## CheKT AI Camera Series MOUNTING ACCESSORIES

Expand the capabilities of the CheKT AI Camera Series with the new line of camera mounting accessories. Designed for compatibility with existing AI Dome and Bullet Camera models, these accessories provide a variety of mounting solutions to fit your specific security needs.

Choose from the CK-BW10 dome camera wall bracket, CK-BJC09 camera junction box (for use with CK-BW10), CK-GP02 camera indoor plate, and CK-BJC07 AI bullet camera junction box for secure wall placements, discreet indoor installations, and overall optimization of camera placement within your CheKT security system.
