For most settings I have provided both notated music and lyrics-only versions. Many have the three responses separated out to make them easy to insert in your printed Eucharistic Prayer. On several tunes the “Amen” may be played to the last line or two of the tune. The accompanist can play the last couple bars of the second line as an introduction.

For tunes that may not appear in your hymnal I have provided keyboard parts.

You have my permission use these songs in your worship: to copy and paste, print, project or broadcast them in whatever ways you need. It would be wise and fair to include a note somewhere in your materials, “Used with permission; Steve Garnaas-Holmes, www.unfoldinglight.net.”

Sing for God!
