The Utah Procurement Code provides that a procurement may be made without competition when there is only one source for the required supply or service. Therefore, a "sole source" procurement is justified if there is only one product or service that can reasonably meet the Jordan School District's need and there is only one vendor who can provide the product or service.

The Jordan School District has received a request to make the following sole source procurement.

Requesting School: Kauri Sue Hamilton School  
Product and/or service to be purchased: Audiology Equipment  
Proposed Sole Source Supplier: MSR West Inc

Sole Source Justification: Unaware of other competing products or other suppliers for the following: Astera Clinical Audiometer; VDS 1000 Pehratek wireless video VRA; #1739 9740 GSI-39 V4 Tymp, IPSI with audiometer on board; Verifit Audioscan Real Ear Hearing Aid Analyzer (Verefit); VA110 Speaker, External w/tripod VE; UEQUIP mini keyboard and memory stick compatible with Verifit H/A Analyzer; 8 49 73500 Madsen Noah 3 user license; STO-SP8A GNS 90db speaker; LPV 300 PEH wireless video VRA CTR box; 71900 Lithium Ion Handle for Video Otoscope ASM. The following must be installed and working as a turn-key-system.

If for any reason any party does not agree with the proposed sole source procurement, respond by "Due Date for Comments" indicated in the RFI.
