

HOSANNA IMPACT TRIPS

Kentucky Impact Trip

July 18-24, 2026

Dates may change depending on airfare

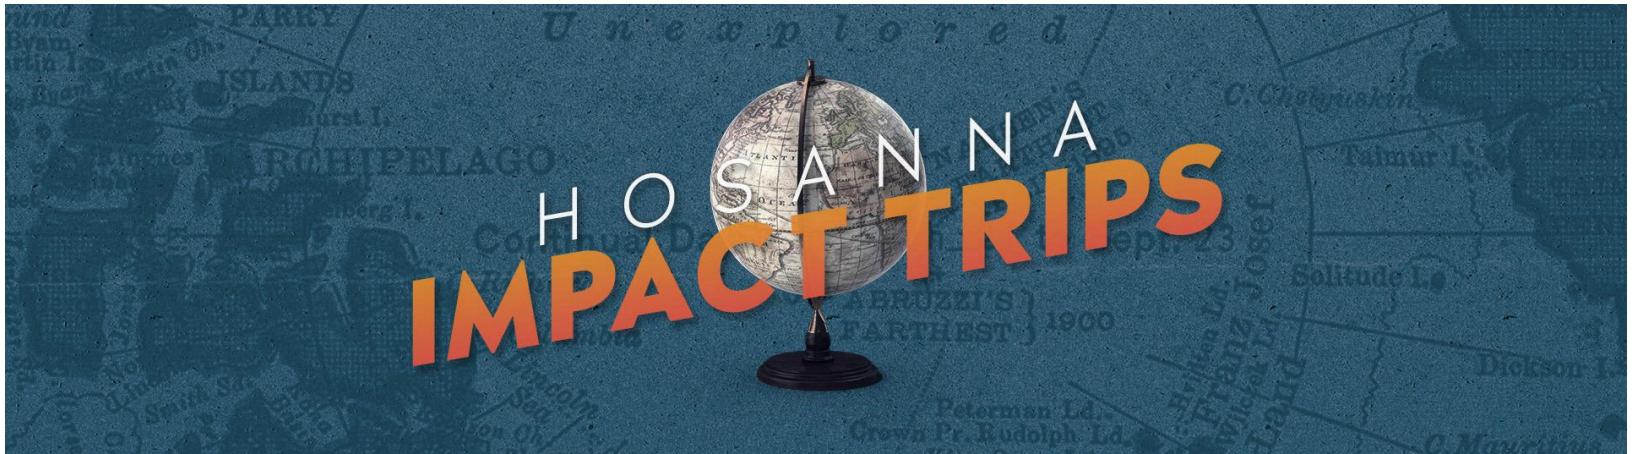

About

In partnership with [Praying Pelican Missions \(PPM\)](#), this Hosanna Impact Trip (for men and women ages 18+) will serve in the western Kentucky area, around Paducah, KY). PPM currently partners with churches in 22 countries, including more than a dozen U.S. cities, with a focus on connecting churches with one another locally, nationally, and globally to show and share the love of Jesus with people in need.

PPM will connect this team with local churches and ministries in western Kentucky to serve together through various activities such as house cleaning and remodeling, serving food to those in need, praying with locals, and assisting with yard work (often tree removal). Specific service locations and opportunities will be finalized by PPM as the trip approaches, based on the highest needs and the team's skills.

The team will fly from MSP to BNA, then drive a rental vehicle approximately 2-2.5 hours to the Paducah, KY, area.

All trip participants will consult medical professionals for their medical needs to participate on this trip (vaccinations, physical demands, medications, etc.). Trip Leaders will provide some general guidelines for consideration with medical professionals.
