CURRICULUM VITAE

PERSONAL
Name: Zina Aliawi
Date of Birth: 4/11/52
Nationality: Iraqi with permanent residency in the UK

PROFESSIONAL MEMBERSHIPS
Elected Member of the Iraqi Engineering Union.

EDUCATION

1970-1975
University of Baghdad, Engineering College, Department of Architecture. Bachelor of Science Degree in Architecture.

1973 IRAQ-CONSULT, Baghdad (a major firm of Consultant Engineers). My work was on the presentation of drawings of a sports complex in the Gulf.

June'74-Oct'74
Full time training at L'Atelier d'Architecture et d'Amenagement, Paris. Task was the preparation of drawings and details of the Baghdad gymnasium designed by Le Corbusier.

PROFESSIONAL EXPERIENCE

Oct '75-Sept'78 Colin Buchanan & Partners, Architectural Assistant
Planning & a) Redevelopment of the old Suk T'Lata Transportation
Consultants, Tripoli
Architects, Redevelopment of the old market and its Economists & surroundings in the central area of Tripoli Engineers along the Mediterranean coast.
The project includes planning of houses, offices, shops, hotels and various recreational facilities on the coast. Generally working on presentation drawings and taking part in redeveloping the existing housing area.
b) Village Projects, Libya
Planning and design of three villages for the National Housing Corporation of Libya. Two desert villages and one coastal village, each having 1,000 dwellings. Design includes housing and community facilities such as government offices, police station, library, clinic workshop and schools.
Cost: £40 Million.
Working on preliminary designs for community facilities and production drawings of three schools, two primary schools and one preparatory school.

c) Government Office Complex, Tripoli
Design of low and high rise offices including exhibitions and conference halls for three Government offices and three private companies in the central area of Tripoli. Generally taking part in presentation drawings.

R Seifert & Partners
Chartered Architects
Planners
Interior Designers, Developers
Oct '78-July '80

Architectural Assistant to the Design Team.
The development of a strategic site with a panoramic view of Westminster and the city of London on the River Thames. The design mix of the development was prepared to balance between housing, offices, sports centre, hotel and public amenities comprising of riverside walks, restaurants and bars etc. Preparing feasibility studies for the project and design drawings.

b) Spitalfields Market
Redevelopment of Spitalfields Market where the existing fruit and vegetable market are transferred to a new site in a purpose-made building at Cubitt Town in the southern part of the Isle of Dogs. The existing site of the market and its adjacent areas is developed to provide offices, housing, shopping and recreational facilities. Working on preliminary designs for both the new and old market.
c) Shaftesbury Hotel
Investigation of the possibility of finding a suitable site for a hotel within the Covent Garden area. The site chosen is the existing Shaftesbury Avenue Hotel on the perimeter of Covent Garden. The scheme includes shops, housing and a 300 bedroom hotel with a central glazed atrium. Feasibility study and design of the hotel.

d) Swane Lane Development
Development of an office block on the River Thames, Cannon Street. The site at present has an N.C.P occupying a prime position in the city. Preparing various design proposals for a combination of office block and multi-storey car park.

e) New Old London Bridge
Proposal for a new London Bridge linking London Bridge Station with the City. The concept is based on the Old London Bridge having offices, housing, public amenities etc. Generally working on the master plan for the site, also detail design of one of the office blocks which will be the highest building in the world forming a landmark for Liverpool.

COMPETITIONS

a) EEC Headquarters, Belgium
Participating in the competition for EEC Headquarters in Belgium. Design and preparing presentation drawings.

b) Surrey Docks, London
Planning and developing the Surrey Docks on the Southern Embankment of River Thames. The design consists of housing, offices, shopping mall, sports centre, museum etc., with an emphasis on riverside activities such as boat clubs, marina, river rest, bars, pubs and parks. A monorail links the various parts of the development. Worked on design and presentation drawings.
c) Tahir Square Complex, Cairo, Egypt

Competition for the development of strategic site in Cairo. The proposal consists of a sophisticated office building air conditioned shopping complex, elegant apartments, recreation and sports facilities, restaurants, theatre, galleries and site car parking.

All the above functions are designed within one elegant building towering the skies of Cairo. Prepared the design and presentation drawings.

Self-Employed
July '80 - June '81

Worked in own Design business

DSO - Viturazi Ltd.
June '81 - Dec '81

Design and working drawings for an apartment block in Saudi Arabia.

Makiya Associates

Assistant Architect involved with several Design competitions.
Project Architect - Diwan Al Amiri
Interior Design.
Project Architect - Rashid University,
Baghdad.
