The **2nd largest pediatric research centre** in Canada

Nearly **3,500 deliveries each year**, 60% of which are **high-risk pregnancies**

More than **10,000 operations on children every year**

## For the love of children

For the past 30+ years, donors' contributions to the Foundation have been instrumental in helping Sainte-Justine uphold a tradition of excellence and innovation. With the support of this dedicated community, children and families can access highly specialized medical services in a caring, compassionate environment.

## Your impact

Life has not been the same for anyone since March 2020. We are more aware than ever of the importance of good health and critical medical research. By giving to the CHU Sainte-Justine Foundation, donors like you will help ensure our hospital can continue to provide the highest standard of care to young patients, no matter the circumstances. You are empowering our professionals to keep looking for answers, regardless of how hard they may be to find. And you are bringing a deep sense of humanity to every human experience.

**Children may represent a mere 20% of the population in Quebec, but they're 100% of our future.**

## Responsible donation management

The CHU Sainte-Justine Foundation invests all donations with the utmost concern for ethics and transparency, and always aims to maximize the use of each dollar entrusted to it to better meet the priority needs of CHU Sainte-Justine.

## A life-giving legacy

A planned gift to the CHU Sainte-Justine Foundation is a meaningful and impactful way to give back to children and families across Quebec. There are a number of solutions available to you, at every giving level: you can leave a bequest in your will or donate a life insurance policy, an RRSP or publicly listed securities to the Foundation. Your generosity today will continue to do good for many years to come.
