June 26, 2026

Dear Conference Partner,

We would like to invite you to partner with us at the 2026 **APWA-North Carolina Combined Equipment Services and Streets Division Annual Conference**. This year's conference will be held October 28–30, 2026, at the **Harrah's Cherokee Hotel & Convention Center** in Cherokee, North Carolina. Online registration will start July 1, 2026; however, we are currently accepting mailed registrations.

This is an excellent opportunity for you to highlight your company's products and services to Public Works professionals from across North Carolina. We have developed an engaging program packed with professional development hours, networking opportunities, and fun activities. A complete list of activities and pricing is provided below under Event Sponsorship Opportunities.

Also included is the Partner Registration Form, along with detailed information about the event and partnership opportunities. All Partners will receive special recognition during the conference, so please be sure to provide the appropriate information when registering. **The deadline for Partner registration is October 9, 2026.** A \$100 late fee will apply to registrations received after that date. Exhibit space is available on a first-come, first-served basis, and additional registrations cannot be accepted once all spaces are filled. We strongly encourage early registration.

New for 2026, we have simplified our Partner registration structure to provide greater flexibility for exhibitors. Partnership levels continue to include the same registration and recognition benefits; however, companies displaying equipment may now choose from three Equipment Display options based on the size of their display. This new format allows partners to select the partnership level that best fits their organization and then add the appropriate equipment display option, if needed. We hope this streamlined approach makes the registration process easier to understand and provides greater flexibility for showcasing equipment.

Partnership Opportunities

APWA–NC welcomes Partners who support the conference through sponsorships, exhibit participation, and event contributions. Partner support helps make this conference possible while providing valuable exposure to Public Works professionals from across North Carolina.
