FOR IMMEDIATE RELEASE

MCLANAHAN APPOINTS FIRST VP OF MANUFACTURING

Hollidaysburg, Pa., August 18, 2014 — As part of the company's expansion and growth, McLanahan Corporation has appointed Mark Slonaker as its first Vice President of Manufacturing.

As the Vice President of Manufacturing, Slonaker oversees manufacturing operations at all U.S. based locations to ensure production meets required deadlines and the quality standards of an ISO certified company, all within the operational budget. He helps to maintain safe standards and corporate objectives, while making sure that as the company continues to grow, manufacturing capabilities are in place to meet and exceed all industry and customer requirements.

"I am most looking forward to the opportunity to work with and the development of the dedicated team of employees at McLanahan, who exhibit a real passion for building a world-class product," said Slonaker.

Based out of McLanahan's corporate headquarters in Hollidaysburg, Pa., Slonaker has extensive manufacturing and engineering experience. He has previously served as the Vice President of Manufacturing for F.L. Smithe Machine Company and as Vice President of Engineering for Blair Companies. He holds a degree in mechanical engineering from Bucknell University.

McLanahan Corporation is an ISO 9001:2008 certified company that manufactures safer, simpler and smarter equipment to help producers do more than ever in today's tough marketplace. From primary crushing to water management, McLanahan custom engineers process solutions to help you be more efficient, more productive and more profitable. Headquartered in Hollidaysburg, Pa., USA, McLanahan Corporation has five additional U.S. locations, as well as offices in Asia, Australia and Europe.
