

Bristol Myers Squibb STUDY CONNECT

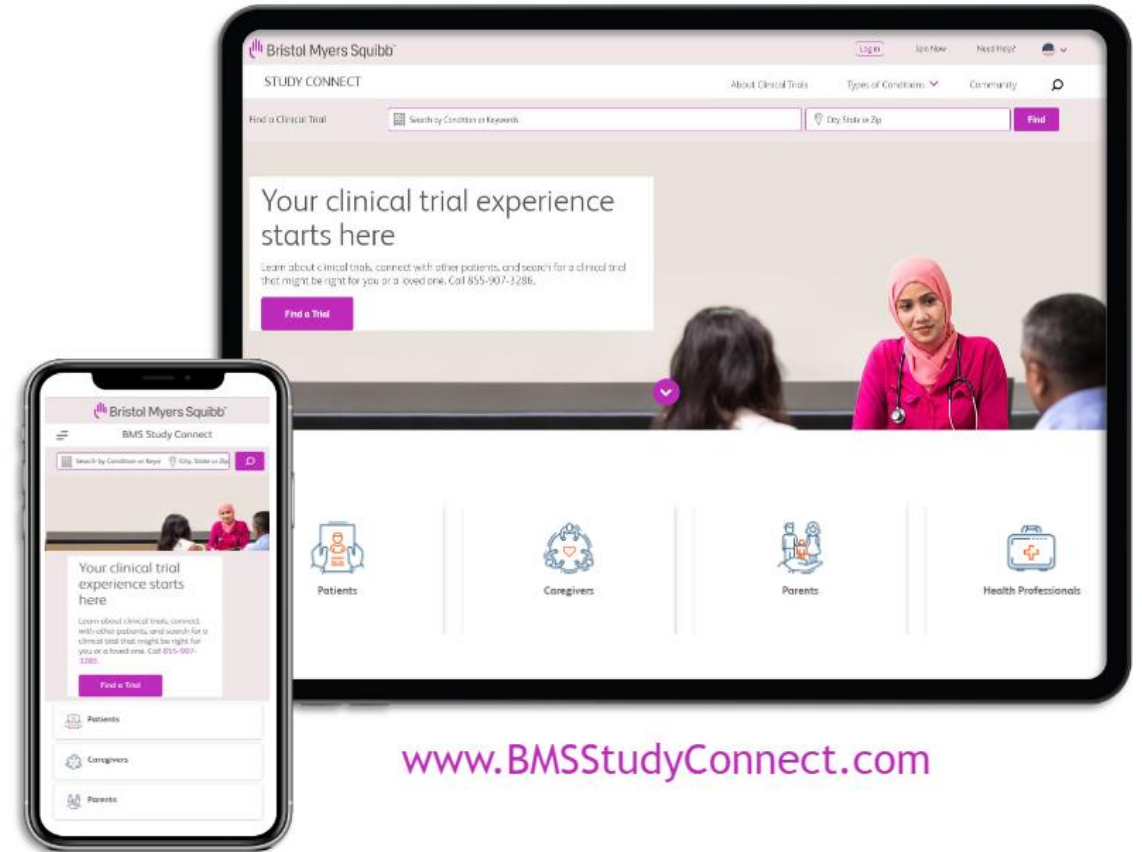

Overview

www.BMSStudyConnect.com

What is BMS Study Connect?

- Industry-leading patient engagement website for patients, caregivers, and health professionals
- Comprehensive platform to learn about and find clinical trials, and connect with recruiting clinical trial sites
- Dedicated to increasing clinical trial awareness, participation, and engagement

