Who We Are

Fullstack Academy is one of the longest-running and most reputable tech training providers in the nation. Offering immersive and comprehensive tech bootcamps across the U.S., Fullstack Academy prepares students for fulfilling tech careers.

Mission

Fullstack Academy is on a mission to transform lives and communities by teaching technologies that power the future.

Administration

Fullstack Academy is governed by a Board of Members.

A list of owners and board members is included in Appendix A.

Licensure

Fullstack Academy is licensed by the New York State Education Department, Office of Adult Career and Continuing Education Services, Bureau of Proprietary School Supervision (BPSS).

Fullstack Academy is not accredited and does not participate in federal or state financial aid programs.

Facilities and Equipment

Fullstack Academy bootcamps are conducted online. Our live online programs are taught by industry-experienced instructors and provide community culture, on-demand technical assistance, and career success content to help you find a job. Individuals will receive live online lectures in our virtual classrooms, daily challenges on our learning platform, support from instructors and teaching assistants, and solution videos.

Hours

Regular Online Campus Hours

Program hours vary depending on the program and are subject to change. Students should confirm hours with their advisor and/or program staff prior to enrollment.

Administration Hours

Monday – Friday 9:00 am – 5:00 pm ET

Holidays

Fullstack Academy is closed on certain holidays, and therefore, no classes will be held on the following days:

- Martin Luther King, Jr. Day
- Memorial Day
- Juneteenth
- Independence Day
- Labor Day
- Veterans Day
- Thanksgiving
- Day After Thanksgiving
- Winter Vacation (2-3 weeks)

This holiday schedule may be modified at the discretion of Fullstack Academy on a case-by-case basis.

Holidays and vacations are pre-planned and will not interfere with student progress.

Programs Offered

Our immersive bootcamps are designed to prepare students for careers in tech.

Fullstack Academy offers programs in AI and machine learning, coding, cybersecurity, and data analytics. View the updated program details in the [Supplement: Program Updates](#). (Effective July 1, 2025)

Program Descriptions

Live Online Software Engineering Immersive

Fullstack Academy software engineering programs equip students with the technical and professional skills to qualify for software engineering roles. Through an advanced JavaScript curriculum and project-based instruction, students learn today's top development technologies like Node.js and React while developing real-world software products.

Live Online Software Engineering Immersive

480 Curriculum Hours
12 Weeks

Fullstack Academy's flagship software engineering immersive bootcamp program prepares students for careers in software engineering, web development, and more.

This Live Online Software Engineering Immersive program is designed for students with full-time responsibilities during the week.

Live Online Software Engineering Immersive

480 Curriculum Hours
28 Weeks

Students in the Part-Time program should be prepared to spend at least an additional 10-12 hours per week on classwork and materials outside of dedicated class time.

Live Online Grace Hopper Program

480 Curriculum Hours
12 Weeks

The Live Online Grace Hopper Program at Fullstack Academy is an immersive software engineering bootcamp for women and non-binary individuals.

The program provides a gender-allied learning environment with an advanced curriculum developed and taught by industry-experienced instructors. Students will graduate with a support network of alumni and mentors in the tech community.

Live Online Grace Hopper Program

480 Curriculum Hours
28 Weeks

The Live Online Grace Hopper Program at Fullstack Academy is an immersive software engineering bootcamp for women and non-binary individuals.

This Part-Time Immersive bootcamp is for women and nonbinary students with full-time responsibilities during the week.

Live Online Cybersecurity Analytics Bootcamps

The Fullstack Academy Live Online Cybersecurity Analytics Immersive is designed to teach students the offensive and defensive skills necessary to launch a career in cybersecurity. Through hands-on projects using industry tools to solve common cybersecurity challenges, students practice ethical hacking and cybersecurity defense principles.

Live Online Cybersecurity Analytics Immersive

510 Curriculum Hours
12 Weeks

The Live Online Cybersecurity Analytics Immersive Bootcamp is focused on teaching students the defensive and offensive cybersecurity skills to fight cybercrime. Students learn industry tools and technologies to prepare to enter various enterprise cybersecurity environments upon graduation.

Live Online Cybersecurity Analytics Immersive

510 Curriculum Hours
26 Weeks

This Live Online Cybersecurity Analytics Immersive program is designed for individuals with a passion for learning cybersecurity but have full-time responsibilities during the week.

Students in the Part-Time program should be prepared to spend at least an additional 10-12 hours per week on classwork and materials outside of dedicated class time.

Live Online Artificial Intelligence & Machine Learning Bootcamp

The Fullstack Academy Live Online Artificial Intelligence & Machine Learning Bootcamp trains students with prior data or other related experience to specialize in AI. Students study practical and theoretical AI concepts throughout the bootcamp—with a curriculum focused on data science, machine learning, deep learning, and natural language processing.

Live Online Artificial Intelligence & Machine Learning Bootcamp

235 Curriculum Hours
26 Weeks

The Live Online Artificial Intelligence & Machine Learning Bootcamp is designed for individuals with a passion for learning AI but have full-time responsibilities during the week.

Students in the Part-Time program should be prepared to spend at least an additional 10-12 hours per week on classwork and materials outside of dedicated class time.

Live Online Data Analytics

The Live Online Data Analytics program at Fullstack Academy prepares students for current and future professional data roles. Using tools like GenAI applications, Excel,

SQL, Python, and Tableau, students will learn to gain compelling insights from a wide range of datasets—and present those insights with engaging data visualizations.

Live Online Data Analytics

234 Curriculum Hours

10 Weeks

In the Live Online Data Analytics program, students will establish foundational knowledge, skills, and abilities for the data analytics field, learn real-world applications and interactive technology, and build in-demand industry skills.

Live Online Data Analytics

234 Curriculum Hours

26 Weeks

This Live Online Data Analytics program is designed for students with full-time responsibilities during the week.

Students in the part-time program should be prepared to spend at least an additional 10-12 hours per week on classwork and materials outside of dedicated class time.

Admission Policies and Procedures

Entrance Requirements

Admission into any program of study at Fullstack Academy requires that students:

- Are 18 years of age or above.
- Hold a high school diploma or its equivalent.

Laptop Requirements

Fullstack Academy uses online teaching materials to ensure the student is receiving the latest information. The student must provide their own laptop/computer and charger for use in class each day.

