RE: 4E 19N-4E-C 24291879 Class
Action, Bear Valley Station,
Denver, CO 80227

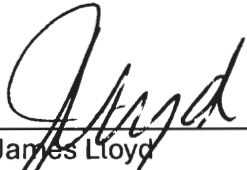

Dear Paul:

On July 23, 2024, you were informed the above-referenced case was referred for review of a possible interpretive issue in accordance with Article 15. The issue in this case involves whether the Postal Service violated the National Agreement when city letter carriers were instructed to use the MDD-TR to scan out and in on their assigned arrow keys.

The parties agree this issue is now moot based on recent article 19 changes to Handbook M-41 *City Delivery Carriers Duties and Responsibilities*, Section 261.2, Receipting for Accountable Items and Section 461, Keys. Therefore, this issue is closed.

Any other remaining issues or grievances held pending the outcome of this national case will be processed in accordance with Article 15 of the National Agreement.

Sincerely,

James Lloyd
Director
Contract Administration (NALC)
U.S. Postal Service
