When Thomas Louis Latane Temple stepped off the train eighty-two years ago, we became a part of Diboll. We've grown quite a bit since 1894 and now Temple Industries is part of an organization with offices in places like London and Paris, New York and Madrid. The future holds great promise, and we're understandably proud of our growth. But mainly we're proud of being a part of the finest group of people in the world...the folks of East Texas.
