SOFTWARE DEVELOPER (BUILD & RELEASE ENGINEERING) (M/F/D)

at MAXON Computer GmbH in Friedrichsdorf (metropolitan area Frankfurt/Main), Germany, Montreal, Canada, Newport Beach or Newbury Park (both California) USA

WHO WE ARE:

Maxon is a developer of professional 3D modeling, painting, animation and rendering solutions. The award-winning Cinema 4D, Redshift 3D and Red Giant products have been used extensively to help create and render everything from stunning visual effects in top feature films, TV shows and commercials, cutting-edge game cinematics for AAA games, as well as for medical illustration, architectural and industrial design applications. Maxon is seeking a developer (m/f/d) to help develop and maintain the crucial bridge between products and people. As a software developer working on build release & engineering, you will be responsible for creating and maintaining infrastructure to build, deploy, and test desktop software applications.

WHAT YOU WILL DO:

- Develop and integrate tools for building, deployment, and testing
- Harmonize build and deployment processes across teams
- Evolve existing build infrastructure
- Resolve build issues
- Manage source code repositories

WHAT WE ARE LOOKING FOR:

- 3+ years of experience in software development with a Bachelor's degree or equivalent in Computer Science
- Familiarity with continuous integration platforms (e.g. Jenkins, GitLab, CircleCI)
- Familiarity with automated testing workflows and frameworks
- Experience with scripting languages (Python, Bash,...)
- Experience with C++
- Mac, Windows, and Linux development experience
- IDEs: Visual Studio & XCode
- Experience with Scrum/Agile development methodologies
- You have good communication skills and good English-language skills
- Ability to work collaboratively across teams and work in a virtual team environment
- A creative spirit and passion for unique and disruptive thinking
- Minimal need for supervision – you are self-driven

DESIRABLE SKILLS AND EXPERIENCE:

Experience with Apache Ant

Experience with Bazel and distributed build platforms

Experience maintaining VMs

Experience with Cloud infrastructure (e.g. AWS/Azure)

WAS WIR DIR BIETEN:

You will be given a permanent full-time contract with perspective at our offices in Montreal (Canada), Newport Beach or Newbury Park (both California, USA). You will be part of a highly motivated international team of specialists and will work in an environment that offers a wide range of individual development possibilities. Interested in joining our team? Then send us your electronic CV (.pdf), expected salary, and your earliest starting date. We're looking forward to hearing from you!

Maxon is proud to be an equal opportunity workplace.