Application Procedure

Most programs at Fullstack Academy utilize a beginner-friendly application process. Applicants for select bootcamps may be required to complete a logical reasoning assessment to determine whether their starting skill level is sufficient to succeed in the program. The applicant process for these programs is as follows:

Step 1: The prospective learner submits an online application.

Step 2: For select bootcamps, the applicant completes an online technical skills assessment after receiving time and materials to prepare.

If the applicant's completed assessment meets the program criteria, the candidate may be offered a position in the next available cohort of their choice.

Each prospective student must provide documentation outlined in the admissions packet, including proof of prior education experience and identification.

All students must review and sign the applicable Student Enrollment Agreement prior to enrollment. Additional screening may be required for select bootcamps.

School Admissions Deadline

Fullstack Academy’s bootcamps are in high demand and fill quickly—often months before class begins. To ensure a student’s place in an upcoming cohort, accepted candidates must enroll for all programs no later than 7 days prior to the beginning of their selected cohort.

Tuition Payment, Other Fees, Discounts, and Scholarship Awards

Tuition payments are predetermined by program type. Material fees are non-refundable and non-transferable.

Program	Total Tuition	Refundable Deposit Due at Enrollment
Live Online Software Engineering Immersive <i>(12 week program)</i>	\$13,995	\$99
Live Online Software Engineering Immersive <i>(28 week program)</i>	\$12,995	\$99
Live Online Grace Hopper Program <i>(12 week program)</i>	\$13,995	\$99
Live Online Grace Hopper Program <i>(28 week program)</i>	\$12,995	\$99
Live Online Cybersecurity Analytics Immersive <i>(12 week program)</i>	\$13,995	\$99
Live Online Cybersecurity Analytics Immersive <i>(26 week program)</i>	\$12,995	\$99
Live Online Data Analytics <i>(10 or 26 week program)</i>	\$12,995	\$99
Live Online Artificial Intelligence & Machine Learning Bootcamp <i>(26 week program)</i>	\$9,995	\$99

Should the student withdraw from a program, regardless of reason, any unpaid balance should be settled before the student leaves the program. **Tuition must be collected on the payment due date.**

Transfers

A student may only transfer once. Upon transferring, a student is no longer eligible for a refund. If the student is awarded a scholarship and that scholarship amount is applied towards tuition in the original cohort, that scholarship amount will be transferred to the subsequent cohort. Any transfers occurring after Week 2 will incur a transfer fee of \$1,000.

Transferring is subject to class availability, the student’s academic record, and

instructor recommendation. Students may transfer no more than once.

Scholarships

Military Scholarship	Veterans who choose to pay for their program up-front (not participating in the VET TEC program) are eligible for a \$1,000 scholarship.
----------------------	--

Discounts

Tuition Discounts	Periodically, Fullstack Academy offers student discounts up to \$3,000.
-------------------	---

If the student or prospective student has questions relating to tuition or has any questions about discounts or scholarships, please reach out to Fullstack Academy at hello@fullstackacademy.com.

Programs and Tuition Details

Please note that the tuition, materials, and other fees are set by Fullstack Academy. The student is liable for timely tuition payments.

Live Online Software Engineering Immersive <i>(12 week program)</i>	Tuition: \$13,995.00 <ul style="list-style-type: none"> Refundable deposit due at Enrollment: \$99.00 Remaining tuition payment due by Day 1: \$13,896.00 Total: Tuition (\$13,995.00) + Fees (\$0.00) = \$13,995.00
Live Online Software Engineering Immersive <i>(28 week program)</i>	Tuition: \$12,995.00 <ul style="list-style-type: none"> Refundable deposit due at Enrollment: \$99.00 Remaining tuition payment due by Day 1: \$12,896.00 Total: Tuition (\$12,995.00) + Fees (\$0.00) = \$12,995.00
Live Online Cybersecurity Analytics Immersive <i>(12 week program)</i>	Tuition: \$13,995.00 <ul style="list-style-type: none"> Refundable deposit due at Enrollment: \$99.00 Remaining tuition payment due by Day 1: \$13,896.00 Total: Tuition (\$13,995.00) + Fees (\$0.00) = \$13,995.00
Live Online Cybersecurity Analytics Immersive <i>(26 week program)</i>	Tuition: \$12,995.00 <ul style="list-style-type: none"> Refundable deposit due at Enrollment: \$99.00 Remaining tuition payment due by Day 1: \$12,896.00 Total: Tuition (\$12,995.00) + Fees (\$0.00) = \$12,995.00

Live Online Data Analytics <i>(10 or 26 week program)</i>	Tuition: \$12,995.00 <ul style="list-style-type: none"> • Refundable deposit due at Enrollment: \$99.00 • Remaining tuition payment due by Day 1: \$12,896.00 Total: Tuition (\$12,995.00) + Fees (\$0.00) = \$12,995.00
Live Online Artificial Intelligence & Machine Learning Bootcamp <i>(26 week program)</i>	Tuition: \$9,995.00 <ul style="list-style-type: none"> • Refundable deposit due at Enrollment: \$99.00 • Remaining tuition payment due by Day 1: \$9,896.00 Total: Tuition (\$9,995.00) + Fees (\$0.00) = \$9,995.00

Cancellation, Withdrawal, and Refund Policy

Students eligible to receive a refund must follow the Withdrawal Procedure listed below:

1. To officially withdraw from a program, it is the student's responsibility to inform the school of their intention to withdraw. This must be done in writing and be emailed to withdraw@fullstackacademy.com within one week of the last date of physical attendance to be eligible for any type of refund. The date of the withdrawal will be the date of the student's last date of physical attendance. Failure to indicate an intention to withdraw in writing may result in failing grades, dismissal, and additional financial obligations. Refund or tuition credit will be calculated from the withdrawal date. A grade WD (Withdrawal) will be given to students who withdraw.
2. There will be no refund of non-refundable registration fees.
3. Any scholarships or discounts granted to the student apply only if the student completes the bootcamp and all program requirements. Refund calculations will not include any scholarships or discounts.

All refunds are processed within 30 days of the request date. Students are expected to provide full documentation at the time of withdrawal to request a refund.

