Attendance in person (whether physically, telephonically, or electronically, as designated by the chair) or by proxy of more than 50% of the members of the directors' committee will constitute a quorum for any of these meetings, and the majority vote of those members attending will be binding.

Section 3. Executive Council. The executive council may hold meetings as determined by the chair of the section. The date and time of each meeting will be designated by the chair of the section, who will give written or electronic notice of the meeting to each member of the executive council at least 7 days prior to the meeting date. Those members of the executive council present in person (whether physically, telephonically or electronically, as designated by the chair) at a duly called regular or special meeting of the executive council will constitute a quorum, and a majority vote of the quorum will be binding.

Section 4. Division Meetings. The director of each division may call a meeting of the division at the time and place and on notice as the director deems desirable. Meetings may be held telephonically or electronically, as designated by the director.

Section 5. Standing Committees. The chair of each standing committee may call a meeting of the committee at the time and place and on notice as the chair deems desirable. Meetings may be held telephonically or electronically, as designated by the chair.

Section 6. Subcommittees. The chair of each subcommittee may call a meeting of the committee at the time and place and on notice as the chair deems desirable. Meetings may be held telephonically or electronically, as designated by the chair.

ARTICLE VIII ADVOCACY POLICY

Section 1. Limits on Legislative Involvement. The section may be involved in legislation that is significant to the judiciary, the administration of justice, the fundamental legal rights of the public, or the interests of the section or its programs or functions,

consistent with the bylaws of The Florida Bar and the standing policies and procedures of the board of governors. The section may be recognized by the board of governors as taking action on or advocating a position on a legislative or political issue only when all of the following criteria are met:

- (a) the issue involved is within the section's subject matter jurisdiction as described in the section's bylaws;
- (b) the issue is beyond the scope of permissible legislative or political activity of The Florida Bar, or the issue is within the permissible scope of legislative or political activity of The Florida Bar and the proposed section position is not inconsistent with an official position of the bar on that issue; and
- (c) the issue is not one that carries the potential of deep philosophical or emotional division among a substantial segment of the membership of the bar.

For purposes of this article, "legislation" includes administrative action by taxing authorities.

Section 2. Notice of Legislative Position. In July of each year, prior to the regularly scheduled meeting of the board of governors, the chair will notify the executive director of The Florida Bar of all of the section's approved legislative positions then in effect. These positions will be clearly identified as positions of the section only, at all times before legislative bodies and members, unless otherwise authorized by the board of governors.

Section 3. Procedure for Adoption of Legislative Positions. All legislative positions of the section will be adopted in accordance with the provisions of this article. Adoption of a legislative position requires a bifurcated vote by the section. On proper motion at a duly noticed meeting, the section, by a 2/3 vote of the regular members present in person (whether physically, telephonically or electronically, as designated by the chair) and voting, must first find that a proposed legislative position is within the purposes of the section outlined in Article I, Section 2 of these bylaws; and second, by separate motion, the section must approve the substance of the proposed legislative position by a majority vote. Once adopted, the secretary will immediately notify the executive director of The Florida Bar in writing of the section's adoption of the legislative position. The legislative position of the section may not be advanced until the board of governors has reviewed the position and has not disapproved it in accordance with the board's standing legislative policies and procedures. Once approved, a legislative position of the section will remain in effect for the full biennial session during which it is adopted, unless otherwise reversed or rescinded by the board, or by a vote of the members of the section present in person (whether physically, telephonically or electronically, as designated by the chair) and voting at a regularly scheduled meeting.

Section 4. Executive Approval Committee. The section's executive approval committee will be composed of 3 members, consisting of the chair, chair-elect, and a third regular member appointed by the chair for a staggered term. At any time that the section cannot meet to adopt a legislative or judicial position prior to the time when action is expected or required, the executive approval committee has the authority to adopt a position of the

section with respect to pending legislation or litigation. Any position thus taken must be approved by the board of governors and ratified by the section at its next scheduled meeting; any legislative position may be rescinded in accordance with Section 3 of this article.

Section 5. Limits on Adoption of Judicial Positions. The section may adopt a position and submit an amicus curiae brief in pending litigation only when the issue is beyond the scope of permissible legislative or ideological activity of The Florida Bar, or the issue is within the permissible legislative or ideological activity of the bar and the proposed brief does not take a position that is inconsistent with an official position of the bar. The section may not adopt a position or submit an amicus curiae brief in pending litigation unless the issue involved is within the area of subject matter interest of the section as described in its bylaws, and the issue is not one that carries the potential of deep philosophical or emotional division among a substantial segment of the membership of the bar.

Section 6. Procedure for Adoption of Judicial Positions. All proposed judicial positions of the section will be adopted in accordance with the procedures described in sections 3 and 4 of this article, as applicable. Once adopted, the secretary will immediately notify the board of governors of the nature of the litigation, the positions(s) sought to be taken by the section as amicus curiae, the anticipated effect of the litigation and the final decision, the need for the section to take the proposed position, the absence or existence of conflict with any previous position adopted by either the board of governors or any other sub-unit of The Florida Bar and will indicate if the other group has been contacted about its position. Except in emergency situations, notice, along with a draft of the amicus curiae brief, must be provided at least 10 days prior to the filing of the brief. In emergency situations both the 10-day requirement and the prior submission of a completed amicus curiae brief may be waived by the president of The Florida Bar. The section may not file its motion for leave to appear or proposed amicus curiae brief without express consent of the executive committee of the bar or the board of governors and, if approved, any amicus curiae position taken by the section must be clearly identified as the action of the section and not that of The Florida Bar, unless the executive committee of the bar or board of governors directs otherwise.

Section 7. Section Lobbyist. On the approval of the board of governors, the section may retain a lobbyist to assist it in advancing its legislative position. In requesting approval, the section must submit to the board of governors information as the board requests. The section lobbyist must communicate all proposed legislative developments to the executive director of The Florida Bar. No amount will be budgeted or spent for legislative activities other than the amount budgeted or received as voluntary dues from section members.

ARTICLE IX MISCELLANEOUS

Section 1. Action of The Florida Bar. No action of the section may be represented as the action of The Florida Bar unless it has been approved by the board of governors.

Section 2. Financial Obligations. Before payment, all financial obligations of the section must first be approved in the manner specified in these bylaws.

Section 3. Compensation and Expenses. No salary or other compensation will be paid to any member of the section for performance of services to or on behalf of the section (except that a member may be compensated as a section lobbyist approved pursuant to Article VIII, Section 7), but members may be reimbursed for reasonable and necessary telephone expenses, reproduction expenses and other similar out-of-pocket expenses that are documented as having been incurred in the performance of these services and are specifically authorized by the chair of the section or the directors' committee.

Section 4. Action of the Tax Section. Unless otherwise specified, where action by the section is required or authorized by these bylaws, a majority vote of the members of the section present in person (whether physically, telephonically or electronically, as designated by the chair) and voting at a duly called meeting of the section will be binding.

Section 5. Amendments. These bylaws may be amended only by the board of governors on recommendation by the executive council on behalf of the section.

Section 6. Conduct of Meetings. The current edition of Robert's Rules of Order will govern the conduct of all meetings of the section, its divisions, committees, and subcommittees.

Section 7. Effective Date. These bylaws are effective October 23, 2020, as approved by the Board of Governors of The Florida Bar.