www.BMSStudyConnect.com

The Study Connect Experience

Educating the public about clinical trials and conditions we research

Connecting patients and sites through pre-screeners and online referrals

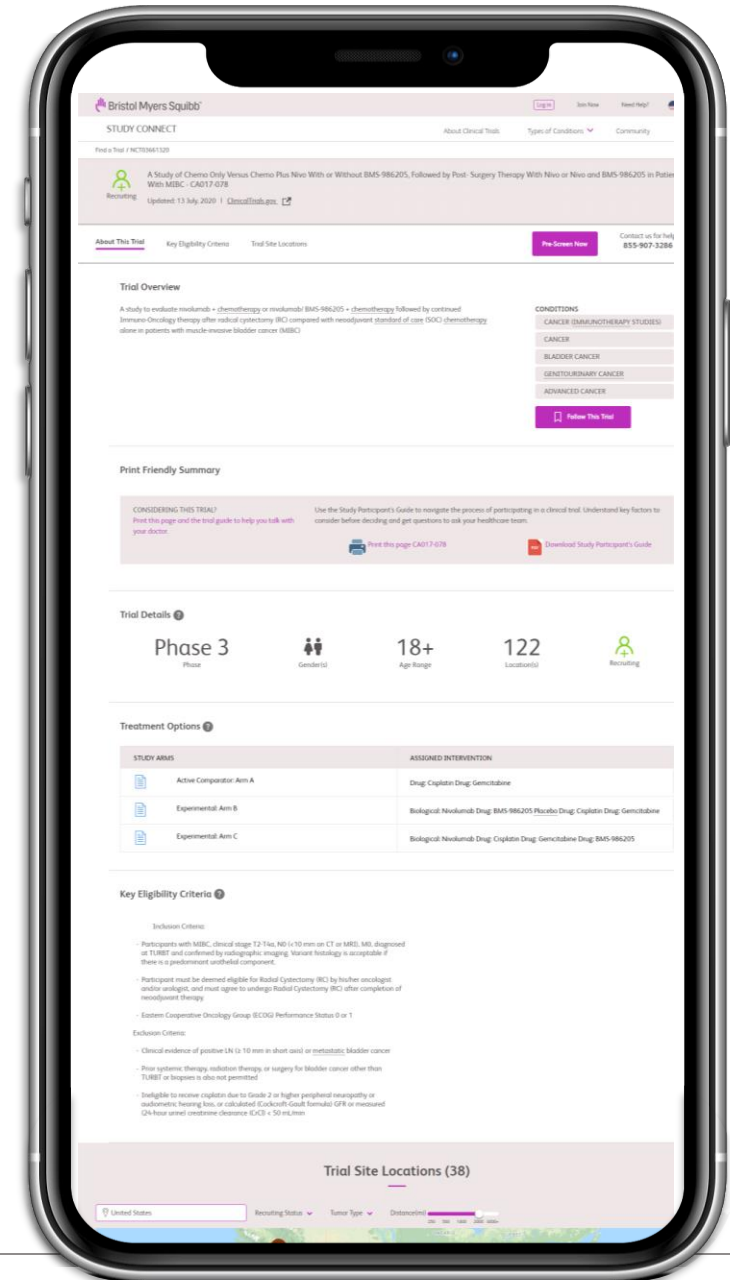

Engaging patients and caregivers through call center, videos, and support organizations

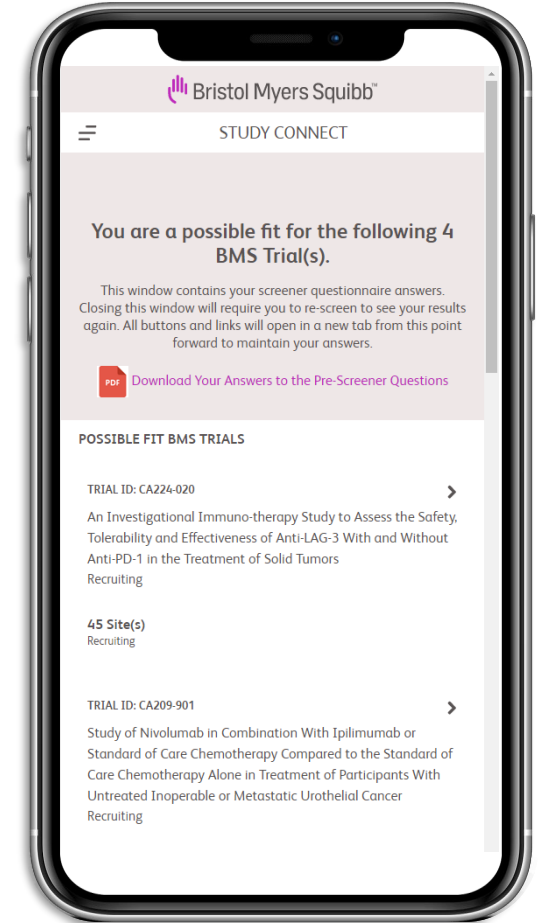

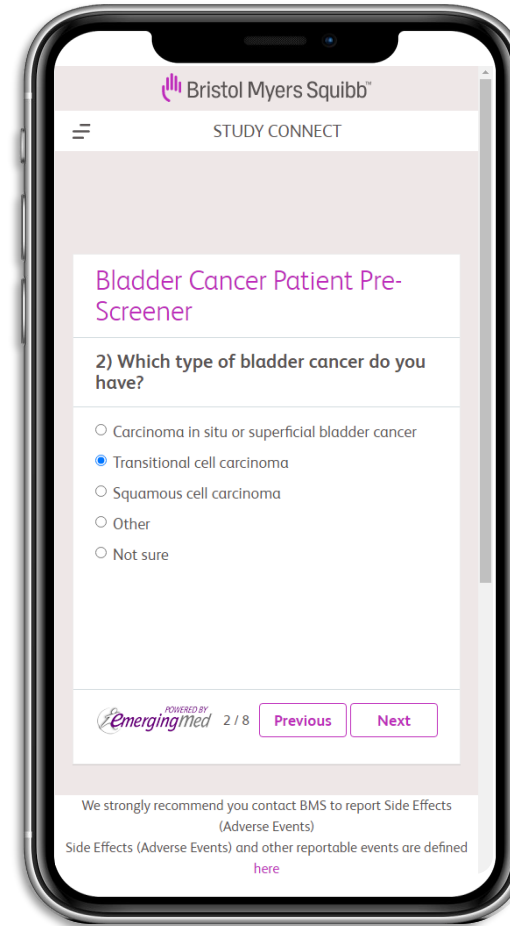

Study Protocol Page

- Every BMS-sponsored study has a protocol page
- The information is pulled from clinicaltrials.gov and our clinical trial management system
- Includes:
 - Study Participant Guide
 - Study Treatment Options
 - Eligibility Criteria
 - Site Map

Trial Match via Pre-Screeners

- Patients complete health pre-screener questionnaire to help match them to potentially suitable trials
- Patients are presented with both BMS and non-BMS trials
- Non-BMS Trials are linked to the clinicaltrials.gov protocol page

Patient Referral

Patients can choose a study site and submit their contact information

- *Patients* receive an email confirmation
- *BMS* staff receive an email confirmation
- *Clinical Trial Site* receives patient contact information with pre-screener questions and answers and contacts the patient

Please enter your personal information to be considered as a candidate for trial CA224-020

INSTRUCTIONS FOR PARENTS OR GUARDIANS:

Instructions for parents or guardians looking for study information for a patient under 18 years of age. If you are a parent or guardian looking for study information for children under the age of 18 years old, please complete this form with your Personal and Contact information. You will be contacted by the institution/clinic you selected.

☐ Please check to confirm that you are over the age of 18. *
