

# GROUP GUIDED TOUR OPTIONS

A group guided tour enhances your group's appreciation and understanding during a visit to the NASCAR Hall of Fame. Working closely with our curatorial and collections team, our docents share the stories behind the artifacts. Many include first-hand accounts from Hall of Famers or their families, bringing our world-class museum to life.

## THE BASICS

---

- Length: 45 minutes to 1 hour
- Booking: Available any day of the week during our operating hours
- Notice: Four weeks preferred

Our group guided tour highlights three of our most popular exhibits:

**Great Hall** – A rotating exhibit commemorates or defining moment in the sport's history. This larger-than-life collection of artifacts and race cars is best experienced with the team that helped bring it to life.

**Glory Road** – Our signature exhibit featuring 18 iconic cars spanning more than 70 years of NASCAR history. Docents explore the exhibit's theme and connect each into one cohesive narrative.

**Hall of Honor** – The heart of the NASCAR Hall of Fame. Here, NASCAR's heroes and legends are permanently enshrined. Learn more about our unique induction process and the remarkable stories of the men, women and teams that moved the sport forward.

Guided Tours are included in our Group Guided Tour package as well as our Group Guided Tour and Simulator Package.
