

2024

EXECUTIVE

FACT FINDING MISSION

SEPA

— GERMANY | OCTOBER 6-11, 2024 —

“An amazing opportunity to interact with industry peers, and see a major world economy making the clean energy transformation. An incredible level of access to important officials and subject matter experts. An absolutely stunning country, and great hospitality!”

-Emeka Anyanwu, CEO, Lincoln Electric System

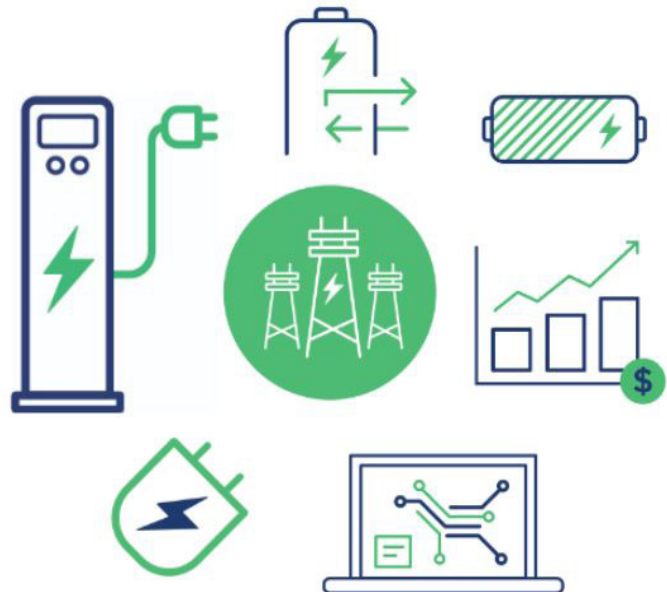

Why Participate?

- Learn from German and EU energy executives and experts from across the energy industry
- Build lasting relationships with peers during this invitation-only event for VP/Director and C-suite executives
- Discover insights into the future of the energy transition and explore decarbonization strategies, new approaches, opportunities and the hard-learned lessons from this leading-edge market
- Uncover priority issues, challenges & opportunities for utilities and the energy industry
- Explore a forward-looking market and return with practical lessons to apply in your organization

What Will You Explore?

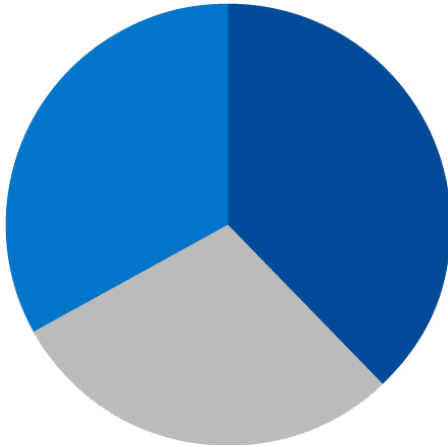

The latest technologies and approaches including:

- PV
- Energy storage solutions
- Renewable energy strategies
- Wind
- Green hydrogen
- T&D
- Circular green economy
- Decarbonizing industry (green steel)
- Grid flexibility & resilience
- Excess generation & curtailment
- Inter-market trading & balancing
- Energy security
- Latest policies enabling the transition

2024 EXECUTIVE FACT FINDING MISSION

How Will You Spend Your Time?

- Learning & Discussing
- Technology Site Visits
- Networking Activities

“Exposure to the concepts and implementation plans of others--as we all work through major transition--bring all the value. Not only do we get it from the places we visit, but each other as well. Will be following up with others I met on a range of topics.”

- Executive Delegate, 2023 Mission to Denmark

What is the Cost?

- Executives: \$6,000
- Spouses/Partners: \$1,200

Registration fee includes hotel, transportation, all group meals & activities, meeting expenses, and a knowledgeable guide for delegates and guests. Not included: airfare and miscellaneous expenses.

Who Have Been the Attendees Over the Years?

- Vice President | PPL Electric Utilities
- Senior Vice President | Tennessee Valley Authority
- Senior Vice President | Southern California Edison
- General Manager | Anza Electric Cooperative
- C-Suite | CPS Energy
- Senior Vice President | ComEd
- Senior Director | Salt River Project
- C-Suite | Sacramento Municipal Utility District
