

Ortronics
8RU Vertical Wall-Mount Cabinet - Full Door - 36 in H
Part No. VWMFD-8RU-36-B

The Vertical Wall-Mount system is a low profile solution for edge computing, and all building network needs. The 8RU version sits a mere 18" off the wall while still allowing installation of equipment in excess of 30" deep. When customized with many of the optional accessories, The Vertical Wall-Mount system can accommodate many complete computing combinations. The Vertical Wall-Mount system is easy to configure, integrate, and install. With a UL2416 certified load rating of 150 lbs, it can handle the most dense configurations possible. The full locking hinge door design allows for user access from the front of the unit. Mounting of small routers, hubs, and computers that are non rack mountable is also simplified with the optional patented Lever Lock equipment panels.

Features & Benefits

Low-profile mounting	Mount deep equipment in a small footprint
Swing handle design allows for flexible lock options	Flexibility of equipment mounting for edge computing
Optional accessories for small form factor equipment	Clean aesthetic look
Load rating suitable for IoT & PoE networks	Ships fully assembled
Cabinet includes: 2 Fixed rails (mounted) 4 Air opening guards with mounting hardware Full or split locking front door Junction box (mounted) PDU mounting bracket kit	

Specifications

General Info

Product Line	Ortronics	Color	Black
UPC Number	662875000457	Country Of Origin	United States
Application Sector	Commercial	Type	Enclosure

Dimensions

Product Width US	25.0 in	Product Depth US	18.0 in
Product Height US	36.0 in		

Additional Information

RoHS Compliant

Yes
