COMPACT TRACTORS DO REAL WORK

When it comes to small farms, bigger isn't necessarily better! Our high-quality equipment is compact in size for ease of maneuverability and produces light-weight, easy-to-handle bales!

NO MORE WAITING ON THE FARMER DOWN THE ROAD

If you are a small farmer who is ready to make the jump to doing your own hay baling, the lbex TX31 mini round baler with TWINE is the baler for you! Finally, you can control the quality of your hay by baling when the hay is at peak nutritional value, instead of when the farmer down the road gets around to it.

"I still lost cows when I grooved. Agri-Trac came in and changed that! This is real Traction for my cows! I noticed the difference right away! I liked it so much I had them come back and do the rest of my barns! No more grooving for us! Thanks Agri-Trac!"

- Unc Brock, Schaghticoke, NY

"AGRI-TRAC Traction Milling lasts and it won't wear! It works! I believe in it! No more slippery floors! No more grooving every few years! AGRI-TRAC lasts far longer than grooving. No more lame or down cows!"

- Jim Akam, Concord Valley Farms, Spartansburg, PA

"Agri-Trac works so good after they milled our floors our milk count went up 2lbs per day without changing anything else! You can see the confidence our cows have now when walking and running. No more down cows with grooving! Thank you AGRI-TRAC!"

- Ron Deboover, Vince Deboover Farms, Geneva, NY

"We had slippery floors and lost cows. Now my cows have real traction! This is a game changer for us. Thanks to Agri-Trac now our cows are happy. This is a game changer!"

- Matthew Rohrer, Rockingham, VA

"Right after my barn floors were milled we had real Traction for the first time since we started milking cows. I realized a 5lb per cow increase right off. My cows are completely different. I will never groove again! Thank you AGRI-TRAC!"

- Derrick Nop, Montgomery, NY

"AGRI-TRAC Traction Milling works 100%! I have grooving and it does not work! AGRI-TRAC milled right over my grooving and fixed it! I will stick to AGRI-TRAC in the future!"
