7. If you are searching for a newspaper:

- Use “Refine Results” to narrow the results to the Location “**SHS Columbia Newspaper Micro (Lib Use Only)**”
- Note that the microfilm reels are not always in chronological order due to the cataloging software limitations. For locating specific reels and checking coverage dates, we recommend also using the **Newspaper Directory PDF files** that are linked to every newspaper record. Each county newspaper directory PDF is arranged alphabetically by town and then alphabetically by paper title.
