established work week for all employees is:

Start: 7:00 a.m. Saturday
-- seven calendar days --
Stop: 6:59 a.m. Saturday

10.4B Workday and Shift - Non-Shift Employees:

Florence County offices are open from 8:30 a.m. until 5:00 p.m., Monday through Friday. Regular full-time and non-shift employees are scheduled to work seven and one-half (7.5) hours per workday. The County Administrator may approve alternate hours for seasonal requirements.

10.4C Workday and Shift - Shift Employees:

Certified law enforcement and central communications employees are typically scheduled to work twelve (12) hour shifts, emergency medical services are scheduled to work twenty-four (24) hour shifts and fire service employees are scheduled to work a forty-eight (48) hour shift.

10.5 PAYROLL

10.5A Florence County employees are paid on a bi-weekly basis through direct deposit on Fridays. Employees are required to provide bank routing and account information to Human Resources within one week of the date of hire so that payroll direct deposit can be processed with the bank of the employee choosing. Payroll is processed and transferred according to the schedule required by the Federal Reserve. Posting times for banks vary and the County has no control over or responsibility for when a particular bank posts payroll to an individual account.

10.5B Failure to maintain a bank account and to provide notice to Human Resources of any changes can result in significant delays in receipt of pay.

10.6 MEAL PERIODS

10.6A All full-time employees are entitled to an unpaid meal period of one (1) hour each workday. The Department Head will schedule a reasonable time during regular work hours for employees to take their meal. Employees are expected to adhere to this schedule and return to their workstation promptly within the allotted time.

10.6B All non-exempt (hourly) employees must leave their workstation during their lunch break. If an hourly employee's lunch time is interrupted by work-related phone calls or customer inquiries, it may be considered work time.

10.7 PAY PERIOD

10.7A The established pay period for all employees is as follows:

Start: 7:00 a.m. Saturday
-- fourteen calendar days -
Stop: 6:59 am. - Saturday

10.8 STANDARD LEAVE DAY

10.8A Florence County utilizes a standard leave day for holidays, bereavement leave, military leave, sick leave accrual, annual and sick leave carry over changes, operational shut down leave, and emergency declarations and inclement weather leave. A standard leave day for a shift employee is proportionate to an eight (8) hour day for a forty (40) hour week non-shift employee.

10.8B Non-Shift Employees - For regular full-time, non-shift employees scheduled to work seven and one-half (7.5) hours per workday, a standard leave day is seven and one-half (7.5) hours. For regular full-time, non-shift employees and administrative law enforcement employees scheduled to work eight (8) hours per workday, a standard leave day is eight (8) hours.

10.8C Exempt Employees - For regular full-time exempt employees, a standard leave day is eight (8) hours.

10.8D Emergency Medical Services Employees - For regular full-time non-exempt Emergency Medical Services employees scheduled to work twenty-four (24) hour shift, a standard leave day is eleven and two tenths (11.2) hours.

10.8E Certified Law Enforcement and Central Communications Employees - For regular non-exempt full-time Certified Law Enforcement and Central Communications employees scheduled to work twelve (12) hour shifts, a standard leave day is eight and six tenths (8.6) hours.

10.8F Fire Employees – For regular non-exempt full-time Fire employees scheduled to work forty-eight (48) hour shift, a standard leave day is eleven and one half (11.5) hours.

11.0 ATTENDANCE AND LEAVE PROCEDURES

Florence County provides specific leave opportunities. The granted leaves should be used wisely and for the intended purposes. In no circumstances will any paid leave (sick, annual, bereavement, etc.) be paid out for time over and above an employee's regularly scheduled work week. For example, a regular, forty (40) hours per week employee, who takes a day of sick leave during a week in which they actually work a full forty (40) hours, will not receive eight (8) hours of sick leave pay in addition to forty (40) hours of regular pay. The sick leave will not be deducted from the employee's sick leave balance, and the employee will be paid for the forty (40) hours actually worked. No leave will accrue when an employee is off the payroll for reasons including, but not limited to, Workers' Compensation absence, military duty, or extended unpaid FMLA absence.

11.1 ANNUAL LEAVE

11.1A It is the policy of Florence County to provide paid annual leave (commonly referred to as vacation leave) to all eligible employees.

11.1B Eligibility

11.1B(a) Annual leave accrual will begin following the employee's first full month of employment. Part-time (less than 20 hours) and temporary employees are not eligible for annual leave with pay.

(a) Regular part-time employees scheduled to work at least one-half of the normal workweek accrue vacation leave at a rate proportional to the rate for full-time employees.

(b) Part-time employees, who are scheduled to work less than one-half the normal workweek, and employees holding seasonal or temporary positions do not accrue vacation leave.

(c) Part-time emergency medical services and central communications employees and PRN staff are not eligible to accrue or be paid for vacation leave.

11.1C(3) The anniversary date of employees, for annual leave purposes, will be the date-of-hire into a regular full-time position with no break in employment.

11.1D Maximum Carry-Over Per Calendar Year

The maximum carry-over amount of vacation time per calendar year is forty-five (45) standard leave days. Any accrued, unused vacation leave in excess of this carry-over limit will be forfeited and deleted at the end of the first pay period in January of each year.

11.1E General Information

11.1E(1) Except in the case of an emergency, all annual leave is to be approved, in writing and in advance, by the employee's supervisor, Department Head, or the County Administrator as applicable. An employee wishing to take annual leave should request approval as soon as possible but at least one week in advance. Annual leave may not be taken prior to being accrued. All requests for annual leave will be in increments of no less than thirty (30) minutes.

11.1E(2) Florence County endeavors to allow employees to take paid annual leave at times most convenient to them. However, in order to ensure continued, smooth operation and maintain a high quality in the delivery of services to the citizens of Florence County, the County Administrator may limit the number of employees who may be absent from a given Department or unit at any one time. When there is a conflict in the vacation requests of two or more employees who cannot be spared at the same time, the Department Head will make the determination as to who may take leave based on the needs of the County.

11.1E(3) On occasion, it may be necessary for the Department Head or the County Administrator to require an employee to work in lieu of taking their scheduled annual leave. Employees who work their scheduled annual leave may reschedule their annual leave.

11.1E(4) Non-exempt employees who do not work the required biweekly hours may be charged annual leave to complete the required hours at the discretion of the Department Head and/or Human Resources.

11.1F Units of Annual Leave

An employee's annual leave credit is to be charged for the actual time (or at a minimum of 30-minute increments) an employee is away from the job. No leave, compensatory time, or other non-work time is credited toward overtime. Overtime is based only on the hours actually worked by an employee.

11.1G Leave Donation Policy

11.1G(1) Purpose

The purpose of this policy is to establish guidelines under which employees of the County may voluntarily donate accrued leave to assist fellow employees experiencing a serious health condition or qualifying emergency and who have exhausted all available paid leave.

11.1G(6)(b) Donations must be made in one (1) hour minimum increments.

11.1G(6)(c) All donations are voluntary and confidential.

11.1G(7) Administration of Donated Leave

Human Resources is responsible for the administration of this policy, including maintaining records, ensuring compliance, and providing guidance to employees and management. Donated leave will be credited to the recipient in accordance with County payroll procedures. Donated leave may only be used for the approved purpose. Donated leave has no cash value and may not be converted to compensation.

11.1G(8) Limitations

11.1G(8)(1) The amount of donated leave may be limited to the amount necessary to support the recipient's approved absence.

11.1G(8)(2) Unused donated leave will not be returned to donors. It will be placed in a leave donation pool and utilized by the next eligible employee who requires the donation. Abuse of this program may result in disciplinary action.

11.1J Payment of Annual Leave Upon Separation from Employment

11.1(J)(1) Upon leaving employment, employees receive compensation at their regular straight-time rate for any unused vacation days, up to a maximum of 45 days, provided they give and fulfill the required notice period. Non-management employees are required to provide two weeks' written notice to their Department Head and to work through this notice period. Department Heads and all other management employees must give four weeks' written notice and work through this notice period.

11.1(J)(2) Employees who are terminated for cause are eligible for payment of unused vacation leave, up to a maximum of 45 standard leave days.

11.2 HOLIDAYS

11.2A All full-time employees are eligible for pay for a standard leave day, from date of hire, for the following official paid holidays:

(1) New Year's Day (January 1)
(2) Martin Luther King, Jr's Birthday (Third Monday in January)
(3) Good Friday (Friday before Easter Sunday)
(4) Memorial Day (Last Monday in May)
(5) Independence Day (July 4)
(6) Labor Day (first Monday in September)
(7) Thanksgiving Day (Fourth Thursday in November)
(8) Day After Thanksgiving (Fourth Friday in November)
(9) Christmas Eve (December 24)

(10) Christmas Day (December 25)

(11) Additional Christmas Day if declared a state holiday by the Governor and any other day so designated by the Florence County Council.

11.2B Recognized holidays that fall on a Saturday will be observed on the preceding Friday and recognized holidays that fall on a Sunday will be observed on the following Monday, unless designated otherwise by County Council.