The failure of a student to notify the director of withdrawal via email at withdraw@fullstackacademy.com may delay the refund of tuition due pursuant to Section 5002 of the Education Law.

Leave of Absence Policy

Leaves of absence are granted only for programs greater than 6 weeks in length. A leave of absence is to be granted only in extenuating circumstances, such as an accident, or prolonged illness. If the student fails to return on the agreed-upon date, the student will be dismissed and a refund calculation performed, or the student may attend the next cohort at the discretion of Fullstack Academy. Our experience has shown that most students do not return from a leave of absence and the nature of the programs at Fullstack Academy do not lend themselves to extended leaves of absence. The Director of Fullstack Academy will review the student's request with the student requesting the leave. Not all leave requests will be granted. All leaves of absence must be requested and approved in writing, and may be subject to transferring to a future

cohort with the associated transfer fee.

Termination Date

If during the program of classroom study, a student exceeds the allowable amount of absences, their enrollment at the academy will be terminated. The termination date shall be determined by the student's last day of physical attendance. A refund calculation will be done at that time to determine the student's financial obligation or if a refund is due.

Refund Policy

1. A student who cancels within 7 days of signing the enrollment agreement and up to the end of the 1st week of the program receives back 100% of the tuition paid minus the non-refundable registration fee.
2. Thereafter, a student will be liable for:
 - o the non-refundable registration fee plus;
 - o the cost of any textbooks accepted plus;
 - o tuition liability as of the student's last date of physical attendance. Tuition liability is divided by the number of weeks in the program. Total tuition liability is limited to the week during which the student withdrew or was terminated and any previous weeks completed. Refer to the Refund Schedule charts below.

Refund Schedule

Based on tuition paid in full less non-refundable fees (if any)

Program Week	% of Tuition The School May Keep
Prior to or during 1st week	0%
During 2nd Week	15%
During 3rd Week	30%
During 4th Week	45%
During 5th Week	60%
During 6th Week	75%
After 6th Week	100%

**The student refund may be more than that stated above if the accrediting agency refund policy results in a greater refund.*

∧ This table does not include adjustments for discounts or scholarships (if any)

Academic Policies

Transfer of Credit

Fullstack Academy is not a degree-granting program and does not accept course credit gained at other institutions.

Hours

Academic credit is measured in hours. One hour of instructional time equals 60 minutes.

Academic Standards

Student progress is measured based on assessments, projects, and overall program performance.

Students are graded on a pass/fail basis. To receive a passing grade, students must:

1. Maintain a cumulative grade of at least 70%.
2. Maintain consistent attendance as outlined in the Attendance section below.
3. Complete all program projects.

Grading

Students at Fullstack Academy are graded on a scale of 0-100.

- 70-100 = Pass
- 0-69 = Fail

A passing grade represents that the student has satisfactorily met all the minimum program requirements as outlined in Academic Standards.

A failing grade represents that the student has not met all the program requirements as outlined in Academic Standards.

If the student has withdrawn, that will be noted as a “WD” on their transcript.

Probation

Student progress is monitored each week, indicated by the successful completion of assigned workshops and projects and scheduled assessments. Achieving a passing score on all assessments, as well as successful completion of all assignments is required to remain in good academic standing. If a student’s conduct or academic progress falls below an acceptable level at any time while enrolled at Fullstack Academy, an Academic Plan for Success will be enforced to help the student improve.

A few scenarios of falling below an acceptable level include:

- Attaining failing marks on assessments
- Missing class or repeated tardiness
- Unprofessional or offensive conduct toward staff, students, or visitors on-campus or off-campus (see “Conduct” section below)
- Not completing a required individual assignment or project
- Not completing work in group projects

Participation in the Academic Plan for Success is a second chance. If the learner does not successfully complete the activities outlined in an Academic Plan for Success

within the time frame provided, Fullstack Academy reserves the right to dismiss the student from the program.

Certifications

Fullstack Academy is not a certification test prep center. We are not affiliated with external certification providers, such as CompTIA.

In our bootcamp programs, we may use materials from certifications or cover concepts and technologies that align with industry certifications. Fullstack Academy programs focus on the underlying knowledge and hands-on skills for jobs in the relevant industries. Our bootcamp programs may overlap with exam topics and may partially prepare students to obtain certifications.

Fullstack Academy does not guarantee that our programs will fully prepare students to pass certification exams. Additional study is required to pass external certification exams.

Attendance Policies

The Importance of Daily Attendance

Fullstack Academy promotes a very rigorous and immersive approach to learning, so the student is expected to attend class daily. Students are expected to attend their scheduled classes to ensure they complete their program classwork successfully and make continued progress in enhancing their professional skills. When students miss class, they miss the valuable daily practice and instruction that supports their career goals. For this reason, Fullstack Academy strongly encourages full attendance and active participation in class daily. Please read the guidelines below regarding Fullstack Academy's expectations and policies for attendance as well as consequences for not meeting the minimum standard of attendance.

Minimum Standard of Attendance

Fullstack Academy's programs are designed to prepare students for a role in the industry. As such, students are expected to adhere to the following minimum standard of attendance policies:

- Do not exceed 8 total absences for part-time programs, or 4 total absences for full-time programs.
- Your camera must be turned on in order to be considered present in class.
- If you do not attend class during the first week in any program (part-time or full-time) you will be withdrawn.
- Actively participate while in class. Engage with the instructional team members, ask questions, and support your peers. You'll be expected to exhibit these behaviors in your new job so fully immerse yourself in the learning experience.

Partial Absence Rule

Fullstack Academy expects all students to arrive on time and be prepared at the start of class. When a student arrives late to class, they miss important information and disrupt the instructor and classmates. Teachers will record late arrivals and early departures based on the following guidelines:

- A student who is more than 15 minutes late for the start of class OR who leaves class more than 15 minutes early will be marked as Partial Absence.

Partial Absences affect the total cumulative attendance and are counted as follows:

- Four (4) Partial Absences = 1 Absence

Missed Assignments

If a student is absent, they should contact the instructor as soon as possible to find out about the class assignments that were missed; the student cannot risk missing important work and receiving a low grade in the class. It is the student's responsibility to speak with the instructor to find out about missed assignments. Students are responsible for completing any work resulting from absence in class, including completing all lectures, workshops, and homework, before the beginning of the next class.

