Ortronics

Clarity 48-Port, 1RU Shielded High Density Jack, Unloaded Angled Panel - White

Part No. PHAHDJSU48-W

Shielded Clarity angled panels utilize a unique recessed angle design to help direct cords with greater ease to vertical rack or cabinet management within a lower profile. This design provides an improved alternative for applications that do not offer rack space for horizontal management. Rugged rear cable management is supplied to support best cabling practices. Industry leading protection against EMI is provided when paired with Shielded Clarity High Density Jacks. The Shielded Clarity panels are available in Black or White with options of angled or flat face and densities to support up to 48 ports in 1RU.

Features & Benefits

- Available in flat and angled
- Jacks rear load into panel
- Available in black or white
- Accepts HDJS series jacks or HDJ UTP jacks
- Includes rear wire manager and ground lugs
