# Press Release

FOR IMMEDIATE RELEASE

## **MCLANAHAN FILLS AGGREGATE PROCESSING LEADERSHIP ROLE**

Hollidaysburg, Pa., August 11, 2014 — McLanahan Corporation is pleased to announce that effective August 11, 2014, Mark Krause has joined the company as General Manager of the Aggregate Processing Division.

A member of the aggregate industry for over 35 years, Krause brings experience from the equipment manufacturing side, as well as the customer operations side. Following his graduation from the University of Wisconsin – Milwaukee, he started his career at Nordberg, Inc. and went on to work with other well-known equipment manufacturers. Most recently, he served as a Process Optimization Specialist and Operations Manager for Lafarge North America.

“Mark brings experience and expertise in crushing and a unique insight into the client side of the aggregate industry,” said George Sidney, President and COO of McLanahan Corporation. “I’ve known him for a long time and trust that he will bring the passion, integrity and innovation that our customers have come to expect from McLanahan. We’re very excited to welcome him to our McLanahan family.”

Krause will be based out of McLanahan’s Gallatin, Tenn. office, overseeing sales, customer service and engineering personnel at locations throughout the United States.

McLanahan Corporation is an ISO 9001:2008 certified company that manufactures safer, simpler and smarter equipment to help producers do more than ever in today’s tough marketplace. From primary crushing to water management, McLanahan custom engineers process solutions to help you be more efficient, more productive and more profitable. Headquartered in Hollidaysburg, Pa., USA, McLanahan Corporation has five additional U.S. locations, as well as offices in Asia, Australia and Europe.