Tracking and Notification of Attendance

Attendance is recorded daily at the start of each class, noting whether students are present, absent, or a partial absence.

At the end of each week, a staff member reviews the attendance data, including partial absences. If a student demonstrates poor attendance, staff will reach out to check on the student's well-being, typically through email or Slack messages.

Assessments/Projects

A student cannot miss assessments or project assignments during a program. If a student needs to reschedule an assessment or project due date, they must have permission from their Program Lead **prior** to the due date. A student who misses the assessment or final project will risk a failing grade and/or termination from the program.

Attendance Probation

Attendance is tracked for the full program session and final attendance is recorded in the student's file. If a student is approaching the minimum attendance standard for the program, they will be required to meet with a program staff member and may be placed on probation until attendance improves. If the minimum standard is not met, the student may be terminated for failure to meet minimum standards.

Instructors and the Academic Director will be made aware that a student is on probation during the following one-week period. The Academic Director will monitor the student's attendance carefully for improvement and send attendance notifications as described above. If the student fails to improve attendance to meet the minimum standard by the end of the one-week period, they will be required to meet with the Academic Director for a review of the student's performance and the terms of

probation. At that time, the director will terminate the student's enrollment and the student will be dismissed **unless** it is determined that there was an extenuating factor preventing the student from maintaining the minimum attendance standard. In this case, the dismissal may be appealed, and the student may be re-enrolled on continued attendance probation for the next session. During this time, the student must meet the minimum attendance standard and make up the missed classwork or otherwise be dismissed from the Academy.

Fullstack Academy Career Advising

Fullstack Academy's Career Success team is committed to working with students and alumni to help them achieve their desired post-program outcome. The team works individually with students and alumni to help them craft their unique job search narrative and embark on their journeys as professionals in the technology industry.

While students are enrolled in their Fullstack Academy program, the Career Success team hosts lectures and workshops, in addition to assisting students in developing and updating their job search materials. Upon completion of their program, students will leave Fullstack Academy with an updated technical resume, LinkedIn profile, and professional pitch. Students will also have gained experience in networking and interview preparation.

Upon graduation, the Career Success team will continue to work with alumni who have opted into Job Search Status (defined below). Through career coaching, alumni will develop and execute their personalized job search strategies. Coaches will support students from application to offer, with the goal of ensuring that alumni maintain a high standard of preparedness in showcasing their technical and professional skill sets. Alumni will also have the opportunity to engage with Fullstack Academy's employer partners and in a variety of professional development programs.

Career Success Support

The Career Success team will support a Fullstack Academy alumni in their job search for up to one year (365 days) post-graduation, or until that alum secures a job placement.

After completion of their academic curriculum and Career Success Program requirements, students will have the option to choose one of three options within the Job Search Status:

1. **Opt-In to Job Search Status** - Begins immediately after graduation with the student's agreement to program requirements.
2. **Opt-Out of Job Search Status** - For students who do not need support from the Career Success team immediately following graduation and/or program completion. Those who do not intend to actively job search fall into the category by default.
3. **Temporary Opt-Out of Job Search Status** - For students who will defer their job search up to 60 days post-graduation. We understand that students who complete the academic component of Fullstack Academy's program may not

begin the job search process immediately (for personal, health, preparation, etc. reasons). We want to give these students the ability to determine when their job search will start, within the first 60 days of graduation.

Students who choose to start **Job Searching** immediately following graduation will be able to participate in all Job Search activities, including 1-1 coaching.

Fullstack Academy reserves the right to remove students from the **Job Search Status** in the following scenarios:

- Failure to maintain good standing and consistent communication with their Career Coach
- Not maintaining an active job search as agreed upon by the student/graduate and their Career Coach
- Student/graduate is no longer pursuing a career in their field of study
- Student/graduate begins working 12+ hours per week in an unrelated field

Grievance Procedure

Any student complaint must be directed to the Director of Fullstack Academy. This complaint must be in writing. Upon receiving written notice, the Director will reach out to the student and set up a meeting within 48 hours. After meeting with the Director, the student with a complaint can expect a decision from the Director within thirty days. A written decision will be sent to the student's email address on file. Students have a right to submit complaints to NYSED, BPSS without using the school's policy.

Disclosure Statement

The student should be aware that information in the catalog is subject to change. It is recommended that students considering enrollment check with the School Director to determine if there is any change from the information provided in the catalog. In addition, this catalog contains information on Fullstack Academy's teaching personnel and programs/curricula offered. Please be advised that the State Education Department separately licenses all teaching personnel and independently approves all programs and curricula offered. Therefore, it is possible that programs/curricula listed in the school's catalog may not be approved at the time that a student enrolls in the school or the teaching personnel listed in the catalog may have changed. It is again recommended that the student confirm with the school director to determine if there are any changes in the programs/curricula offered or the teaching personnel listed in the catalog.

College Credit Policy

Licensed private career schools, such as Fullstack Academy, offer curricula measured in clock hours, not credit hours. Certificates of Completion are issued to students who meet clock hour requirements. The granting of any college credit to students who participated in and/or completed a program at a licensed private career school is solely at the discretion of the institution that the student may opt to subsequently attend.

Student Conduct

Equal Opportunity and Non-Discrimination Policy

Fullstack Academy is committed to maintaining a safe, accountable, and inclusive community. Acts of discrimination, harassment, and/or any prejudicial misconduct will not be tolerated and will be grounds for immediate dismissal.

Accommodations

Fullstack Academy is committed to providing an equal opportunity to access a full educational experience. In accordance with the Americans with Disabilities Act (ADA), as amended by the ADA Amendments Act (ADAAA), and all applicable state and local laws, Fullstack Academy prohibits discrimination based on a disability. Consistent with this commitment, reasonable accommodations will be provided to students who present appropriate documentation of disability and are otherwise qualified to participate in their specific program of study.

Fullstack Academy will ensure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of the absence of auxiliary aids and services. Fullstack Academy will furnish appropriate auxiliary aids and services where reasonable and necessary to ensure effective communication with individuals with disabilities.

Determinations about reasonable accommodations are made on a case-by-case basis considering various factors and based on an individualized assessment in each situation. We strive to make determinations on reasonable accommodation requests expeditiously and will inform the individual once a determination has been made.

