JPMORGAN CHASE & CO.

Meet talent: Connect with the world's top design leaders in an atmosphere where long lasting relationships are formed.

Showcase your product: Talk directly with budget holders and decision makers about your product or offering.

Thought leadership: Position yourself as experts and key players within the Leading Design community.

“ Maybe it was just the right moment in my career, maybe I had my ears ready to hear what was being said; one thing is certain though: This event changed my life.

— Conference attendee

“ My only feedback is that I want more Leading Design conferences in my life. It’s easily the best, most useful and thoughtful conference I’ve ever experienced both as an attendee and speaker.

— Conference speaker

“ I left feeling so inspired and so connected to our design community. I feel so lucky to have been part of it.
