

# Wyoming State Profile

*Last updated December 20, 2022*

Much of the digital learning activity in Wyoming is delivered through [Virtual 307](#), comprised of 21 approved multi- and single-district providers offering part- and full-time options for students. School districts determine whether to provide full- or part-time options, determine grade levels to be served, and whether to serve students statewide or within a single district.

There were five multi-district fully online schools operating in Wyoming, enrolling 1,754 students during the 2021-22 SY. Fully online schools enrolled 2,602 for the 2020-21 SY.