Information supplied by a student seeking accommodations regarding their disability is voluntary and confidential. Any information shared may be communicated internally amongst staff to reasonably accommodate a student's disability.

Student Responsibilities

Students are expected to attend each class for which they are registered, arrive on time, and complete all assigned work and evaluations related to those programs. When students miss class, they miss the valuable daily practice and instruction that supports their career goals. Students who are absent are responsible for all missed classwork. All program requirements must be fulfilled, and students are responsible for the entire content of the program.

Every Fullstack Academy student is expected to maintain high standards of academic

integrity in completing assigned work and problems, taking examinations, conducting experiments, using hardware and software, and interacting with fellow students. Violations of academic integrity standards, including cheating, plagiarizing, copying another student's work, and violating copyrights on printed material or software, are subject to disciplinary action up to and including dismissal.

Furthermore, students are expected to conduct themselves in a manner appropriate for a healthy learning environment. Student behavior deemed unruly, disruptive, or non-conducive to a positive learning environment by Fullstack Academy staff will be subject to administrative sanctions or immediate dismissal.

Appeal of Dismissal

After being notified of dismissal, a student has the opportunity to submit a written appeal to the Director within five (5) business days. In the written appeal, the student must explain mitigating circumstances regarding their attendance, academic, or conduct, and provide evidence that those circumstances have changed and will no longer negatively affect the student's overall conduct. The Director will review the appeal and notify the student of the appeal decision in writing within two (2) business days.

Privacy

Fullstack Academy respects the privacy of its students. However, when deemed necessary, including but not limited to instances due to legal necessity, Fullstack Academy reserves the right to access student activities, files, and/or messages transmitted or received through the school's telecommunications, networking, or information processing systems (including, without limitation, communications transmitted through the Fullstack Academy Slack workspace).

Student Records, Licenses, and Media Rights

Fullstack Academy guarantees that students have the right to access their records, and that Fullstack Academy's policy for releasing information about an individual student is in accordance with the Family Education Rights and Privacy Act (FERPA). Fullstack Academy ensures the confidentiality of students' records.

Students grant the school and its subsidiaries, associated companies and licenses, permission to photograph and videotape students while attending the school or at activities conducted by the school. Fullstack Academy will own the still photographs and/or video footage in which students appear, and have the unrestricted right to publish such images in any school sales literature, on the school's website and in any other school marketing materials. Students understand that this grant is intended to be worldwide in scope and to apply to all media now existing or hereafter developed.

Financial Assistance

Fullstack Academy does not participate in state or federal financial aid programs.

Private Loans

If a student receives a private loan to pay for the educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. Fullstack Academy does not offer institutional loans to its students.

Keep in mind that Fullstack Academy does not endorse, recommend, or promote any particular lender. The payment choice is at the discretion of the student.

Government Assistance

Based on where the student lives, certain government assistance programs may be available.

Veterans

Veterans who choose to pay up-front are eligible for a \$1,000 scholarship.

Student Disclosure Information

The following text was taken from the Student Disclosure Pamphlet provided by the New York State Education Department (NYSED).

Student Rights

Schools are required to give this disclosure pamphlet to individuals interested in enrolling in their school.

What is the purpose of this pamphlet?

All prospective and enrolled students in a non-degree granting proprietary school are required to receive this pamphlet. This pamphlet provides an overview of students' rights regarding filing a complaint against a school and accessing the tuition reimbursement fund if they are a victim of certain violations by the school.

Licensed private career schools which are licensed by the New York State Education Department are required to meet very specific standards under the Education Law and Commissioner's Regulations. These standards are designed to help insure the educational appropriateness of the programs which schools offer. It is important for you to realize that the New York State Education Department's Bureau of Proprietary School Supervision closely monitors and regulates all non-degree granting proprietary schools. The schools are required to have their teachers meet standards in order to be licensed by the Department. Schools are also required to have their curriculum approved by the New York State Education Department, at minimum, every four years, thereby helping to ensure that all curriculum offered in the schools are educationally sound.

In addition, staff members of the Bureau of Proprietary School Supervision (BPSS) are often in the school buildings monitoring the educational programs being offered. The interest of the New York State Education Department is to ensure that the educational program being offered meets your needs and that your financial investment is protected.

The New York State Education Department's BPSS wishes you success in your continued efforts to obtain the necessary skill training in order to secure meaningful employment. In addition, Bureau staff will continue to work with all the schools to help ensure that a quality educational program is provided to you.

Who can file a complaint?

If you are or were a student or an employee of a Licensed Private Career School in the State of New York, and you believe that the school or anyone representing the school has acted unlawfully, you have the right to file a complaint with the New York State Education Department.

What can a student or employee complain about?

You may make complaints about the conduct of the school, advertising, standards and methods of instruction, equipment, facilities, qualifications of teaching and management personnel, enrollment agreement, methods of collecting tuition and other charges, school license or registration, school and student records, and private school agents.

How can a complaint be filed by a student or employee?

You should try to resolve your complaint directly with the school unless you believe that the school would penalize you for your complaint. Use the school's internal grievance procedure or discuss your problems with teachers, department heads, or the school director. We suggest that you do so in writing and that you keep copies of all correspondence to the school. However, the school cannot require you to do this before you file a complaint with the New York State Education Department. If you do file a complaint with the Department, please advise the Bureau of any action that you have taken to attempt to resolve your complaint.

The steps you must take to file a complaint with the New York State Education Department are:

1. Write to the New York State Education Department at 116 West 32nd Street, 5th Floor, New York, New York 10001, or telephone the Department at (212) 643-4760, requesting an interview for the purpose of filing a written complaint. Bring all relevant documents with you to the interview, including an enrollment agreement, financial aid application, transcripts, etc. An investigator from the Department will meet with you and go through your complaint in detail.
2. If you cannot come for an interview, send a letter or call the office to request a complaint form. You must complete and sign this form and mail it to the office. Please include with it copies of all relevant documents. You should keep the originals. You must file a complaint within two years after the alleged illegal conduct took place. The Bureau cannot investigate any complaint made more than two years after the date of the occurrence.
3. The investigator will attempt to resolve the complaint as quickly as possible and may contact you in the future with follow-up questions. You should provide all information requested as quickly as possible; delay may affect the investigation of your complaint. When appropriate, the investigator will try to negotiate with the school informally. If the Department determines that violations of law have been committed, and the school fails to take satisfactory and appropriate action, the Department may then proceed with formal disciplinary charges.