11.2C Regular part-time employees scheduled to work at least one-half (1/2) of the normal workweek are entitled to standard leave for holidays at a rate proportional to the rate for full-time employees.

11.2D Temporary and seasonal employees are not entitled to compensation for holidays.

11.2E Part-time emergency medical services and central communications employees and PRN staff are not entitled to compensation for holidays.

11.2F All non-exempt employees, whether required to work a holiday or not required to work the holiday, receive pay for a standard leave day.

11.2G Holiday pay is calculated at the regular hourly rate. Holiday leave hours are not considered hours worked for the purpose of computing overtime.

11.2H When a holiday falls during a period of approved sick and/or vacation leave, the employee receives holiday pay instead of sick or vacation leave. For shift employees, the balance of the employee's scheduled shift (less the standard leave day for holiday pay) may be charged against approved sick and/or vacation leave.

11.2I Employees must be in pay status to receive holiday pay. If the employee is scheduled to work the day before or the day after the holiday, and the employee has an unexcused absence for either day, the employee is not eligible for holiday pay.

11.2J If an employee is scheduled to work on a holiday and has an unapproved absence, the employee does not receive holiday pay.

11.3 SICK LEAVE

11.3A Florence County provides paid sick leave benefits to regular, full-time employees for periods of temporary absence due to illness or injury. Sick leave is a privilege, not an entitlement. Sick leave may not be taken prior to being accrued. A Department Head or Human Resources may require that an employee provide a medical excuse for sick leave of any duration at any time. If a medical excuse is not available as requested, then any authorization for sick leave may be rescinded and the employee may not be paid for the time missed. Failure to provide the requested medical excuse may result in disciplinary action.

11.3B Eligibility

11.3B(1) Full-time employees of the County accrue one (1) standard leave day of sick leave per month of continuous service.

11.3B(2) Rate of Accrual for Part-time Employees

a) Part-time employees scheduled to work at least one-half (1/2) the normal workweek accrue sick leave at a rate proportional to the rate for full-time employees.

Part-time employees who are scheduled to work less than one-half (1/2) the normal workweek, and employees holding seasonal or temporary positions do not accrue sick leave.

b) Part-time emergency medical services and central communications employees and PRN staff are not eligible to accrue or be paid for sick leave.

11.3C Sick leave normally will not be advanced. However, the County Administrator may consider advancing up to ten (10) days of sick leave in emergency situations or in the event an employee does not have sufficient combined sick leave, annual leave, holiday leave, and compensatory time accrued to continue regular pay during the workers' compensation waiting period, and the likelihood of the employee returning to work is high.

11.3D Units of Sick Leave

For all employees, sick leave credit is to be charged for the actual time (or at a minimum of thirty (30) minute increments) an employee is away from the job. Sick leave hours used do not count towards calculation for overtime pay or compensatory leave accrual.

11.3E Maximum Carry Over Per Calendar Year

The maximum carry-over amount of sick time per calendar year is ninety (90) standard leave days. Any accrued, unused sick leave in excess of this carry-over limit will be forfeited and deleted at the end of the first pay period in January of each year.

11.3F Authorized Uses of Sick Leave

11.3F(1) Sick leave may be used in the following situations:

- Personal illness or injury.
- Appointments for the employee to see a medical professional doctor, dentist, etc.
- Exposure of an employee to a disease requiring quarantine.
- Illness, injury, or medical appointments for a dependent child, spouse, or parent.

***For the purpose of this section of the policy, a dependent child is defined as a child who is 18 years old or younger and resides in your care, or an adult child who is 18 years old or older but is unable to support themselves due to a physical or mental disability.**

11.3G General Information

11.3G(1) In order to be eligible for sick leave with pay, an employee is to:

11.3G(1)(a) Report to their supervisor within one (1) hour of the scheduled starting time or as required by the appropriate supervisor to advise the reason for the absence and request sick leave. The supervisor may require a personal call at their discretion or as necessary. If an emergency exists, arrangements should be made to have someone notify the supervisor on behalf of the employee. Non-emergency medical appointments are to be approved in advance as required by the appropriate supervisor. An employee who fails to make the request and receive approval from their immediate supervisor may not be paid for

the time taken prior to notification. Misuse of sick leave may result in disciplinary action, and continued, unapproved absence will become a compulsory resignation without status.

11.3G(1)(b) Keep their supervisor advised concerning the illness or injury and the anticipated date of return.

11.3G(1)(c) Provide a written certificate from a licensed physician or nurse practitioner certifying that the employee's condition prevented them from performing the duties of their position for any absence that extends beyond three (3) consecutive workdays to be eligible for paid sick leave. The County Administrator, Human Resources Director or Department Head may at any time require an employee to obtain medical certification (original, signed documentation) for any paid sick leave taken and/or medical certification that an employee is capable of returning to work. An employee may be required to periodically update and re-verify the use of sick leave.

11.3G(2) If an employee at work cannot adequately perform their duties or if they may present a danger of injuring or infecting other employees, the Department Head, Human Resources Director or the County Administrator may place the employee on sick leave or unpaid leave until the employee obtains medical certification as to their ability to perform job duties in a safe and efficient manner.

11.3G(3) An employee who has exhausted their accrued sick time and who is experiencing an absence, which meets sick leave eligibility requirements, will have the absence charged against accrued annual leave.

11.3G(4) When all available sick leave and, if applicable, accrued annual leave have been exhausted, an employee may continue on Family and Medical Leave, provided they meet eligibility requirements under this policy. If the employee is not eligible or elects not to continue under such leave, they may be removed from the payroll.

11.3G(5) During any period of approved leave without pay, including authorized sick leave beyond the twelve (12) week Family and Medical Leave period, the employee is responsible for remitting payment for any applicable payroll deductions. Failure to submit timely payments may result in the termination of benefits and could lead to removal from the payroll.

11.4 BEREAVEMENT LEAVE

11.4A All regular full-time and part-time employees are eligible for up to three (3) days of paid bereavement leave in the event of a death in the employee's immediate family. Such leave must be approved in advance by the appropriate Department Head. Bereavement leave must be taken within seven (7) calendar days of the funeral or memorial service.

11.4B For purposes of this policy, "immediate family" includes a spouse, parent, child, dependent child, grandchild, grandparent, or sibling. Stepparents, stepchildren, stepsiblings, are considered part of the immediate family only if the employee and the deceased resided together on a regular basis at or prior to the time of death. Additionally, an individual with whom the employee resides in a committed romantic relationship shall be considered immediate family for bereavement leave purposes.

11.4C Employees are also eligible for up to two (2) days of paid bereavement leave in the event of the death of an in-law, including a son-in-law, daughter-in-law, parent-in-law, grandparent-in-law, brother-in-law, or sister-in-law. In such cases, step-relatives will be considered immediate family

only if the employee and the deceased did not reside together on a regular basis at or prior to the time of death.

11.4D If additional leave is needed, the employee may request to use accrued annual leave.

11.4E The Department Head, Human Resources Director, or County Administrator may require proof of death to be submitted. The employee's supervisor must obtain the relationship of the deceased to the employee, as well as the name of the funeral home handling the arrangements. The Department Head is responsible for certifying and submitting this information along with the payroll report for the leave of bereavement. Failure to include the required documentation with the timesheet will result in the leave being deducted from annual leave accrual first, compensatory time second, and then classified as leave without pay.

11.5 VOTING DAYS

Florence County encourages its employees to fulfill their civic responsibilities by participating in elections. Generally, employees should be able to find time to vote either before or after their regular work hours. The Department Head will make an effort to coordinate with employees to allow for annual leave or minor shift adjustments on voting days for those whose work schedules make it challenging to reach their polling place.

11.6 CIVIL LEAVE

11.6A Time off for mandatory jury duty is excused leave, and the hours actually spent on jury duty, when the hours of jury duty conflict with an employee's work hours, will be considered paid leave, provided that proof of duty is verified by the employee's Department Head. Any period of time for which an employee is excused from jury duty because of illness will be charged to sick leave.

11.6B An employee will be paid for wages lost from scheduled straight-time work due to jury service up to a maximum of four (4) weeks per year. In order to qualify for this payment, an employee called for jury service must give their supervisor notice of such service within two working days of the time the employee is called for such service. The employee must report to work if released by the court on any day of jury service, unless, at the discretion of the employee's supervisor, reporting to work would be highly impractical due to travel time, etc. It is the employee's responsibility to keep their supervisor periodically informed about the amount of time required for jury duty. Employees are entitled to any compensation received from the court system for jury duty.

11.7 WITNESS DUTY LEAVE

11.7A Employees subpoenaed to appear in court as a witness on behalf of Florence County in court will be entitled to civil leave with pay for such period as their court attendance may be required when the hours of court duty conflict with the hours of their work, provided that proof of appearance is verified by the employee's Department Head.

11.7B If the Courthouse is within reasonable commuting distance, the employee is expected to report for work when released from witness duty if it does not conflict with court obligations. It is the employee's responsibility to keep their supervisor periodically informed about the amount of time required for court appearances.

