Candidate Statement:

It has been a privilege to serve on the Board of Directors, and I am honored to be considered a candidate to continue that service. This experience has deepened my appreciation for the complexity of our work, and for the dedicated people across jurisdictions who carry it forward every day. I remain committed to FSBPT's mission to protect the public while supporting member boards through evolving challenges, and I would welcome the opportunity to continue to serve as a steward of the mission of this organization, to represent the membership, and to give back to this community.

Serving on the Board has reinforced for me how important it is to listen carefully, stay curious, and approach decisions with both thoughtfulness and practicality. No one person can have all the answers, so I strive to ask good questions, consider multiple perspectives, and keep our work grounded in real-world impact. I aim to balance diligence with humility—and of course bring just enough humor to help us navigate long agendas and complex issues.

If reelected, I will continue to serve with integrity, openness, and a strong sense of responsibility to both the membership and the public we serve. Thank you for your trust and consideration of my candidacy; but first and foremost, thank you for your dedication and for the important work you do every day.