What is the Tuition Reimbursement Fund?

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending non-degree proprietary schools. If a school closes while you are in attendance, prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses which you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State

Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and that there was a violation of the Education Law or the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations. To file a claim to the Tuition Reimbursement Fund, you must first file a complaint with the State Education Department at the address included in this pamphlet. The staff of the State Education Department will assist you in the preparation of a tuition reimbursement form (a sample of this form should have been provided to you upon enrollment).

What is the tuition refund and cancellation policy?

All schools must have a tuition refund and cancellation policy for each program included in the catalog and in the student enrollment agreement.

Read and understand the school's policy regarding tuition refund and cancellation before you sign the enrollment agreement. If you do not understand it, or are confused by the school's explanation, get help before you sign. You may ask for assistance from the Department at the address included in this pamphlet.

What should students know about "private school agents?"

Private School Agents are employed by schools for the purpose of recruiting or enrolling students in the school; they are not school counselors. Private school agents cannot require a student to pay a placement or referral fee. Each school agent must be licensed by the New York State Education Department, must have an Agent identification card and must be a salaried employee of the school. School agents who cannot show an Agent Identification Card are breaking the law if they try to interest students in enrolling in a particular school or group of schools. The name(s) of the agent(s) who enrolled a student must appear on that student's enrollment agreement. Therefore, you should write down the name of the agent who talked to you. Each student will be required to confirm the name(s) of the agent(s) when signing the enrollment agreement. A full refund shall be made to any student recruited by an unlicensed private school agent or even by a licensed agent if there is evidence that the agent made fraudulent or improper claims. To find out if you are eligible to receive a refund, you must follow the complaint procedures included above.

What should students know about "grants and guaranteed student loans?"

A grant is awarded to a student based on income eligibility, and it does not need to be repaid (for example, New York State Tuition Assistance Program (TAP) grants or Pell grants provided by the federal government).

Guaranteed student loans are low-interest loans provided under the Federal Guaranteed Student Loan Program. The decision to apply for such a loan is yours; the school cannot require that you apply for a loan. You should understand that if you pay school tuition with money loaned to you from a lender you are responsible for repaying the loan in full, with interest, in accordance with the terms of the loan agreement. A failure to repay the loan can hurt your credit rating and result in legal action against

you. Even if you fail to complete your educational program, you are still responsible for repaying all the money loaned to you.

It is your right to select a lender for a guaranteed student loan. The school cannot require you to apply to a particular lender or lending institution. However, the school can recommend a lender, but if it does, the school must also provide you with a statement about your right and ability to obtain a loan from another lender and the insurance premiums charged on these loans.

Read and understand all the information and applications for financial aid grants and loans before signing.

Where can students file a complaint, file a claim to the tuition reimbursement fund, or get additional information?

Contact the New York State Education Department at:

New York State Education Department
Attention: Bureau of Proprietary School Supervision
116 West 32nd Street, 5th Floor
New York, New York 10001
(212) 643-4760

This pamphlet is provided to you unedited by the New York State Education Department (NYSED). The NYSED regulates the operation of Licensed Private Career Schools.

Supplement: Program Updates

Updated: July 1, 2025

The following update shall be incorporated into the Program Offered and Program Descriptions beginning on page 6 of the current Fullstack Academy Academic Catalog (New York) Version 6.2 (2025):

Programs Offered

Program	Program Length	Part-Time	Full-Time
Live Online Software Engineering Immersive	260 Full-Time or 198 Part-Time In-Class Hours 13 or 22 Weeks	✓	✓
Live Online Cybersecurity Bootcamp	260 Full-Time or 189 Part-Time In-Class Hours 13 or 21 Weeks	✓	✓
Live Online Data Analytics	156 Part-Time In-Class Hours 26 Weeks	✓	
Live Online Artificial Intelligence & Machine Learning Bootcamp	235 Part-Time In-Class Hours 26 Weeks	✓	

Program Descriptions

Live Online Software Engineering Immersive

The Fullstack Academy Live Online Software Engineering Immersive programs provides students with the technical and professional skills to qualify for software engineering roles. Through an advanced JavaScript curriculum and project-based instruction, students learn today's top development technologies like Git, React, and ChatGPT while developing a portfolio of real-world software products.

Live Online Software Engineering Immersive
260 In-Class Program Hours
13 Weeks

Fullstack Academy's flagship Live Online Software Engineering Immersive program prepares students for software engineering careers through an in-depth curriculum over 13 weeks, with classes held Monday-Friday.

Live Online Software Engineering Immersive

This Part-Time Live Online Software Engineering Immersive program provides the same curriculum over

198 In-Class Program Hours
22 Weeks

22 weeks, with classes held on select weekday evenings.

Live Online Cybersecurity Bootcamp

The Fullstack Academy Live Online Cybersecurity Bootcamp is designed to teach students defensive and offensive cybersecurity skills to protect systems and networks from cybercrime. Through hands-on projects using industry tools, students prepare for a range of careers in IT and cybersecurity.

Live Online Cybersecurity Bootcamp
260 In-Class Program Hours
13 Weeks

The Live Online Cybersecurity Bootcamp curriculum prepares students for entry-level cybersecurity roles over 13 weeks, with classes held Monday-Friday.

Live Online Cybersecurity Bootcamp
Part-Time
189 In-Class Program Hours
21 Weeks

This Live Online Cybersecurity Bootcamp provides the same curriculum in a part-time schedule over 21 weeks, with classes held on select weekday evenings.

Live Online Data Analytics

The Fullstack Academy Live Online Data Analytics program prepares students for current and future professional data roles. Using tools like GenAI applications, Excel, SQL, Python, and Tableau, students will learn to gain compelling insights from a wide range of data sets and present them with engaging data visualizations.

Live Online Data Analytics
156 In-Class Program Hours
26 Weeks

The Live Online Data Analytics program curriculum prepares students for industry roles like data analyst over 26 weeks, with classes held on select weekday evenings.