11.7C Employees are entitled to any compensation received from the court system for official court attendance on behalf of Florence County.

11.7D Time spent by an employee in court for a work-related case on behalf of Florence County is considered as hours worked for the purposes of applicable federal law.

11.8 PRIVATE LITIGATION LEAVE

An approved absence of a Florence County employee in order to appear in any capacity in private litigation or in litigation against the County as a plaintiff is to be charged annual leave.

11.9 MILITARY LEAVE

Employees are entitled to such leave of absence and reinstatement upon return from leave of absence for military service (including Reserve and National Guard duty) as may be provided by applicable state and federal law. The provisions of such laws change from time to time, and, for that reason, no effort is made to set forth the law in this policy. Employees will be compensated for their regularly scheduled workdays at their normal rate of pay.

If you need to take military service leave, you or an authorized military service officer should provide advance notice to your supervisor or the Human Resources Department. If possible, you should give at least 30 days' notice of your request for leave. If 30 days' notice is not possible because of military necessity or for other reasons, you should give as much advance notice to the County as possible.

Written notice is preferred but not required. Where possible, please submit a copy of your military orders, training notice, or order to active duty to your supervisor or the Human Resources Department.

11.9A Pay and Benefits

Military service leave is unpaid. However, employees may use any or all of their accrued but unused annual leave during their military service leave. During military service leave, all benefits provided under an employee benefit plan are governed by the terms and conditions of the applicable employee benefit plan documents in accordance with applicable law.

11.9B Reemployment

Employees may be eligible for reemployment after their military service leave. Any employee who would like to return to work must report to work or submit an application for reemployment to the Human Resources Department, including their military discharge documentation, if available, as follows:

- If their military service was for less than thirty-one (31) days, they must report to work on the first regularly scheduled workday, that is at least eight (8) hours after they return home from military service.
- If their military service was for thirty-one (31) to one-hundred and eighty (180) days, they must apply for reemployment within fourteen (14) days following completion of military service.
- If their military service was for more than one hundred and eighty (180) days, they must apply for reemployment within ninety (90) days following completion of military service.
- If they suffered a service-connected injury or illness and they are hospitalized or convalescing, they have up to two (2) years following completion of military service to return to their jobs or apply for reemployment, depending on the length of recovery time required.

Nothing in this policy requires the County to reemploy individuals who are not eligible for reemployment rights under applicable law.

11.9C Discrimination and Retaliation Prohibited

Florence County prohibits and will not tolerate discrimination or retaliation against any employee or applicant because of that person's membership in or obligation to perform service for any branch of the US military. The County is committed to enforcing this policy against discrimination and retaliation. Any employee who believes they have been subject to discrimination or retaliation in violation of this policy should immediately report it to their supervisor or Human Resources.

11.10 PERSONAL LEAVE

11.10A This section applies only to employees employed for less than twelve (12) months, to employees who have worked fewer than one-thousand two-hundred and fifty (1,250) hours in the preceding twelve (12) months, and to employees whose reasons for leave are not covered by the Family and Medical Leave Act.

11.10B An employee who has completed their initial probation is eligible to apply for a leave of absence for up to twelve (12) weeks when unable to work because of sickness, pregnancy, or injury on or off the job. Such an employee may also apply for leave of absence for personal reasons. Personal leave is not normally approved but may be granted only at the discretion of the County Administrator with a written recommendation by the employee's Department Head. Granting such leave does not guarantee reinstatement of an employee to their former position or to a position equivalent to their former position. Employees still in their introductory periods who are absent for more than five (5) consecutive scheduled workdays because of any physical disability are to be removed from the payroll but may be eligible for rehire.

11.10C An employee should apply for consideration for a leave of absence as far in advance of need as is possible. A Department Head, with the approval of the County Administrator, may place an employee on unpaid leave status when the circumstances warrant such action.

11.10D Personal Leave for a physical disability will begin on the first day of absence.

11.10E Generally, an employee on personal leave who has exhausted all sick and/or vacation time is not entitled to wages, does not accrue fringe benefits, and is responsible for payment of any benefits normally paid through payroll deduction. Certain exceptions may be established by law, but any other exceptions will be listed in this section.

11.10F Employees desiring to return to work from unpaid leave of absence should notify the Department Head in writing at least ten (10) days prior to their desired date of return. If the County finds that the employee is fit to resume their duties, the employee may be recalled to their former job if a vacancy exists and is to be filled. If no such vacancy exists, the employee may be recalled to any vacancy, which is to be filled and for which they are qualified and selected on a competitive basis. If no such vacancy exists at the time the employee desires to return to work, the employee's leave of absence may be continued. Any employee who has not been reinstated within six (6) months following the commencement of a leave of absence, is to be removed from the payroll. This action does not affect the employee's eligibility to compete for hire as a new employee at some future time.

11.11 REASONABLE ACCOMMODATIONS

11.11A Florence County is committed to complying with all applicable provisions of the Americans with Disabilities Act, as amended, ("the ADA"). It is the County's policy not to discriminate against any qualified employee or applicant with regard to any terms or conditions of employment because of such individual's disability so long as the employee can perform the essential functions of the job with or without reasonable accommodation. Consistent with this policy of non-discrimination, Florence County will provide reasonable accommodation for a qualified individual with a disability who has made the County aware of their disability, provided that such accommodation does not constitute an undue hardship to Florence County.

11.11B Employees with a disability who believe they need reasonable accommodation to perform the essential functions of their job should contact the Director of Human Resources. On receipt of an accommodation request, the Director of Human Resources may request the employee provide verification of the need for the accommodation from the employee's provider, and then thereafter meet with the employee and the employee's manager, as applicable, to discuss potential accommodation that Florence County may make to help overcome any identified limitations.

11.11C Florence County will then determine the feasibility and/or any undue hardships associated with granting the accommodation. Florence County will determine the feasibility of any requested accommodation and will discuss the feasibility of the requested accommodation and proposed alternative accommodation with the employee as applicable. If Florence County is unable to grant the accommodation, the Director of Human Resources will meet with the employee to explain why. If the request is granted, Human Resources will work with the employee and their manager to make appropriate accommodation.

11.11D An employee or job applicant who has questions regarding this policy or believes that they have been discriminated against, based on a disability, should notify the Director of Human Resources as soon as possible.

11.12 FAMILY AND MEDICAL LEAVE ACT

11.12A This section applies only to employees employed for a minimum of twelve (12) months. Employees must have worked at least one thousand two hundred and fifty (1,250) hours during the twelve (12) month period immediately before the leave date is requested to commence.

11.12B Rights under FMLA: Employees who meet the length of service and hours worked requirements described above have rights under the Family and Medical Leave Act. Employees may request leaves of absence under this policy for the reasons listed in Section 11.12C(1)-(3). **It is the policy of Florence County to count as FMLA time, any time off related to a medical condition that meets FMLA requirements. This time will run concurrently with FMLA leave.**

11.12C Reasons for Leave

11.12C(1) Regular FMLA leave: An eligible employee will be granted a leave of absence under the FMLA when: (1) a serious health condition, including disability resulting from an on-the-job injury (a Worker Compensation injury/illness), prevents the employee from being able to perform their job; (2) the employee's spouse, child, or parent has a serious health condition and the employee must be absent from work in order to care for that relative; or (3) an employee must be absent from work in order to care for a natural child, adopted child, or formally placed foster child, provided that entitlement to leave to care for a child who is newly born or newly received in the employee's household ends twelve (12) months after a natural child is born or twelve (12) months after an adopted or foster child is received in the employee's household. **Proof of need for leave**

of absence must be submitted to Human Resources within fifteen (15) days of application for any FMLA leave.

11.12C(2) Military Caregiver Leave: An eligible employee who is the spouse, parent, child, or next of kin (designated in writing) of a current member of the armed forces, including the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty will be granted up to twenty-six (26) weeks of FMLA leave in a twelve (12) month period, if the service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or has an applicable designation on the federal temporary disability retired list. **Employees requesting FMLA leave for a service member must provide proof of the qualifying family member's next of kin status and federal active military service to Human Resources before leave is granted. Proof of need for leave of absence must be submitted to Human Resources within fifteen (15) days of application for any FMLA leave.**

11.12C(3) Qualifying Military Exigency Leave: An eligible employee who is the spouse, parent, child, or next of kin (designated in writing) of a current member of the armed forces, including the National Guard or Reserves will be granted up to twelve (12) weeks of FMLA leave in a twelve (12) month period for reasons related to or affected by the family member's federal call-up/service or activation by Presidential order. Qualifying exigencies are:

(1) Short-notice deployment (notice of 7 calendar days or less);
(2) Military events and related activities;
(3) Childcare and school activities (regular or routine childcare by the employee does not count);
(4) Financial and legal arrangements;
(5) Counseling;
(6) Rest and recuperation;
(7) Post-deployment activities; and (8) Other urgent related events may be eligible if approved by the County Administrator.

