

BRM Series Button Modules (For modular door stations)

BRM4 4-Button Module

BRM1 1-Button Module

BRM2 2-Button Module

BRM3 3-Button Module

BRM SERIES PUSH BUTTONS FOR MODULAR SERIES DOOR STATIONS

The **BRM** push button modules are designed to be used with the Alpha Communications® / S.T.R.™ modular series door entry stations. There are four (4) configurations available from one (1) to four (4) push buttons per module.

All **BRM** push buttons feature LED illumination and plug-in connector for easy wiring and maintenance.

All **BRM** push button modules are 3.94"w x 3.94"h (100mm x 100mm), and are made to snap into the MT series modular panel trim frame(s).

To service the **BRM** series modules, once installed, use the model **13510** key / tool unit.

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

Push button module(s) shall be Alpha Communications® / S.T.R.™ **BRM** series or approved equal. Push button(s) shall be modular type and shall be used in conjunction with the proper MT series modular panel frame(s). Contractor shall provide the proper number of 1,2,3 or 4 button modules as needed.

All **BRM** button modules shall feature LED illumination and plug-in connector for easy wiring and system maintenance.

Contractor shall observe all local and national electrical and building codes.
