

Fiber Cable Management Shelf

Fiber Cable Management Shelf

The fiber cable management shelf has been engineered to work PHD and RFP Fiber panels and HDJ multi-media panels. The shelf comes with fiber management spools to safely route additional cable. There are several tie down points in different locations to ensure multiple optimal points to secure cable. The rugged all steel shelf is designed to support the weight of high-density fiber.

Features and Benefits

- **Simplify Cable Management:** Fiber management spools safely route cable and tie downs offer a variety of different locations to ensure multiple optimal points to secure cable.
- **Rugged Design:** All steel shelf is designed to support the weight of high-density fiber installations

Applications

- Data Center—Behind panel cable management when an enclosure is not needed or desired
- Building Networks—Behind panel management with multimedia or fiber networks

Fiber Cable Management Shelf

BASE PN: HDCM-00x

ORDERING INFORMATION

Item Number	Description
HDCM-001	High Density Fiber Cable Management Shelf, 1 RU - Black
HDCM-002	High Density Fiber Cable Management Shelf, 2 RU - Black

TECHNICAL SPECIFICATIONS

GENERAL INFORMATION

Color	Black
Country Of Origin	Mexico
Type	Cable Manager Shelf
Includes	(1) 8 Pack of 1/4 Round Cable Management Spools; (4) Hook-Loop Straps; (4)#12-24 Lock Nuts

DIMENSIONS

	HDCM-001	HDCM-002
Product Width	17.70 in / 449.58 mm	17.70 in / 449.58 mm
Product Height	1.73 in / 43.94 mm	3.46 in / 87.88 mm
Product Length	14.68 in / 372.87 mm	14.68 in / 372.87 mm

TECHNICAL INFORMATION

Construction	Steel
Use Type	Fixed
Function	Cable Management and Support
Compatibility	Any EIA-310 Mount (Optimized to work with PHD, RFP, and HDJ panels)
