

## Faith Summary

In the Sacrament of the Anointing of the Sick, the priest uses oil to anoint those who are ill, injured, or aged. As a result they receive forgiveness for their sins, comfort in their suffering, and spiritual healing. Through this sacrament we are united with Jesus in his Passion and Death. We participate, through our suffering, in his saving and healing work.

### Word I Learned

### Ways of Being Like Jesus

During his life Jesus showed special sympathy to those who were sick. He healed the sufferings of many. *Show concern for people who are sick and help them by comforting them or befriending them.*

### Prayer

*Jesus, thank you for your healing presence in our lives. Help me to see other people through your loving eyes.*

## With My Family

**Activity** With your family, make a few fun, colorful cards for some of the children who are sick at a hospital. Bring the cards to the hospital to be distributed by a volunteer.

**Faith on the Go** Ask one another: *If you could heal someone who is hurting, whom would it be? Why?*

**Family Prayer** *Jesus our Savior, touch our lives with your healing hand. Give us strength in our difficult moments and help us to always remember that you are near.*
