

2023 BUSINESS OFFERINGS

SCHOOLS & GOVERNMENT UTILITY BILL VERIFIED SAVINGS OFFERING

HOW TO APPLY

NEED HELP? Call 800.762.7077

FOCUS ON ENERGY® encourages school and government customers to participate in the Utility Bill Verified Savings offering in 2023. This offering is available to select customers seeking financial support to reduce energy usage in their buildings throughout the calendar year. Energy reduction cannot be attributed to installing new capital equipment eligible through prescriptive and custom incentives. Instead, participants can achieve energy reduction through other methods, such as:

- Hiring an Energy Manager.
- Applying analytics software for energy reduction.
- Utilizing a real-time energy monitoring device.
- Training staff.
- Implementing behavioral initiatives.

Enrollment is competitive. Focus on Energy will choose five buildings based on their plans to save energy throughout 2023.

WHY PARTICIPATE?

Besides saving energy in your facilities, Focus on Energy will support you throughout the process with regular check-ins, training support, and strategies for energy savings. You will also receive an incentive for the energy you save throughout 2023.

Paid incentives will be determined at the beginning of 2024. Your savings for the year 2023 is calculated and weather normalized through ENERGY STAR Portfolio Manager®.

$$\text{Incentive} = \$0.006 \times \text{Building Square Footage} \times \text{Energy Use Intensity Savings.}$$

example 1

BUILDING DETAILS:

Site: 300,000 ft.² High School

Reduced EUI: 5.7 points
(72.3 kBtu/ft.² Year 1 - 66.6 kBtu/ft.² Year 2)

Incentive = $\$0.006 \times 300,000 \times 5.7 = \$10,260$

Energy Savings: 500,000 kWh*

Reduced Energy: \$50,000 during the year**

example 2

BUILDING DETAILS:

Site: 80,000 ft.² Elementary School

Reduced EUI: 4.2 points
(59.8 kBtu/ft.² Year 1 - 55.6 kBtu/ft.² Year 2)

Incentive = $\$0.006 \times 80,000 \times 4.2 = \$2,016$

Energy Savings: 98,500 kWh*

Reduced Energy: \$9,850 during the year**

*Assuming 100% electric savings.

**Utility rates are estimated at \$0.10/kWh. Utility rates will vary, and additional charges may cause these savings not to be realized.

ENERGY USE INTENSITY (EUI)

ENERGY STAR Portfolio Manager® expresses EUI as energy per square foot per year. To calculate EUI, divide the total energy consumed by the building in one year (measured in kBtu) by the facility's gross square footage. Focus on Energy is using ENERGY STAR Weather Normalized Site Energy Usage Index, which is reported by calendar year.

UTILITY BILL VERIFIED SAVINGS REQUIREMENTS

section 1

BEFORE YOU APPLY

- Confirm your gas and/or electric utility participates in Focus on Energy at focusonenergy.com/utilities.
- Contact your Focus on Energy Advisor for assistance. If you do not know who your Energy Advisor is, visit focusonenergy.com/ea-map.

section 2

WHAT YOU'LL NEED

- Utility Bill Verified Savings enrollment application.
- Identified Energy Champion.
 - Energy Champion – Individual responsible for the success of this offering at the facility. This individual is responsible for coordinating with their Focus on Energy team and ensuring ENERGY STAR Portfolio Manager is updated.
- Plan to achieve energy savings throughout the year.

section 3

TIMELINE AND EXPECTATIONS

- Customer is expected to enter historical building data into ENERGY STAR Portfolio Manager by February 28, 2023 and share the account information with Focus on Energy.
- Energy Advisor will meet with the customer and energy teams (if applicable) monthly.
- Energy Advisor will share non-weather normalized EUI progress reports with customer quarterly to evaluate progress.
- After calculating the 2023 Weather Normalized Site EUI by ENERGY STAR Portfolio Manager in early 2024, an incentive will be determined and Completion Notice (CN) sent to the customer with the official incentive amount.
- Upon receipt of signed CN, incentive is processed and paid within 6-8 weeks.

Submit your completed enrollment application to business@focusonenergy.com or to your Energy Advisor.

