The ArchiTrak™ Development Program

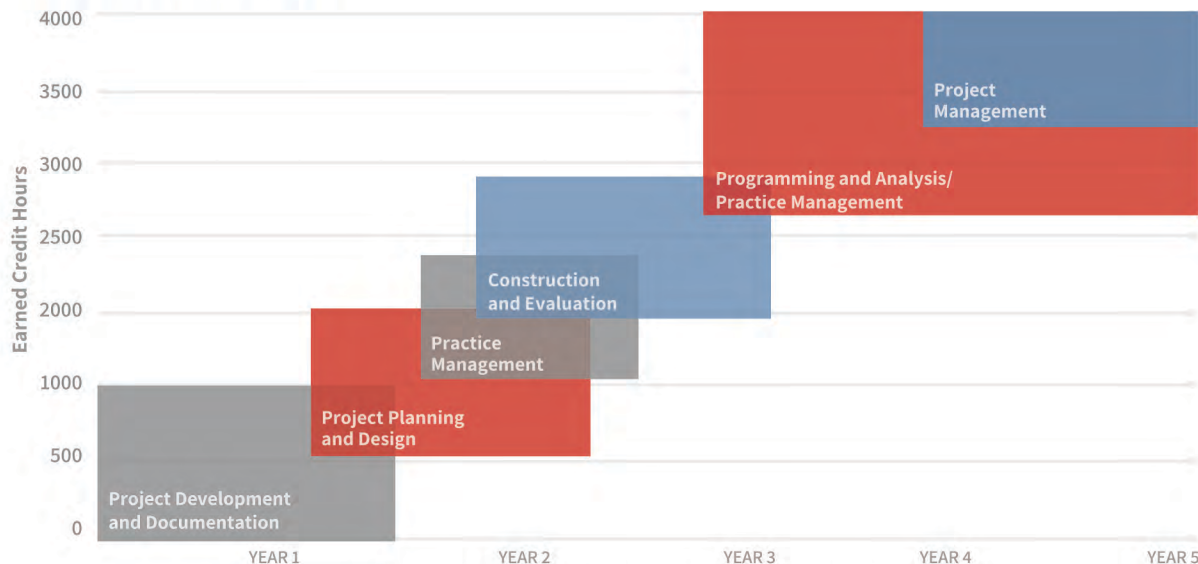

Earn Your Experience and Credits for the ARE®

The unique ArchiTrak™ Program is specifically designed for recent architecture graduates looking to fulfill the work experience requirements needed to become a licensed architect and earn NCARB certification.

Morton Buildings offers positions in a variety of functional disciplines where candidates can learn, practice, and build expertise through a series of rotations within the company that can include the following:

- Drafting
- Project Management
- Construction Estimating
- Sales Estimating
- Contract Review
- Engineering Plans Review
- Architecture Plans Review

A Sample Roadmap

Timeframe for program completion may vary based on assignments and candidate's preference.

How the Program Works

With a flexible timeline to complete the program, individuals typically progress through a wide range of design positions. Upon successful completion, candidates will be able to satisfy the Architectural Experience Program® (AXP™) requirements. These positions are based at the Morton Buildings headquarters in Morton, Illinois, but may involve placements at other locations on a temporary basis.