Employees requesting FMLA leave for a service member must provide proof of the qualifying family member's next of kin status and federal call-up/active military service to Human Resources before leave is granted. Proof of need for leave of absence must be submitted to Human Resources within fifteen (15) days of application for any FMLA leave.

11.12D Length of Leave

11.12D(1) Regular FMLA leave: An eligible employee can take up to twelve (12) weeks of work under this policy during any twelve (12) consecutive months. Leave taken for Qualifying Military Exigency Leave also counts against the twelve (12) work weeks of Regular FMLA. Leave to care for a newly born or newly received child must be taken consecutively. Leave required because of the employee's own serious health condition or that of a spouse, child, or parent, may be taken intermittently or by means of a modified work schedule when necessary. When necessary and available, modified work schedules may be arranged with the Department Head.

11.12D(2) Military Caregiver Leave: An eligible employee can take up to twenty-six (26) work weeks under this policy during a twelve (12) month period. Leave taken for Regular FMLA and Qualifying Military Exigency Leave also count against the twenty-six (26) weeks of leave permitted to care for an injured service member.

11.12D(3) Qualifying Military Exigency Leave: An eligible employee can take up to twelve (12) weeks under this policy during any twelve (12) month period. Leave taken for Regular FMLA also counts against the twelve (12) work weeks. For short notice deployments up to seven (7) calendar days of leave may be taken, and leave taken to be with the service member during periods of rest and recuperation (example: military leave or other status determined to be the

equivalent) is limited to five (5) days per period. Leave taken to attend post-deployment activities must be taken within ninety (90) days of the end of active-duty service.

11.12E Effect of Leave on Paid Time Off: An employee who must be absent due to their own disability will be paid for time lost from work first from accrued sick leave balances and then from accrued annual leave balances and similar balances. An employee who takes leave for any other reason will be paid for time away from work from their annual leave balance and any other eligible balance.

11.12F Effect of Leave on Accrual of Fringe Benefits

11.12F(1) Health Benefit Plan: Employees taking up to twelve (12) work weeks' leave under this policy must continue to pay their portion of health benefit plan premiums on the same date that such portion of premiums would be deducted from the employee's wages. If FMLA leave exceeds twelve (12) work weeks, employees are responsible for full and timely payment of the entire cost of health and dental insurance and responsible for making direct payment of any non-County sponsored, payroll deducted plans, such as optional insurance with independent carriers. Employees are entitled to a minimum 30-day grace period in which to make their premium payments to maintain their insurance benefits.

11.12F(2) Accruals: Unpaid time away from work due to leave granted under this policy is not considered time worked for the purposes of accrual of any paid time off or paid leaves.

11.12G Employee Responsibility: Employees requesting leave under this policy must provide thirty (30) days' advance notice, or a shorter notice period if circumstances are warranted.

11.12H Fitness for Duty Certification: Employees returning from FMLA leave for their own disability must provide a Fitness for Duty (FFD) certification signed by their treating physician.

Employees who fail to provide FFD certification will be prohibited from returning to work until it is provided. FFD certifications may be required when an employee returns from intermittent FMLA leave if serious concerns exist regarding the employee's ability to resume their duties safely.

11.12I Termination of Leave of Absence: A leave of absence under this policy will end when the need for the leave of absence ends, or when the maximum leave described above has been taken, whichever occurs sooner.

11.12J Reinstatement: At or before the conclusion of the FMLA leave of absence (excluding extension of leave), the employee is entitled to reinstatement to their former position or to a position equivalent to their former position. The employee must demonstrate that they are fit for duty, providing FFD certification, and give reasonable notice of intent to return to work.

11.12K Extension of Leave (Fourteen (14)-Week Benefit Period)

11.12K(1) An employee who is unable to perform the duties of their position due to their own disability and who has exhausted their entitlement to leave under the Family and Medical Leave Act by taking twelve (12) weeks of leave and who continues to require leave, which would qualify for FMLA if such leave had not been exhausted, may upon written application, be granted up to an additional fourteen (14) weeks of unpaid leave of absence with approval of the Department Head and Human Resources Director. This additional leave of absence does not entitle the employee to reinstatement to their former position or an equivalent one nor to payment of any portion of their health benefit plan premiums. The employee will be separated from payroll status and carried in a terminal leave status for an additional fourteen (14) weeks on the County's health

and dental insurance policies. The employee will be responsible for full and timely payment of the entire cost of this insurance and responsible for making direct payment of any non-County sponsored, payroll deducted plans, such as optional insurance with independent carriers. Failure to make payments when due results in cancellation of insurance coverage. If the employee is able to return to work prior to or after the exhaustion of their extended leave and provides FFD certification, they may apply and compete for any job posting for which they feel they are qualified.

11.12K(2) Employees who have exhausted their FMLA leave under other circumstances, but who continue to require leave which would qualify for FMLA leave if such leave had not been exhausted, may apply for an extended leave of absence for personal reasons. Such extended leaves are granted only at the discretion of the County Administrator upon recommendation of the Department Head.

11.12L Automatic Termination of Employment: An employee's employment will automatically terminate if they do not return to fully active employment status at the conclusion of their approved leave of absence or extended leave of absence.

11.12M Special Situations

11.12M(1) Spouses: When both a husband and a wife are employed, their combined right to leave of absence to care for a child or parent is twelve (12) weeks in a twelve (12) month period. Their combined right to a leave of absence to care for a covered injured or ill service member is twenty-six (26) weeks in a twelve (12) month period.

11.12M(2) Key Employees (salaried employee in highest paid 10% of all employees): Such employees may be denied reinstatement rights if reinstatement would cause substantial and grievous economic injury to operations.

11.12N NOT A CONTRACT

THIS POLICY DOES NOT CREATE CONTRACT RIGHTS. IN NO CASE WILL AN EMPLOYEE HAVE A GREATER RIGHT TO A JOB THAN THEY WOULD HAVE HAD IF THEY HAD NOT TAKEN LEAVE UNDER THIS POLICY.

11.13 LEAVE WITHOUT PAY

11.13A Employees who have no available paid leave may be considered for limited leave without pay by Florence County, upon recommendation from the Department Head and if approved by the County Administrator. No leave without pay will be granted if the employee has any accumulated applicable leave or compensatory time available. The employee should submit the reasons for the leave and its probable duration. Such leave without pay does not entitle the employee to reinstatement to their former position or an equivalent one, nor to payment of any portion of their health benefit or other plan premiums.

11.13B An employee on any leave without pay (Worker's Compensation, FMLA, etc.) will be responsible for paying the County the applicable portion of health insurance and any other elected payroll deductions. Failure to make these payments when due will result in the loss of those benefits.

11.13C At the conclusion of the approved leave without pay, the employee may be reinstated to their original position, if it is available, retaining their original date of hire. If their original position is not available, the employee may apply and compete for any open position for which they are

qualified. If the employee is selected for such a position, they will retain their original date of hire, and the position change will be treated as a lateral transfer, promotion, or demotion as applicable.

11.13D If an employee fails to report to work promptly on the next business day following the end of the approved leave without pay, it is assumed that the employee has resigned and they are to be removed from the payroll.

11.14 ADMINISTRATIVE LEAVE

Administrative leave relieves the employee temporarily of duties. Periods of administrative leave with or without pay are administered when the County Administrator, elected or appointed official, determines such leave is warranted.

11.15 OPERATIONAL SHUTDOWN LEAVE

No paid shutdown leave will be authorized without the prior approval of the County Administrator. In the event that the County Administrator directs the shutdown of offices, operational units, etc., employees may be temporarily reassigned to work as directed by the County. The Department Head, County Administrator, or a designee, will notify employees.

11.16 EMERGENCY DECLARATIONS AND INCLEMENT WEATHER

11.16A From time to time, emergencies such as severe weather, fire, or power outages may disrupt County operations. In such circumstances, the County Administrator may direct the closure of one or more County facilities. Employees designated as essential and required to report to work during an emergency closure will be notified by their Department Head, the County Administrator, or a designee.

11.16B Non-exempt employees, regardless of whether they are required to work during an emergency closure, will receive the number of hours of leave equal to their standard leave day.

11.16C Exempt employees who are not required to work during an emergency closure will receive pay for their standard workday. Exempt employees required to work during an emergency closure will receive leave credit in increments of either half-day or full day. Employees who work fewer than four (4) hours will be credited with four (4) hours of leave. Those who work more than four (4) hours will receive a maximum of eight (8) hours of leave credit per day.

12.0 EMPLOYEE BENEFIT PROGRAMS

12.1 FRINGE BENEFITS

12.1A HEALTH INSURANCE - Florence County covers a portion of the premium cost for health insurance coverage for benefit-eligible County employees. The employee also pays, through payroll deduction, a portion of that cost plus the cost of any elected dependent coverage (if available). For details, employees are to contact Human Resources.

12.1B COBRA - Employees eligible for Florence County health insurance may be eligible for COBRA coverage in the event they are no longer eligible for coverage; if their work hours are reduced; or, if there is a change in family status - birth/adoption, marriage/divorce, etc. It is the employee's responsibility to notify Human Resources of any change in family status within ten (10)

working days. For further details regarding continuing or converting group health insurance benefits, employees are to contact Human Resources.