Live Online Artificial Intelligence & Machine Learning Bootcamp

The Fullstack Academy Live Online Artificial Intelligence & Machine Learning Bootcamp enables students with prior data industry or other related experience to specialize in AI. Students study practical and theoretical AI concepts throughout bootcamp—with a curriculum focused on generative AI, data science, machine learning, and natural language processing.

Live Online AI & Machine Learning Bootcamp

235 In-Class Program Hours
26 Weeks

The Live Online Artificial Intelligence & Machine Learning Bootcamp curriculum prepares students with relevant prior experience to specialize in artificial intelligence roles over 26 weeks, with classes held on select weekday evenings.

Tuition Payment and Other Fees

Program	Total Tuition	Refundable Deposit Due at Enrollment
Live Online Software Engineering Immersive <i>(13 week program)</i>	\$13,995	\$99
Live Online Software Engineering Immersive <i>(22 week program)</i>	\$12,995	\$99
Live Online Cybersecurity Bootcamp <i>(13 week program)</i>	\$13,995	\$99
Live Online Cybersecurity Bootcamp <i>(21 week program)</i>	\$12,995	\$99
Live Online Data Analytics <i>(26 week program)</i>	\$12,995	\$99
Live Online Artificial Intelligence & Machine Learning Bootcamp <i>(26 week program)</i>	\$9,995	\$99

Fullstack Academy Privacy Policy:

Last Modified June 15, 2021

Fullstack Academy, LLC (“Fullstack”, “FSA”, “us”, “we”, or “our”), a Delaware limited liability company and its affiliates and subsidiaries, is committed to your privacy and maintaining your trust. This privacy policy (“Privacy Policy”) discloses how your personally identifiable information (“Personal Information”) is obtained through websites operated by Fullstack Academy, including but not limited to <https://www.fullstackacademy.com/> and <https://www.gracehopper.com/> (the “Website” or “Websites”), and any affiliated online or offline programs, courses, or services (collectively our “Service”).

We will not use or share your information, including your mobile phone number, with anyone except as described in this Privacy Policy.

By using the Service, you agree to the collection and use of information in accordance with this policy.

Introduction

While using our Service, we may ask you to provide us with certain personally identifiable information that can be used to contact or identify you. We collect this information for the purpose of providing the Service, identifying and communicating with you, responding to your requests/inquiries, servicing your purchase orders, and improving our services.

Cookies

Cookies are files with a small amount of data, which may include an anonymous unique identifier. Cookies are sent to your browser from a web site and transferred to your device. We use cookies to collect information in order to improve our services for you.

You can instruct your browser to refuse all cookies or to indicate when a cookie is being sent. The Help feature on most browsers provides information on how to accept cookies, disable cookies, or notify you when receiving a new cookie.

If you do not accept cookies, you may not be able to use some features of our Service and we recommend that you leave them turned on.

Log Data

We may also collect information that your browser sends whenever you visit our Service ("Log Data"). This Log Data may include information such as your computer's Internet Protocol ("IP") address, browser type, browser version, the pages of our Service that you visit, the time and date of your visit, the time spent on those pages, and other statistics.

In addition, we may use third-party services that collect, monitor, and analyze this type of information in order to increase our Service's functionality. These third-party service providers have their own privacy policies addressing how they use such information.

Categories of Personally Identifiable Information

Personally Identifiable Information includes any information that can be used to identify, distinguish, or trace an individual's identity - whether alone or may be linked with other identifiable information. Personal Information includes, but are not limited to, the following:

- Name
- Date of Birth
- Email Address
- Login/User ID and Password Details
- Postal Address
- Telephone; and
- Any User-Provided “Optional” Information

Personal information may also include information collected from sources other than you but it does not include that which has been made anonymous or aggregate statistical information such that you can no longer be identified by us or a third party.

How Fullstack Academy Uses Information Collected

Communications: We may use your Personal Information to contact you with newsletters, marketing or promotional materials, and other information that may be of interest to you. You may opt out of receiving any or all of these communications from us by following the unsubscribe link or instructions provided in any email we send.

Sharing of Personal Information: We do not sell your Personal Information to third parties for the purposes of direct marketing.

Service Providers: We may employ third-party companies and individuals to facilitate our Service, to provide the Service on our behalf, to perform Service-related services and/or to assist us in analyzing how our Service is used.

These third parties have access to your Personal Information only to perform specific tasks on our behalf and are obligated not to disclose or use your information for any other purpose.

Behavioral Remarketing: We work with certain third-party service providers to collect and analyze certain Personal Information. These third-party service providers may also perform tasks and services on our behalf.

Fullstack Academy uses remarketing services to advertise on third-party websites to you after you visited our Service. We, and our third-party vendors, use cookies to inform, optimize, and serve ads based on your past visits to our Service.

- Google: Google AdWords remarketing service is provided by Google Inc.
 - You can opt-out of Google Analytics for Display Advertising and customize the Google Display Network ads by visiting the Google Ads Settings page: <http://www.google.com/settings/ads>

- Google also recommends installing the Google Analytics Opt-out Browser Add-on - <https://tools.google.com/dlpage/gaoptout> - for your web browser. Google Analytics Opt-out Browser Add-on provides visitors with the ability to prevent their data from being collected and used by Google Analytics.
- For more information, please visit the Google Privacy & Terms web page: <http://www.google.com/intl/en/policies/privacy/>
- Facebook: Facebook remarketing service is provided by Facebook Inc.
 - You can learn more about interest-based advertising from Facebook by visiting this page: <https://www.facebook.com/help/164968693837950>
 - To opt-out from Facebook's interest-based ads follow these instructions from Facebook: <https://www.facebook.com/about/ads/#568137493302217>
 - Facebook adheres to the Self-Regulatory Principles for Online Behavioral Advertising established by the Digital Advertising Alliance. You can also opt-out from Facebook and other participating companies through the Digital Advertising Alliance in the USA <http://www.aboutads.info/choices/>, the Digital Advertising Alliance of Canada in Canada <http://youradchoices.ca/> or the European Interactive Digital Advertising Alliance in Europe <http://www.youronlinechoices.eu/>, or opt-out using your mobile device settings.
 - For more information, please visit Facebook's Data Policy: <https://www.facebook.com/privacy/explanation>

Compliance With Laws and Other Parties: Where required and necessary to protect our services or comply with law enforcement or subpoena, we will disclose your Personal Information when a reasonable request has been furnished and where we believe that such action is necessary to comply with the law and the reasonable requests of law enforcement or to protect the security or integrity of our service.