UTILITY BILL VERIFIED SAVINGS ENROLLMENT APPLICATION

Offering eligibility is restricted to five total buildings in 2023. Enrollment is competitive and limited to customers with the best plan to save energy for the year. Complete all sections. Incomplete applications cannot be processed and will delay payment of incentives. Applications must be submitted no later than **January 31, 2023**.

section 1

ACCOUNT AND CUSTOMER INFORMATION

Tax Identification Number (Check one) ☐ FEIN or ☐ SSN

If you use a Social Security Number (SSN) as your Tax Identification Number, do not provide it below. You will be contacted by the Program via email to provide a copy of your W-9 using a secure online portal, if it is not already on file. **You must list an email address in Section 3.**

FEIN

TAX CLASSIFICATION OF CUSTOMER

(Check one. Required for all businesses, including non-profits.)

- ☐ Sole Proprietorship ☐ Individual ☐ Single-Member LLC
☐ C Corporation ☐ S Corporation ☐ Partnership
☐ LLC - C Corp ☐ LLC - S Corp ☐ LLC - Partnership

OWNER NAME (REQUIRED IF SSN IS USED AS TAX IDENTIFICATION NUMBER)

COMPANY NAME

LEGAL ADDRESS (AS SHOWN ON COMPANY W-9)

CITY STATE ZIP

PARTICIPATION REQUIREMENTS

NEED HELP? Call 800.762.7077

Use the eligibility requirements below to see if your business qualifies for program incentives. You can also visit **focusonenergy.com** to find savings opportunities specific to your business.

CUSTOMER ELIGIBILITY

All non-residential customers (agriculture, commercial, government, industrial, multifamily, and schools) located in a participating utility territory are eligible to receive Focus on Energy incentives.

To see if your utility participates, go to **focusonenergy.com/participating-utilities**. Typical facility types include:

- ▶ School facilities (e.g., public and private K-12, technical colleges, colleges, universities)
- ▶ Commercial facilities (e.g., banks, hotels, offices, convenience stores/gas stations, manufacturing, breweries, restaurants)
- ▶ Healthcare facilities (e.g., nursing homes/skilled nursing, Community-Based Residential Facilities (CBRF), hospitals)
- ▶ Multifamily residential properties with four or more dwelling units under one roof (e.g., apartment/condominium buildings, student housing). Common areas of multifamily buildings such as hallways, exercise rooms, or laundry rooms, along with central HVAC systems are eligible for business incentives included in this catalog. For in-unit efficiency incentives and offerings, refer to **focusonenergy.com/residential**.

CUSTOM INCENTIVES

Does your project not fit in one of our prescriptive offers? Custom project incentives are calculated on a case-by-case basis for non-standard technologies and are based on estimated first-year energy savings. Whether you operate a large industrial facility, a chain store or franchise, an office, school or municipal building, a farm, or anything in between, we can show you how to be more energy efficient — and how to save on the cost of making improvements.

Before purchasing equipment or proceeding with upgrades, you must contact an Energy Advisor from Focus on Energy. Your Energy Advisor will help you determine if your project qualifies for a Focus on Energy custom incentive and will help you obtain necessary pre-approval. Refer to the green 'Custom Project Idea' boxes throughout the catalog for ideas.

To get started with your custom project, download and complete the Custom Incentive Guide at **focusonenergy.com/custom**.

INFORMATION AND REQUIREMENTS

Before you start your project, make sure you are familiar with participation requirements, program information and Terms and Conditions.

General Terms and Conditions

Review the Focus on Energy Terms and Conditions at **focusonenergy.com/terms** or call 800.762.7077 to request a copy.

Incentive Limits

Incentives are limited to \$300,000 per project and \$400,000 per customer per calendar year for all Focus on Energy incentives (prescriptive and custom).

Depending on the business tax classification of the payee, the entity receiving the incentive payment may receive IRS form 1099 for incentives totaling over \$600 in a calendar year.

Assignment of Incentives to Other Payee

The Customer for the project site listed on the application may assign their right to participate and receive incentives to Other Payee. The Customer must sign Section 9 and identify the Other Payee in Section 5.

REDUCING ENERGY WASTE ACROSS WISCONSIN

FOCUS ON ENERGY®, Wisconsin utilities' statewide program for energy efficiency and renewable energy, helps eligible residents and businesses save energy and money while protecting the environment. Focus on Energy information, resources and financial incentives help to implement energy efficiency and renewable energy projects that otherwise would not be completed.