12.1C SOCIAL SECURITY - All employees are automatically enrolled in the federal Social Security System. The amount paid by the employee into the federal Social Security System is matched by Florence County in accordance with state and federal regulations.

12.1D WORKERS' COMPENSATION INSURANCE - Florence County maintains workers' compensation insurance on employees and specified volunteers (which may include volunteer firefighters, auxiliary/reserve deputies, or inmates) as prescribed by the South Carolina Workers' Compensation Law. No other volunteers and no contractors are covered.

12.1E RETIREMENT

12.1E(1) Florence County participates in the South Carolina Retirement System (SCRS) Program. All full-time County employees are covered under the South Carolina Retirement System Program in accordance with SCRS regulations. A retirement plan is also available for part-time employees under certain conditions.

12.1E(2) Retirement benefits are available to County employees in accordance with the provisions of the South Carolina Retirement System.

12.1E(3) The effective date of employment with the County plus any state allowance governs employee pension at retirement, for state retirement benefit purposes.

12.1E(4) Retiree Insurance Assistance - The County contributes towards the cost of retiree hospitalization coverage for employees that retire dependent upon date of hire and as provided for in annual appropriation levels by the Florence County Council. Contact Human Resources for details and eligibility.

12.1F PAYROLL DEDUCTIONS

Florence County will make deductions from employees' pay for any retirement contribution, approved optional deductions, and for social security, federal income tax, and South Carolina income tax as required by law.

12.1G WELLNESS CLINIC

12.1G(1) Florence County provides employees, their spouses, and eligible immediate dependents with access to the Florence County Employee Wellness Clinic. The Wellness Clinic is an employee benefit intended to support healthcare needs while helping to reduce out-of-pocket medical expenses. Access to the clinic is available regardless of insurance coverage.

12.1G(2) Prior to receiving services, employees must complete a Clinical Treatment Authorization Form for any spouse or dependent seeking care at the clinic. To obtain or review this form, employees should contact Human Resources.

12.1G(3) For purposes of this section in the policy, an "immediate dependent" is defined as:

> (1) an individual related to the employee who resides in the employee's household and is listed as a dependent on the employee's most recent tax return; or
> (2) a child of the employee who is 26 years of age or younger and is covered under the employee's County-sponsored health insurance plan.

12.1G(4) Adult children or other relatives who do not reside in the employee's household are not listed as dependents on the employee's most recent tax return or are not covered under the employee's County-sponsored health insurance plan are not eligible to access the Florence County Employee Wellness Clinic.

12.1H WORKERS' COMPENSATION PROGRAM

12.1H(1) Florence County provides a comprehensive worker compensation insurance program for appropriate employee medical expenses and for partial salary continuation in the event of a work-related injury or illness. The amount of benefits payable and the duration of payment depend on the nature of the injury or illness. Subject to applicable legal requirements, worker compensation insurance provides benefits to employees incapacitated and absent from work in excess of seven (7) days because of a work-related injury or illness.

12.1H(2) Employees who sustain a work-related injury or illness are to inform their Department Head immediately. The Department Head is to ensure that each employee involved in the accident reports to the designated physician or medical facility for medical treatment, as well as ensuring the employee drug and alcohol tests are completed immediately if required. The Department Head is to immediately report the injury to the Risk Manager and assist with completing the First Report of Injury (State Form 12-a). No matter how minor an on-the-job injury may appear, it is important that it be reported immediately. This will enable an eligible employee to receive appropriate medical treatment and provide for payment of medical expenses and for partial wage continuation. A Workers' Compensation injury is a triggering event for the Family and Medical Leave Act, and any absence as a result of a Workers' Compensation injury/illness will run concurrently with the twelve (12) week FMLA entitlement. Temporary transitional work (Light Duty) assignments may be offered for employees who have been restricted by a physician due to a work-related injury/illness based on the needs of the County. Light duty assignments are essential duties for which a department would likely have to either hire an employee or pay an employee overtime to perform. Decisions regarding light-duty work placement of employees will be made jointly by the Department Head and the Risk Manager, with approval of the Human Resources Director. If granted, light duty is normally limited to forty-five (45) days unless otherwise approved by Risk Management and Human Resources.

12.1H(3) When an employee returns to work from an absence caused by a work-related injury or illness, their supervisor must report the return immediately to the Department Head and Risk Management. Employees must provide a Fitness for Duty (FFD) certification signed by the County's designated physician to the Department Head. Employees who fail to provide FFD certification will be prohibited from returning to work until it is provided; additional actions may apply if the certification is not provided promptly. The Department Head or Risk Manager may require additional FFD certification if serious concerns exist regarding the employee's ability to resume their duties safely.

12.7A Florence County may cover all or part of the direct costs associated with dues, fees, and other expenses related to operator certification or professional certification for an employee when such certification is required for their position or will directly enhance their work for Florence County, as determined by the Department Head or County Administrator. Prior approval from the Department Head or County Administrator is necessary for these expenses, and it is the responsibility of the Department Head to ensure that adequate funding is available within the department's budget. If an employee fails to pass the certification examination after two (2) attempts, they will be responsible for all costs associated with retaking it until they obtain the certification.

12.7B The Department Head or County Administrator should identify the various work-related professional organizations and those employees authorized to participate in them. Provision for dues, fees, etc., where required will be included in the department budget.

13.0 EMPLOYEE PERFORMANCE APPRAISAL SYSTEM

The employee performance evaluation report provides a systematic procedure by which each employee can be objectively evaluated in the performance of their job. An employee should be evaluated regularly on their performance in meeting the defined position standards established in a

job description to be provided to the employee by their Department Head. The performance evaluation, when completed, will become part of the employee's permanent personnel record.

14.0 SEPARATION FROM EMPLOYMENT

14.1 DISCLAIMER

14.1A IN ACCORDANCE WITH FLORENCE COUNTY'S EMPLOYMENT-AT-WILL POLICY, EMPLOYEES ARE FREE TO TERMINATE THEIR EMPLOYMENT AT ANY TIME WITH OR WITHOUT NOTICE OR CAUSE. LIKEWISE, FLORENCE COUNTY MAY TERMINATE THE EMPLOYMENT RELATIONSHIP WITH EMPLOYEES AT ANY TIME, WITH OR WITHOUT NOTICE OR CAUSE. However, Florence County hereby establishes the guidelines outlined in this section—Separation from Employment—to provide structure to its employment practices.

14.1B Employees terminating from employment with Florence County, for whatever reason, will receive their final paycheck on the payday following the end of the pay period during which the termination became effective.

14.2 RESIGNATION

14.2A An employee, who voluntarily leaves their position with Florence County, for any reason, is regarded as having resigned.

14.2B To resign in good standing, an employee must give their supervisor at least two (2) weeks' notice in writing except in the case of a Department Head where a four (4) week notice is required. Failure to comply with this rule will be entered on the service record of the employee. Normally, failure to comply with this rule will result in denial of reemployment rights. However, the Department Head may recommend that the County Administrator waive the requirement for the notice where exceptional or emergency circumstances warrant such a waiver or where such a waiver would be in the best interests of Florence County. The County Administrator will make the final determination of status.

14.3 COMPULSORY (INVOLUNTARY) RESIGNATION

An employee who, without valid reason, fails to report to work for three (3) consecutive working days without authorized leave is to be separated from employment and is to be reported as a compulsory (involuntary) resignation. Such an employee is not eligible for reemployment. (This section is not intended to preclude other disciplinary action or separation for failure to maintain reliable attendance, etc.)

14.4 LOSS OF LICENSE/JOB REQUIREMENT

An employee, who is unable to perform their duties adequately due to the loss of a necessary license or other similar requirement, may be terminated from employment. At the County Administrator's discretion, such an employee may be transferred to another position for which they are qualified, if a vacancy exists.

14.5 LAYOFF

14.5A When it becomes necessary to reduce the workforce in a department because of reorganization, lack of funds, or other causes, employees will be laid off based on the following factors, listed in order of importance:

1) Importance of the position in the department operations.
2) Average performance for the last three (3) years of service or for the entire period of less than three (3) years.
3) Length of service in the employees' current job classification.
4) Length of service with Florence County.

14.5B If a regular employee is scheduled to be laid off, they may be offered, at the County Administrator's discretion, alternate employment if a vacancy for which the employee is qualified exists.

14.5C Prior to a reduction in force, the names and class titles of all regular employees scheduled for layoff will be submitted to the County Administrator for approval. Layoffs will not be effective until approved by Florence County Council. Regular employees should be notified in writing by the County Administrator at least fourteen (14) calendar days prior to the effective date of layoff. If a new position is created, employees may compete for the position as with any new position.

14.6 DISCHARGE/TERMINATION WITHOUT STATUS

Discharge/termination without status is an involuntary separation of an employee from employment with Florence County, often disciplinary in nature. No employee will be taken off the payroll without a PAR form completed by all reviewing signatories.

