The Utah Procurement Code provides that a procurement may be made without competition when there is only one source for the required supply or service. Therefore, a "sole source" procurement is justified if there is only one product or service that can reasonably meet the state's need and there is only one vendor who can provide the product or service.

The Division of Purchasing has received a request to make the following sole source procurement.

Requesting Agency: Utah Attorney General's Office

Product and/or service to be purchased: Perform/Facilitate Netsmartz? Training regarding the sexual exploitation prevention program.

Proposed Sole Source Supplier:

Sole Source Justification: Overall coordination of this research project will be conducted by Boys & Girls Clubs of Utah, Inc in conjunction with a program entitled "Netsmartz?". Requirements to perform this program include authorized certification and 12 months out of the past 18 months experience in this program's operation. It also requires the ability to take the program to schools and other entities state wide.

If for any reason any party does not agree with the proposed sole source procurement, please email Adrian Ruger in the Utah Division of Purchasing at [aruger@utah.gov](mailto:aruger@utah.gov) prior to the "Due Date for Comments" indicated above.
