

The WiseStamp Email Signature Management Platform

Every email is a reflection of your organization. Make it the right one, with WiseStamp. Give marketing control to deliver consistency, and IT simplicity to scale it across your organization, keeping every email signature professional and on-brand.

Built for marketing. Backed by IT.

Centralized control: Manage and deploy signatures across departments and locations from a single dashboard.

Multiple integrations: Sync instantly with Google Workspace, Microsoft 365, and Exchange directories. Scale up with a single click.

Powerful marketing channel: Add scheduled campaigns, clickable banners, and CTA buttons to turn employee emails into a performance channel.

Compliant and professional: Customize signature variations by role, department, or region, while maintaining full brand control.

Security & compliance. No compromises.

- **SOC 2 Type II certified:** Trusted data protection and privacy controls.
- **Encrypted connections:** End-to-end protection for your data. We don't read any of your emails.
- **Role-based access:** Give the right people the right level of control.

Enterprises count on WiseStamp

- **Time-saving automation:** Update signatures across your entire organization instantly. No manual fixes. No chasing employees.
- **Fast & easy setup:** Get started quickly and manage easily with our user-friendly platform. No coding required.
- **Effortless scalability:** Scale at your pace and stay unified, whether you have 500 or 50,000 employees.
- **Reliable support:** Your expert support team has your back every step of the way.

ROI visibility formula (Number of Employees × Emails per Day × 22 Working Days)

Let's see what that looks like in a typical company:
13,000 employees × **40** emails/day × **22** days =
11,440,000 branded emails per month

Each of those **11.4 million emails** represents a brand touchpoint. Do your emails reinforce trust or miss out on important brand moments?

Trusted by more than **1,200,000 customers** across 150+ countries

Your brand. In every inbox. Make it count. [Schedule a Demo.](#)