14.7 PRE-RETIREMENT DEATH

14.7A The County participates in the pre-retirement death benefit program of the South Carolina Retirement System. The cost of this program is borne entirely by the County. The provisions of this program are subject to change.

14.7B In addition to benefits provided by the South Carolina Retirement System, the employee's beneficiary (if one is named) or their estate (if no beneficiary is named) receives a payment of compensation for one month after the death of the County employee.

14.7C The Police Officers Retirement System may provide an additional accidental death program upon the death of an active employee. The estate or designated beneficiary is eligible for payment for any accrued compensation or benefits due to the employee.

14.7D Upon the death of an active employee, the estate or designated beneficiary is eligible for payment for unused vacation leave (up to forty-five (45) days) and life insurance.

14.8 EXIT INTERVIEW

In order to reduce turnover and improve personnel administration, the Department Head, Human Resources, or the County Administrator may schedule exit interviews for separating employees. The exit interview affords an opportunity to discuss such issues as employee benefits, conversion privileges (COBRA), etc. Suggestions, complaints, and questions can also be voiced.

14.9 SEPARATION PROVISIONS

Employees will receive their final paycheck(s) in accordance with applicable state law. Employee benefits will be affected by separation from employment. Some benefits may be continued at the employee's expense if the employee so chooses. The employee will be notified in writing by Human Resources of the benefits that may be continued and of the terms, conditions, and limitations of such continuance.

14.10 SEPARATION PAY

14.10A On the pay period following the separation, employees will normally be paid for unused, accrued annual (vacation) leave hours only if they give and properly work a two (2) week notice of resignation or if they are dismissed. The County Administrator may waive the requirement for working out the notice period when the situation warrants.

14.10B Non-exempt employees will be paid at separation for unused compensatory leave hours accrued through the employee's date of separation.

14.10C No payment will be made at termination for unused sick leave regardless of the circumstances of the separation.

14.11 RETURN OF PROPERTY

14.11A Employees are responsible for all property, materials, or written information issued to them or in their possession or control. Employees must return all Florence County property immediately upon request or upon termination of employment. The value of Florence County property is considered an advance of wages.

14.12 COBRA

14.12A Employees who participate in Florence County's health insurance plan are usually eligible to continue health, dental, and vision coverage after separation from employment. Employees and their eligible dependents may elect to continue in the health, dental, and vision plan upon payment of the applicable premium, plus any additional administrative charge. Employees and eligible dependents will be notified in writing of the continuation benefits.

15.4B Employees must sign disciplinary notices, counseling memoranda's, performance evaluations, PAR forms, and similar documents. The employee's signature indicates only that the employee is aware of the action taken and does not indicate that the employee agrees with such action.

15.4C An employee who refuses to sign such a document will be suspended without pay until the document is signed. If it is not signed and returned to the supervisor by the closure of business the next working day, the employee will be considered to have resigned.

16.0 GRIEVANCE PROCEDURE

16.1 GENERAL

16.1A This grievance procedure is adopted in accordance with the County and Municipal Employees Grievance Procedure Act, Section 8-17-110, et seq., Code of Laws of South Carolina 1976, as amended. For the purposes of this Grievance Procedure, the term "calendar days" refers to sequential days excluding Saturdays, Sundays, and holidays.

16.1B Grievance is defined as any complaint by an employee who believes that they have been treated unfairly, unlawfully, or in violation of their rights under county policies, with regard to any matter pertaining to their employment by the county. This definition includes, but is not limited to, discharge, suspension, involuntary transfer, promotion, and demotion. If an employee believes that

they have not received or been credited with or has otherwise lost wages or benefits to which they are entitled, they must present their grievance in accordance with this procedure or such wages or benefits may be forfeited. An employee may not grieve discharge actions for positive drug tests, FMLA leave expiration removals from the payroll, Workers' Compensation removals from the payroll, transfers, involuntary assignments, or budgetary actions of Council resulting in position eliminations.

16.1C Eligible employees or former employees must follow the following grievance procedure in order for a grievance to be considered:

Step 1: Within five (5) calendar days of the occurrence of the event prompting grievance, the employee or former employee must present the grievance in writing or orally to the Department Head. If no response is received within five (5) calendar days, then the grievance is denied, and the employee or former employee should move to step 2.

Step 2. Present the grievance in writing to the appropriate Deputy County Administrator. If a response from the Deputy County Administrator is not received within five (5) calendar days, the grievance will be considered denied, and the employee or former employee should advance to Step 3. If the department does not report to a Deputy County Administrator or if the position of the appropriate Deputy County Administrator is vacant, the grievant should also proceed to Step 3. Furthermore, if the appropriate Deputy County Administrator acts as Interim County Administrator during the grievance procedure, the grievant may move forward to Step 3.

Step 3. File a written appeal for an employee grievance, requesting a hearing before the Grievance Committee. The employee or former employee must submit a complete statement describing in detail the reason for the grievance, a verified statement that the Department Head and Deputy County Administrator have been consulted and have not responded or denied the grievance, along with a list and/or copy of documents known to the grievant to contain relevant information regarding the matter, to the Human Resources Department within five (5)calendar days. Appeals submitted after this deadline will not be considered.

Step 4. Within ten (10) calendar days of receipt of the employee's request, Human Resources schedules the requested hearing and notifies the Grievance Committee, the employee or former employee requesting the hearing, and the Department Head is involved.

16.1D For an introductory employee, the employee or former employee follows the steps above within his/her hiring/firing authority and excludes the Grievance Committee. The County Administrator is the final appeal level. An employee is considered probationary until their probationary or introductory period is completed.

16.1E Employees of an elected or appointed official are not entitled to a grievance hearing unless the elected or appointed official agrees to allow the employee to file a grievance.

16.1F The Human Resources Director (or designated representative) shall determine whether the appeal is in order and has been filed in a timely manner in accordance with this section.

16.2 GRIEVANCE COMMITTEE

16.2A The County Administrator appoints members of the grievance committee. The grievance committee is composed of seven (7) employees. The County Administrator may appoint two (2) alternates to serve in the event a regular member cannot participate. The members serve for terms of three (3) years, except that the members appointed initially are appointed so that their terms will be staggered, and approximately one-third of the terms expire each year.

16.2B A member may continue to serve after the expiration of their term until a successor is appointed. Any interim appointment to fill a vacancy for any cause prior to the completion of a member's term will serve for the unexpired term. Any member may be reappointed for succeeding terms at the discretion of the County Administrator. All members are to be selected on a broadly representative basis from among currently employed regular, full-time county employees in the following manner:

16.2B(1) A general announcement of vacancies will be posted.

16.2B(2) Any employee interested in serving on the Committee is to send a letter of interest to Human Resources.

16.2B(3) The Human Resources Director will review the candidates considering the following Committee requirements:

1) Five (5) members must be from regular County Departments under County Council jurisdiction and two (2) from appointed/elected offices; two (2) of the seven (7) must be supervisors;
2) No more than two (2) members may be from any single Department.

16.2B(4) The Human Resources Director will draw up a register of possible candidates and present the candidates' names to the County Administrator.

16.2B(5) The County Administrator will appoint the committee members from the register.

16.2C Members employed in the same department as the grieving employee and members having formed an opinion of the issues prior to the hearing are not to participate in the employees' hearing. Alternates serve in the place of committee members on a particular grievance in instances where members are not eligible to serve.

16.2D The Grievance Committee selects its own chairman from among its members annually. The chairman serves as the presiding officer at all hearings which they attend but may designate some other member to preside in his/her absence.

16.2E A quorum consists of at least four (4) members, and no hearings may be held without a quorum present.

16.2F The chairman or their designee will have control of the proceedings or other actions taken. They will take the appropriate action necessary to ensure an equitable, orderly, and expeditious hearing including requesting the presence of a law enforcement officer if needed. Parties are to abide by their decisions, except when a committee member objects to a decision to accept or reject evidence, in which case the majority vote of the committee will govern.

16.2G The Grievance Committee may call for files, records, and papers which are pertinent to any investigation, and which are subject to the control of the County Council; call for or consider affidavits of witnesses; request and hear the testimony of witnesses; consider the results of polygraph examinations; and secure the services of a recording secretary at its discretion. The Grievance Committee may only review the grieving employee's personnel file with a representative from Human Resources present to maintain control and responsibility of the file. In lieu of having the personnel file available at a Grievance Committee meeting, the Chairman of the Grievance Committee may review the file in the Human Resources Office and request copies of pertinent documents to present to the Grievance Committee for consideration. The Grievance Committee

has no authority to subpoena witnesses, documents, or other evidence, nor is any County employee to be compelled to attend any hearing by the Grievance Committee. All proceedings are to be recorded. Witnesses, other than the grieving employee and department representative, are sequestered until such time as they are called upon to give testimony. All witnesses testify under oath. The official recordings and the official minutes of all hearings are subject to the control and disposition of the Human Resources Director.

16.2H All hearings are to be held in executive session unless the grieving employee requests at least one day prior to the hearing that it be held in open session. In the case of an open hearing, the Grievance Committee Chairman is required to request a deputy be present and to adhere to all policies for speakers detailed herein.

