**Greater New Jersey
equips spiritual,
transformational leaders
who make disciples
who make disciples.**

This guide will assist you and your church in being authentic to who you are today, while preparing for growth tomorrow.

Groups of people (churches included) tend to behave differently based on the number of people gathered. A church of 50 people will have different expectations than a church of 500 people. How We Gather will help you and your congregation identify where you are along a spectrum of growth measures. This guide will also provide lists of resources and best practices for taking the next step in developing clergy leaders, lay leaders, congregational vitality and community engagement.

United Methodists in Greater New Jersey have committed to Leadership/Congregation 100: developing 100 new lay and clergy leaders as a part of our 2019-23 Strategic Plan. We are measuring our progress together by helping our congregations move from one level of worship to the next. This guide will help you and your congregation make the move to the next level.

In these pages, you will find best practices on worship, small groups, discipleship, mission, and stewardship. There are resources for young people, hospitality, new church plants, and staff development. If you have questions or want to go further, you are encouraged to work through your district superintendent, circuit elder, the connectional ministries staff or one of our vital mission partners: The United Methodist Stewardship Foundation of Greater New Jersey, A Future With Hope, Nehemiah Properties and Next Generation Ministries.

HOW TO USE

1. Locate your church based on average worship attendance.
2. Consider how your congregation resonates with the characteristics listed from churches of similar size with similar resources.
3. Review the best practices and resources with congregational leaders including church council and committee chairs.
4. Pay close attention to the “grow in impact” sections, as these are key ways a congregation can proactively increase its capacity for mission.
5. Set goals for one or two areas of pastoral and congregational growth in the next three to six months based on the best practices.
6. Create a timeline to assess your progress and continue the spectrum of growth.
7. Celebrate every increment of growth.

A glossary of the resources is listed in the back pages in order to provide more details about each resource and where to find more information.

Thank you for your transformational leadership.

SMALL FAMILY CONGREGATION

Average Worship Attendance | 1-49

281 or 53% of GNJ churches are small family congregations.

Benchmark progress and celebrate success for every 10 new worshipers.

CHURCH ARCHETYPE

Congregants have a fierce loyalty to local church

Mission/outreach are personal contributions

Comprised of several families

Traditional worship style and organization

Decisions heavily influenced by matriarch/patriarch

Relationships may be prioritized over worship quality, length of meetings, decor, etc

STRENGTHS

Shorter pastoral appointments lead to stronger, more involved laity

Safe space for more traditional worship

Well-established rhythmic schedule for special service times, styles, annual activities

Kids are welcomed in as part of the family

CONGREGATIONS GROW IN IMPACT BY

Building relationships with key leaders in the community

Encouraging worshipers to increase roles in worship

Identifying strengths and spiritual gifts of congregation

Making decisions and moving forward without unanimous agreement

PASTOR ARCHETYPE

Chaplain who cares/advocates for the people who are already there

Part-time (bi-vocational or multi-point charge)

Local Pastor or Certified Lay Minister

CHALLENGES

Conflict may be taken personally

Difficult to implement most change

Worshippers and pastor come from outside the surrounding community

Low trust of outsiders, including pastors

Pastor has limited time to be present

PASTORS GROW IN IMPACT BY

Establishing healthy norms and leadership within committees

Implementing best practices in the 5 markers of vitality

Committing to 1-2 training opportunities annually
For example: *continuing education, conference resourcing, seminary, course of study or exploring the ordination process*

BEST PRACTICES

WORSHIP

Help guests feel a part of the family

Commit ample time to delivering a great sermon every week

Create a quarterly worship planning calendar

Involve laity in the service

Use stories and examples in sermon to relate to the congregation and community

Encourage congregational singing

NEW DISCIPLES

Create space for evangelism/invitation

Connect special events and social/fellowship to invitations to go deeper

Ask congregants to share faith stories in an accessible, non-churchy way

Learn who is living in the community

GIVING

Receive the offering with joy

Follow proper accounting procedures for the offering as per the Book of Discipline

Tell stories of using resources in missional ways

Talk about the budget for ministry and not survival

SMALL GROUPS

Train a lay person to lead or co-lead small groups

Create a system to keep the pastor connected

Meet at church and at homes

Keep atmosphere casual and flexible

Plan your ministry with one or two adult volunteers

MISSION

Learn about the community by connecting with key local leaders like council members, the police chief, and school principals

Include specific needs of missions in weekly prayer time

Celebrate mission accomplishments
