

ETP-WM – Wall Mount Emergency Phone Station

Description

Talk-A-Phone's ETP-WM Wall Mount Emergency Phone Station is an ideal security solution for remote and high-risk areas. The unit offers contemporary architectural styling and is constructed out of durable stainless steel. An always-lit LED Blue Light provides high visibility and gives passers-by a sense of security. Patrons can call emergency personnel with a simple push of a button. At the same time, the LED Blue Light begins to flash, attracting attention to the location. The Emergency Phone faceplate is illuminated at all times for clear visibility during the night.

Talk-A-Phone's ETP-WM Wall Mount Emergency Phone Stations are often used at university and college campuses, parking facilities, shopping malls, medical centers, industrial campuses and transit facilities.

Features

- Attention-getting LED Blue Light is included and mounted inside a polycarbonate housing. The LED Blue Light is continuously lit and flashes for duration of a call when "EMERGENCY" button is pressed to draw attention to the unit.
- Emergency Phone faceplate is illuminated at all times by an LED Panel Light
- Vandal-resistant stainless steel construction
- Designed to resist extreme weather conditions
- A variety of signage, graphics and color choices are available
- ADA-compliant