16.2I Neither the grieving employee nor the department may be assisted in any manner by advisers or by attorneys during the hearing itself. However, the Grievance Committee may have an attorney available to it at any and all times it considers necessary. Human Resources provides Americans with Disabilities Act assistance as appropriate when requested.

16.2J In disciplinary actions by Department Heads and their subordinate supervisors, the employee receives written notice of the nature of the acts or omissions that prompted the disciplinary action. This notice may be amended at any time twenty-four (24) hours or more before the commencement of the hearing. The department is to demonstrate that the disciplinary action is for the good of the County. The department makes the first presentation. The Grievance Committee may base its findings and recommendations (and the Administrator or other elected or appointed officials, their decision) on any additional or different grounds developed from the presentations.

16.2K In non-disciplinary grievances, the employee must demonstrate that a right existed and that it was unfair, illegally, or in violation of County policy denied to them. The employee presents their case first.

16.2L In all grievances, the grieving employee and the department are each limited to one (1) hour of initial presentation. The party required to make the first presentation is entitled to a ten (10) minute rebuttal of the other party's presentation. The chairman serves as timekeeper or appoints another member of the Grievance Committee to serve in that capacity.

16.2M In all grievances, presentations may be oral or written or both and may be supported by affidavits or unsworn, signed statements from witnesses, by records, other documentary evidence, photographs or other physical evidence. Presentations are to be made by the grieving employee and by a managerial employee of the grieving employee's department. Neither party may call witnesses or question the other party, or question any witness called by the Grievance Committee.

16.2N Except as provided in the following section (16.2O), the Grievance Committee is to, within ten (10) days after hearing an appeal, make its findings and recommendation and report such findings and recommendation to the Department Head who makes a written decision to accept, reject or modify the Committee's recommendation within two (2) days of receipt of it. If the Department Head approves, the recommendation of the Grievance Committee is their decision, copies of the decision are transmitted by the Committee to the employee and to the department involved. If, however, the Department Head rejects the decision of the Committee, they will make their own decision and copies of the decision are transmitted to the employee and to the employing department. If dissatisfied with the ruling of the Department Head, the employee may request in writing an appeal to the Administrator within five (5) days of receipt of the Department Head's ruling. The Administrator conducts a review of the case and the written appeal and makes their final decision known to the employee within ten (10) days.

16.2O In grievances involving the failure to promote or transfer, or the discipline or discharge of personnel employed in or seeking assignment to departments under the direction of an elected official or an official appointed by an authority outside county government, the Grievance Committee, within ten (10) days after hearing an appeal, makes its findings and recommendation and reports such findings and recommendation to such official or authority. If the official or the authority approves, the recommendation of the Grievance Committee is their decision, and a copy of the decision is transmitted by the Grievance Committee to the employee. If, however, the official or authority rejects the decision of the Grievance Committee, the official or authority makes their decision and that decision is final. A copy of the decision is transmitted to the employee.

16.2P An employee who was discharged and who has complied with the entire grievance process and is unsatisfied may request a review by the County Council if they submit a request in writing to the Human Resources Director or County Administrator within two (2) days of receipt of the Administrator's or official's or authority's ruling. The Administrator will provide the notice to the Chairman of County Council within five (5) calendar days. WHEREAS:

1. This text amendment clarifies the intent of the Florence County Ordinance by adding 'building' to the Change of Nonconforming Use subtitle. The goal is to explicitly clarify that both buildings and structures dictate a property's designated use.

NOW THEREFORE BE IT ORDAINED BY THE FLORENCE COUNTY COUNCIL DULY ASSEMBLED THAT:

The Florence County Code Of Ordinances, CHAPTER 30, ZONING ORDINANCE, ARTICLE VII. – ZONING DISTRICT REGULATIONS, DIVISION 8. – GENERAL AND ANCILLARY REGULATIONS, Sec. 30-249. – Nonconformities., (b)(1);

Shall Be Amended And Will Read As Follows:

Sec. 30-249. – Nonconformities.

(a) ***Continuation***. Nonconforming uses, buildings, or structures are declared by this section to be incompatible with permitted construction in the districts in which they are located.

However, to avoid undue hardship, the lawful use of any such use, building, or structure at the time of the enactment, amendment, or revision of this section may be continued even though such structure does not conform with the provisions of this section.

(b) ***Modification.*** A proposed change or modification to a nonconforming use shall be governed by the following:

(1) *Change of nonconforming use or building*. If a change from one nonconforming use to another is proposed and no structural alterations are involved, the change may be permitted, provided:

a. Nonconformity of dimensional restrictions such as height, density, setbacks, or other requirements such as off-street parking shall not be increased; and

b. The proposed change will have little discernable impact over the existing nonconforming use.

If a change to a permitted use is proposed which is nonconforming only as to dimensional restrictions such as height, density, setbacks, or other requirements such as off-street parking, the change may be permitted, provided that all applicable requirements that can be reasonably complied with are met.

Compliance with a requirement is not reasonably possible if it cannot be achieved without adding land to the lot of the nonconforming use or moving the use if it is on a permanent foundation.

Whenever a nonconforming use of land or building has been changed to a more restricted use or to a conforming use, such use shall not thereafter be changed back to a less restricted or nonconforming use.

(2) ***Enlargement or expansion of nonconforming use.*** Enlargement or expansion of a nonconforming building, use, or structure by no more than ten percent shall be permitted; provided such enlargement shall meet all applicable setbacks, buffer area, and off-street parking requirements.

(3) ***Repair or alteration of nonconforming use, building, or structure.*** The repair or alteration of a nonconforming use shall in no way increase the nonconformity of said use, except as otherwise permitted by subsection (2) above.

(4) ***Replacement of nonconforming use.*** A building permit for the replacement of a nonconforming building or structure where damaged or destroyed must be initiated within 18 months of the time of the damage or destruction or forfeit the right of replacement. Replacement, if initiated within 18 months of the time of damage or destruction shall adhere to all applicable requirements of Table III.

Replacement of a nonconforming mobile or manufactured home once removed from a lot or parcel shall be accomplished within 18 months of removal or forfeit nonconforming status, and if replaced shall not infringe on established setbacks, and shall meet in full the requirements of section 30-94 of this chapter. The applicant for a zoning compliance under this section must provide planning department staff with a notarized letter stating that the replacement is occurring within 18 months of the previous home being removed.

Existing outdoor advertising structure owners may apply for rebuilding permits for legal, nonconforming structures that are constructed by means other than the single steel pole structural design, as required by this section. The sign face square footage must remain the same as the existing sign face. If removed, a nonconforming sign structure shall not be replaced.

(5) ***Reuse of vacant nonconforming commercial buildings.*** Existing vacant buildings in residential zones, previously occupied by and structurally designed for commercial usage may be renovated and reoccupied under the following conditions:

a. All off-street parking requirements associated with the new occupant (use) shall be met on site;

b. Buffer area requirements of article IV, division 2 shall be met;

c. The reoccupied use shall be permitted in the B-1 and/or B-2 and/or B-3 zone districts;

d. There is no encroachment into existing side, rear, or front yard setbacks.

(6) ***Nonconforming signs.*** A nonconforming permanent sign which was in place at the adoption of this section may remain in place and be maintained indefinitely as a legal nonconforming sign subject to compliance with the following:

a. Normal maintenance of such sign shall be allowed including changing of copy, structural repairs, repainting or electrical repairs, and incidental alterations which do not increase the degree or extent of the nonconformity.

b. No structural alteration, enlargement, or extension of such sign including additional lighting shall be allowed.

c. No relocation of sign structure except in strict compliance with this section.

d. If a sign is damaged or is in need of repairs for any reason, which the materials required to make the repair cost more than 60 percent of the cost of replacing the sign, then the sign cannot be repaired and must be removed or brought into compliance with this section.

(c) ***Discontinuance***. Except as provided in section 30-249(b)(5), no building or portion thereof used in whole or in part for a nonconforming use which remains idle or unused for a continuous period of 18 months, whether or not the equipment or fixtures are removed, shall again be used except in conformity with the regulations of the district in which such building or land is located. In the case of a nonconforming commercial use, a valid business license or other governmental agency licenses must have been issued to the use and particular property within the last 18 months and cannot have been revoked by the governing authority.

(d) ***Lot of record***. Where the owner of a lot at the time of the adoption of this chapter does not own sufficient land to enable him to conform to the setback requirements of this section, such lot may nonetheless be used as a building site provided applicable setback requirements are not reduced by more than 25 percent. Setback reductions greater than 25 percent shall be referred to the board of zoning appeals for consideration. If, however, the owner of two or more adjoining lots with insufficient land dimensions decides to build on or sell off these lots, they must first be combined to comply with the dimensional requirements of this chapter.

2. Provisions in other Florence County ordinances in conflict with this Ordinance are hereby repealed.

3. If any provision of this Ordinance or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Ordinance which can be given effect without the invalid provision or application and to this end, the provision of this Ordinance are severable.