If Fullstack Academy is involved in a merger, acquisition or asset sale, your Personal Information may be transferred as a business asset. In such cases, we will provide notice before your Personal Information is transferred and/or becomes subject to a different Privacy Policy.

Security

While Fullstack Academy is committed to ensuring the security of all Personal Information provided to us, no method of transmission over the internet or forms of electronic storage is 100% secure. As such, we are unable to guarantee or warrant the security of any information transmitted to Fullstack Academy.

International Transfer

Fullstack Academy is headquartered in the United States. Any Personal Information collected is likely transferred outside of your home state, county, country, or governmental jurisdiction, where data protection laws may be less stringent than those of your home jurisdiction.

External Links

Where links to external third-party websites are made available on the Fullstack Academy Website or Services, please read their privacy policies before engaging with the third-party website and supplying any personal information. We are not responsible for the information collection practices, privacy policies, and Personal Information uses of third-party websites.

Rights In Your Information

In accordance with the laws of your home jurisdiction, you may have the rights to request, access, restrict, correct, or delete the information provided about you held by Fullstack Academy.

Opting Out

Where consent has been granted to Fullstack Academy's use of Personal Information, you may withdraw such consent at any time.

Information Retention

Your personal information is retained for the purposes of maintaining business records and improving our services. Student records are retained for the length of time as prescribed by each individual jurisdiction in which we operate. If you are a student, please refer to the corresponding regulatory laws of your home jurisdiction to determine the length of time in which your Personal Information will be retained.

Children

Fullstack Academy does not knowingly direct our services or knowingly collect Personal Information from anyone under the age of 18. If you are under the age of 18, you should ask for parental permission before using Fullstack Academy Services or before sending Personal Information to Fullstack Academy. A parent or guardian who becomes aware that his/her child has provided Personal Information without parental consent should contact Fullstack Academy. Once Fullstack Academy becomes aware that a child under the age of 18 has provided Personal Information without parental consent, such Personal Information will be deleted.

Jurisdictional Privacy Rights

California

Right to Know About Personal Information Collected, Disclosed, or Sold. You have the

right to request that the business disclose what personal information it collects, uses, discloses, and sells.

Right to Request Deletion of Personal Information. Generally, you have a right to request the deletion of your personal information collected by Fullstack, subject to various exceptions. Where such a request is submitted, Fullstack will evaluate the sensitivity of the Personal Information and the risk associated by granting deletion. To submit a request for deletion, please see the section and contact information below.

Right to Opt-Out of the Sale of Personal Information. California residents have the right to opt-out of the sale of their personal information by a business. While Fullstack Academy does not engage in the traditional sale of personal information, your personal information may be communicated to or otherwise shared with third parties from time to time. You may opt-out of the sharing of your personal information by submitting a request to Fullstack Academy. See section and contact information below.

Non-Discrimination for the Exercise of a Consumer’s Privacy Rights. You have a right not to receive discriminatory treatment by Fullstack for the exercise of your privacy rights conferred by the CCPA.

Minor California Residents. Fullstack Academy does not knowingly engage in the sale of the personal information of minors under the age of 16.

Authorized Agent. If a designated agent submits a Request on your behalf, such Requests shall be accompanied with a signed, either physically or electronically per the Uniform Electronic Transactions Act, authorization from the subject of the Request.

“Do-Not-Track”: Some web browsers may transmit “do-not-track” signals to the websites and other online services with which a browser communicates. We do not support Do Not Track (“DNT”). Do Not Track is a preference you can set in your web browser to inform websites that you do not want to be tracked. You can enable or disable Do Not Track by visiting the Preferences or Settings page of your web browser.

European Data Subjects

Fullstack Academy is headquartered in the United States. EU citizens or residents should note that your information will likely be transferred to the United States. By using the Site or Services, you consent to the transfer, processing, and storage of your Personal Information in the United States.

General Data Protection Regulation 2016/678. Under reasonable circumstances, rights provided to EU citizens and/or residents (“data subjects”) under the GDPR include:

The right to access your Personal Information and receive confirmation as to whether or not personal data concerning you is being processed, and if so, where and for what purpose.

The right to request a copy of your Personal Information free of charge, unless such requests have been deemed repetitive, excessive, or arbitrary.

The right to be forgotten or request correction of your Personal Information that is held by us, so long as the request is not contrary to the public interest of preserving such data.

The right to request a restriction to processing of the data subject's Personal Information

The right to object to further processing of your Personal Information

The right to request a transfer of your Personal Information to a third party

To exercise such rights, please see our contact information below.

In compliance with GDPR, Fullstack will in good faith attempt to meet your requests within 30 days of your submission.

Complaints. To lodge a complaint against Fullstack Academy's privacy practices, please contact your local data protection authority.

For more information on the Regulation, please refer to the [GDPR Portal](#).

Changes to our privacy policy

In order to stay compliant with privacy laws and legislation, Fullstack Academy reserves the right to change this Privacy Policy. Changes to this Privacy Policy will be posted on this web page. Please review this Privacy Policy periodically to stay up to date with any changes.

Updating or Requesting Your Information

If you would like to correct, update, delete, or request a copy of your Personal Information held by us that was provided through your use of the Fullstack Academy Site or Services, please contact us at one of the addresses provided below.

When a request is submitted, we may seek additional information or clarification from you. Fullstack may ask for additional information to reasonably verify your (i) identity, (ii) that you are a California resident, or (iii) the nature of the information within the scope of the Request).

Contact Information

For questions or requests, please contact us at:

Appendix D: Governing Law and Jurisdiction

Governing Law and Jurisdiction

This Agreement shall be governed by and construed in accordance with the laws of the State of New York and the courts located in New York City shall have the exclusive jurisdiction over any matter relating to, in connection with, or arising out of, this Agreement. Either party may bring an individual civil action, to the extent such court has personal and subject-matter jurisdiction over the parties and claims/counter-claims. This Agreement does not preclude you from bringing issues to the attention of federal, state, or local agencies. Such agencies can, if the law allows, seek relief against us on your behalf. You and we agree that each party may bring claims against the other only in your or its individual capacity and not as a class representative.