Staff Analysis:
This text amendment clarifies the intent of the Florence County Ordinance by adding 'building' to the Change of Nonconforming Use subtitle. The goal is to explicitly clarify that both building and structures dictate a property's designated use.

Sec. 30-249. – Nonconformities.

(a) ***Continuation***. Nonconforming uses, buildings, or structures are declared by this section to be incompatible with permitted construction in the districts in which they are located.

However, to avoid undue hardship, the lawful use of any such use, building, or structure at the time of the enactment, amendment, or revision of this section may be continued even though such structure does not conform with the provisions of this section.

(b) ***Modification.*** A proposed change or modification to a nonconforming use shall be governed by the following:

(1) *Change of nonconforming use or building*. If a change from one nonconforming use to another is proposed and no structural alterations are involved, the change may be permitted, provided:

a. Nonconformity of dimensional restrictions such as height, density, setbacks, or other requirements such as off-street parking shall not be increased; and

Compliance with a requirement is not reasonably possible if it cannot be achieved without adding land to the lot of the nonconforming use or moving the use if it is on a permanent foundation.

Whenever a nonconforming use of land or building has been changed to a more restricted use or to a conforming use, such use shall not thereafter be changed back to a less restricted or nonconforming use.

(2) ***Enlargement or expansion of nonconforming use.*** Enlargement or expansion of a nonconforming building, use, or structure by no more than ten percent shall be permitted;

provided such enlargement shall meet all applicable setbacks, buffer area, and off-street parking requirements.

(3) ***Repair or alteration of nonconforming use, building, or structure.*** The repair or alteration of a nonconforming use shall in no way increase the nonconformity of said use, except as otherwise permitted by subsection (2) above.

(4) ***Replacement of nonconforming use.*** A building permit for the replacement of a nonconforming building or structure where damaged or destroyed must be initiated within 18 months of the time of the damage or destruction or forfeit the right of replacement. Replacement, if initiated within 18 months of the time of damage or destruction shall adhere to all applicable requirements of Table III.

Replacement of a nonconforming mobile or manufactured home once removed from a lot or parcel shall be accomplished within 18 months of removal or forfeit nonconforming status, and if replaced shall not infringe on established setbacks, and shall meet in full the requirements of section 30-94 of this chapter. The applicant for a zoning compliance under this section must provide planning department staff with a notarized letter stating that the replacement is occurring within 18 months of the previous home being removed.

Existing outdoor advertising structure owners may apply for rebuilding permits for legal, nonconforming structures that are constructed by means other than the single steel pole structural design, as required by this section. The sign face square footage must remain the same as the existing sign face. If removed, a nonconforming sign structure shall not be replaced.

(5) ***Reuse of vacant nonconforming commercial buildings.*** Existing vacant buildings in residential zones, previously occupied by and structurally designed for commercial usage may be renovated and reoccupied under the following conditions:

a. All off-street parking requirements associated with the new occupant (use) shall be met on site;
b. Buffer area requirements of article IV, division 2 shall be met;
c. The reoccupied use shall be permitted in the B-1 and/or B-2 and/or B-3 zone districts;
d. There is no encroachment into existing side, rear, or front yard setbacks.

(6) ***Nonconforming signs.*** A nonconforming permanent sign which was in place at the adoption of this section may remain in place and be maintained indefinitely as a legal nonconforming sign subject to compliance with the following:

a. Normal maintenance of such sign shall be allowed including changing of copy, structural repairs, repainting or electrical repairs, and incidental alterations which do not increase the degree or extent of the nonconformity.
b. No structural alteration, enlargement, or extension of such sign including additional lighting shall be allowed.
c. No relocation of sign structure except in strict compliance with this section.
d. If a sign is damaged or is in need of repairs for any reason, which the materials required to make the repair cost more than 60 percent of the cost of replacing the sign, then the sign cannot be repaired and must be removed or brought into compliance with this section.

(c) ***Discontinuance***. Except as provided in section 30-249(b)(5), no building or portion thereof used in whole or in part for a nonconforming use which remains idle or unused for a continuous period of 18 months, whether or not the equipment or fixtures are removed, shall again be used except in

conformity with the regulations of the district in which such building or land is located. In the case of a nonconforming commercial use, a valid business license or other governmental agency licenses must have been issued to the use and particular property within the last 18 months and cannot have been revoked by the governing authority.

(d) ***Lot of record***. Where the owner of a lot at the time of the adoption of this chapter does not own sufficient land to enable him to conform to the setback requirements of this section, such lot may nonetheless be used as a building site provided applicable setback requirements are not reduced by more than 25 percent. Setback reductions greater than 25 percent shall be referred to the board of zoning appeals for consideration. If, however, the owner of two or more adjoining lots with insufficient land dimensions decides to build on or sell off these lots, they must first be combined to comply with the dimensional requirements of this chapter.

APX N50 Portable Radio Solution Description

Overview

The APX N50 offers affordable, next generation communications for without compromising P25 interoperability or voice and data quality. It offers a durable design with “pick-up-and-go” functionality, optimizing ease-of-use and focused communications in almost all environments.

Durable And Easy To Use

The APX N50 enhances operations with a front display with an upgraded user interface for better readability and loud and clear audio for reliable, everyday use. Additionally, it offers extended battery life, a shorter antenna, and Bluetooth compatibility with audio accessories, promoting efficient communications between first responders.

Adaptive Audio

For first responders in loud environments, the APX N50 offers adaptive audio that enhances voice quality and minimizes background noise. The APX N50 includes two High Dynamic Range (HDR) microphones with high overload point pickup that reproduces voice with clarity and reduces audio clipping and distortion, even when shouting. The radio has custom speakers that use noise cancellation technology to amplify loud and clear audio, and help make every syllable intelligible.

An enhanced audio engine dynamically adjusts the N50 in any environment by using algorithms to filter out unpredictable background noise and wind while using multiple microphones to track voice from every angle, allowing first responders to speak into the radio without compromising voice quality. Additional environmentally aware audio features receive volume leveling and noise sensing volume control–the radio will automatically adjust for loud or soft talkers and the changing ambient noise levels. These features allow first responders to keep their eyes forward and remain focused on situations as they unfold.

Essential and Secure P25 Communications

The APX N50 is certified compliant with P25 standards and supports digital and analog trunking, FDMA and TDMA, and Integrated Voice and Data. All P25 communications over the N50 are safe and secure–it offers software and hardware encryption, single- and multi key encryption, and P25 Authentication, protecting communications during daily operations.

Reliable Connectivity

Using the APX N50 lets first responders stay connected across disparate networks. It is equipped with Wi-Fi®, Bluetooth®, and GPS features, bringing future-ready applications, services, and best-in-class connectivity to everyday use. APX N50 radios support 7/800 MHz frequency bands across radio systems, with minimal intervention by the radio user.

SmartConnect over Wi-Fi

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the ""Underlying Agreement"") that authorizes Customer to purchase equipment and/or services or license software (collectively ""Products""). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.
Motorola Solutions, Inc.: 500 West Monroe, United States - 60661 ~ #: 36-1115800

SmartConnect is a subscription service that allows first responders to access critical intelligence no matter where the mission takes them. When P25 networks are unavailable, the APX N50 will maintain functionality and voice quality by automatically switching to an available broadband network, enabling connectivity outside of radio system coverage. Voice information and signals between radios and control are encrypted, ensuring that all transmissions are secure.

The APX N50 can use SmartConnect when directly connected to Wi-Fi hotspots, through an in-vehicle LTE modem, or over a satellite connection. Additionally, the radio will indicate to users when SmartConnect is active by displaying a blue bar on-screen.

Managing and Provisioning Devices

APX N50 can be programmed in two ways: one-at-a-time through Customer Programming Service (“CPS”) or through a combination of CPS and batch programming over Wi-Fi available with the radio management (“RM”) software.

CPS is a proprietary, Windows-based application, used to configure APX subscriber radios in offline situations that include provisioning, networking, and monitoring tools that provide greater awareness and faster radio management. The CPS application offers drag-and-drop, clone-wizard, and basic import/ export functions that allow the addition of new software and feature enhancements. APX N radios can be programmed one-at-a-time on a local PC, via secure USB port connection, with TLS-PSK based encryption. Once loaded, subscriber radios are read and edited, and codeplugs and templates can be saved and duplicated to program other fleet radios

Batch Programming is available through the RM software for simultaneous programming and upgrading throughout the radio fleet. With Batch Programming, up to 16 radios can be programmed at once over a Wi-Fi connection. This reduces programming time and ensures that the radio fleet is always up-to-date and ready-to-use in the field.

Device Management Services

Device Management Services (“DMS”) packages provide programming, management, and maintenance services to maximize the effectiveness of this APX N50 solution, while reducing maintenance risk, workload, and total cost of ownership. DMS tackles a range of customer needs, whether the solution is self-maintained or managed by Motorola Solutions.

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the ""Underlying Agreement"") that authorizes Customer to purchase equipment and/or services or license software (collectively ""Products""). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.
